The First West India Regiment A.B. Ellis,2019-09-25 Reproduction of the original The First West India Regiment by A B Ellis *The History of the First West India Regiment* Alfred Burdon Ellis,2021-08-12 An elite regiment from the Caribbean This is an excellent regiment history of a British colonial force raised in the West Indies among the coloured population whose ancestors had in former times been brought against their will to the islands as slaves Essential for all those interested in the British Army and its colonial forces It saw service away from its familiar shores including the War of 1812 during the Napoleonic period and on the African continent in action against the Ashanti This fascinating book reveals the exploits of an unusual regiment undertaking exemplary service in unusual theatres of operation Lucia Dominica Barbados and many others islands Vincent St Its service continued through many actions in the Indies themselves including service on Martinique St The regiments has a long career dating to the middle of the eighteenth century and the War of American Independence However the fact remains this regiment has been highly regarded and received the warmest praise from every commander who served with them including the legendary Sir John Moore of Peninsular War fame who believed them to be invaluable This would be an understandable reason why such troops would not necessarily be of the highest order Available in soft cover or hard cover with dust jacket for collectors **Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue Code of 1986** ,1990 Bulletin ,1914 Operating Banking Offices ,1977 **Fort Wayne Directory** Anonymous,2025-07-20 Reprint of the original first published in 1874 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage **Annual Report** United States. Office of the Comptroller of the Currency,1975 Annual Report of the Comptroller of the Currency to the ... Session of the ... Congress of the United States United States. Office of the Comptroller of the Currency,1956 *The British herald, or Cabinet of armorial bearings of the nobility & gentry of Great Britain & Ireland* Thomas Robson (engraver.),1830 **A History of American Manufactures from 1608 to 1860...** John Leander Bishop,Edwin Troxell Freedley,Edward Young,1866 **Historic Towns of the Western States** Lyman Pierson Powell,1901-01-01 THE first two volumes of this series those devoted to the historic towns of New England and the Middle States dealt with communities each group of which has had for the most part a common origin has progressed along practically parallel lines and possesses characteristics closely akin The volume upon the towns of the South brought closely to view the cosmopolitan character of the population which has settled our continent to the South and Southwest of the Appalachian wall The stories of Baltimore Washington Richmond Charleston Savannah and St Augustine bring into view widely different origins experiences and interests along a single stretch of coast while Mobile and New Orleans Knoxville Nashville and Louisville Vicksburg and Little Rock are groups representing chapters in our history which appear to have but slight connection save in the view of those who have closely studied the mainsprings of American

development The present volume represents even a wider range of historical interest The attentive reader will however discover that although these towns of the far stretching trans Alleghany region have sprung from curiously divergent beginnings and are apparently incongruous in composition and in aims there really is and has been much in common among them In order to understand Western history one must first have knowledge of the details of the titanic struggle for settlement in North America made respectively by Spain France and England The early decline of Spanish power north of the Red and the Arkansas save for the later temporary holding of Louisiana the protracted tragedy which ended on the Plains of Abraham in the Fall of New France the Revolution of the English colonists and its portentous results the Louisiana Purchase of 1803 the Mexican War the episode of California the story of Texas with their consequent ousting of Spain from lands north of the Rio Grande and the Gila all these are factors bearing the closest relation to the history of the West and consequently of many of the historic towns whose stories have been grouped within these covers With these episodes of national rivalry and consequent diplomacy and war were intimately concerned the French fur trade outposts of Detroit Mackinac Vincennes and St Louis links in the fortified chain which bound Canada and Louisiana and by means of which it was sought to form a barrier against the Westward growth of the English colonies also the Spanish stations of San Francisco Monterey Los Angeles and Santa F which were at once political vantage points and mission seats for the spread of Spanish power and civilization from Mexico among the brown barbarians of the North St Louis experienced both French and Spanish r gimes while Mackinac Detroit and Vincennes were much affected by the period of English occupancy As settlement grew upon the Atlantic coast the English frontier was inevitably pushed farther and farther from tidewater The hunter followed his game westward so the forest trader seeking the ever receding camps of the aborigines and in due course the raiser of cattle horses and swine who needed fresh pastures for his herds as tillage steadily encroached upon the wild lands of the border At first timorously occupying the valleys and foothills of the eastern slopes hunter trader and grazier each in his turn cautiously followed buffalo traces and Indian war paths over the crest of the great range and hailed with glee waters descending into the mysterious West Not less formidable than the barriers reared by nature were those interposed by the savage who with dismay saw his hunting grounds fast dwindling under the sway of the land grabbing English and by the jealous machinations of the military agents and fur traders of New France who brooked no rivalry in their commercial exploitation of the forest
