*Materialities of Religion* Niall Finneran, Christina Welch, 2023-09-22 This book offers an overview of the material expressions of Caribbean religious expressions, including those that have been imported through the vehicle of colonialism and which subsequently changed and adapted within the Caribbean Islands, and those religious expressions which developed through the contact of African indigenous and imported world views. This book takes a multi-disciplinary perspective, drawing from subjects as diverse as archaeology, religious studies, history, human geography, and anthropology. It introduces current topical debates around the role of colonialism and religion in the Caribbean and also considers theoretical approaches to the study of Caribbean religions set within a wider global context. Richly illustrated and drawing upon a range of different cultural approaches, it offers new and challenging perspectives on the development and cultural history of Caribbean spiritual and religious expression through the lens of the material world. The book is for anyone interested in the Caribbean as a region and the role of religious behaviour in human society.
