Caesarea)**

The History Of The Church From Christ To Constantine:

The History of the Church from Christ to Constantine Eusebius, 1898-11-23 Eusebius's account is the only surviving historical record of the Church during its crucial first 300 years. Bishop Eusebius, a learned scholar who lived most of his life in Caesarea in Palestine, broke new ground in writing the History and provided a model for all later ecclesiastical historians. In tracing the history of the Church from the time of Christ to the Great Persecution at the beginning of the fourth century and ending with the conversion of the Emperor Constantine, his aim was to show the purity and continuity of the doctrinal tradition of Christianity and its struggle against persecutors and heretics.

Eusebius had access to the Theological Library of Caesarea and made use of many ecclesiastical monuments and documents, acts of the martyrs, letters, extracts from earlier Christian writings, lists of bishops, and similar sources, often quoting the originals at great length so that his work contains materials not elsewhere preserved. The History of the Church From Christ to Constantine is the first full length historical narrative written from a Christian point of view. Eusebius established the convention that would determine to a great extent the way history was written for the next thousand years. The time scheme of the narrative correlated the history with the reigns of the Roman Emperors and the scope was broad. Included were the bishops and other teachers of the Church, Christian relations with the Jews and those deemed heretical, and the Christian martyrs through 324 AD. This case laminate collector's edition includes a Victorian inspired dust jacket.
