The Forbidden Knowledge of Good and Evil Daniel F. Owsley, 2012-03-01 The Forbidden Knowledge of Good and Evil The Great News is all about the life of Christ during His trial and sufferings up to His death and resurrection as told through His disciple James and a host of other early Christians such as Isrealius Also read the words of Pontius Pilate and other eye witnesses such as the guard Manilus who recounted other dead saints coming back to life just as the Bible does say And many other people who wrote beautiful things about the Lord are also included herein such as James C Hefley who long ago wrote While still a young man the tide of popular opinion turned against Him He was turned over to His enemies He went through the mockery of a trial He was nailed to a Cross between two thieves His executioners gambled for the only piece of property He had on earth while He was dying and that was His coat When He was dead He was taken down and laid in a borrowed grave through the pity of a friend Such was His human life He rises from the dead Nineteen wide centuries have come and gone and today He is the Centerpiece of the human race and the Leader of the column of progress I am within the mark when I say that all the armies that ever marched and all the navies that ever were built and all the parliaments that ever sat and all the kings that ever reigned put together have not affected the life of man upon this earth as powerfully as has that One Solitary Life And to sum up this work it s simply about the death and victory of our Lion of Judea that s told from a prophetic fundamental viewpoint through many authors And as the gospel is unfolded it clearly spells out that there are only two kind of Christians And I m not talking about Catholic or Protestant For so it is that the only two kinds of followers are those who know that they re victorious no matter what and then there s the kind of believer that doesn t know that at all But it s very unfortunate that people in that group sadly settle for the mistaken belief that they ve been defeated somehow For they easily forget that Christ within them stands much taller than the devil who has already been long ago defeated at the cross But it doesn t need to be said that even though those confused true followers might walk daily in defeat they re still pretty big winners in our Lord God s sight due to their faith even though it might be the size of a mustard seed [Welcome To Your Nightmares: Your Guide to Finding The Meaning of Monsters, Demons, Snakes, Spiders and Just Plain Scary Dreams](#) Laura Suzanne, 2015-10-23 Dreaming is something that everyone experiences This book is your guide to understanding your dreams and what they mean It was inspired by Laura Suzanne s In Your Dreams column formerly featured in Las Vegas

Weekly newspaper in which she interpreted reader submitted dreams As there were well over 100 dreams in the collection the author chose to make it into three separate books This book the second of the three part series is all about your nightmares or dreams of monsters demons snakes spiders ghosts clowns and anything that you find scary Laura Suzanne has used real life dreams in her book to illustrate her points and provides detailed analysis of each dream You also will find exercises tips tricks and techniques to give personal meaning to your dreams and to decode the messages from your subconscious mind

Nature's Pharmacopeia Dan Choffnes,2016-08-09 This beautifully illustrated elegantly written textbook pairs the best research on the biochemical properties and physiological effects of medicinal plants with a fascinating history of their use throughout human civilization revealing the influence of nature s pharmacopeia on art war conquest and law By chronicling the ways in which humans have cultivated plant species extracted their active chemical ingredients and investigated their effects on the body over time Nature s Pharmacopeia also builds an unparalleled portrait of these special herbs as they transitioned from wild flora and botanical curiosities to commodities and potent drugs The book opens with an overview of the use of medicinal plants in the traditional practices and indigenous belief systems of people in the Americas Africa Asia and ancient Europe It then connects medicinal plants to the growth of scientific medicine in the West Subsequent chapters cover the regulation of drugs the use of powerful plant chemicals such as cocaine nicotine and caffeine in various medical settings and the application of biomedicine s intellectual frameworks to the manufacture of novel drugs from ancient treatments Geared toward nonspecialists this text fosters a deep appreciation of the complex chemistry and cultural resonance of herbal medicine while suggesting how we may further tap the vast repositories of the world s herbal knowledge to create new pharmaceuticals
