Six Durer Cards Albrecht Durer, 2002-01-23 From the great Renaissance artist Portrait of the Artist Holding an Erynganeum Self Portrait Portrait of a Young Venetian Woman The Virgin and Child Hare Wing of a Roller **Taking the Tarot to Heart** Mark McElroy, 2005 Waiting for Prince Charming may not be an effective strategy for finding love just as ignoring relationship problems isn't always the best solution Instead of letting chance rule romance Mark McElroy suggests using the Tarot to improve your love life No knowledge of the Tarot or belief in the supernatural is necessary Anyone can use Taking the Tarot to Heart to take charge of their romantic destiny For both singles and couples this book provides Tarot spreads and exercises to answer questions like How can I find my soulmate and How can I spice up my love life Emphasizing the practical not the mystical McElroy demonstrates how easy it is to find creative solutions to relationship issues without bleeding the mystery and meaning out of romance A Descriptive Catalogue of Playing and Other Cards in the British Museum British Museum, William Hughes Willshire, 1876 *Library Catalog of the Metropolitan Museum of Art, New York* Metropolitan Museum of Art (New York, N.Y.). Library, 1960 **A Catalog of Books Represented by Library of Congress Printed Cards Issued to July 31, 1942**, 1942 The Moment of Self-Portraiture in German Renaissance Art Joseph Leo Koerner, 1993 So foundational is this invention to modern aesthetics Koerner argues that interpreting it takes us to the limits of traditional art historical method Self portraiture becomes legible less through a history leading up to it or through a sum of contexts that occasion it than through its historical sight line to the present After a thorough examination of Durer's startlingly new self portraits the author turns to the work of Baldung Durer's most gifted pupil and demonstrates how the apprentice willfully disfigured Durer's vision Baldung replaced the master's self portraits with some of the most obscene and bizarre pictures in the history of art In images of nude witches animated cadavers and copulating horses Baldung portrays the debased self of the viewer as the true subject of art The Moment of Self Portraiture thus unfolds as passages from teacher to student artist to viewer reception all within a culture that at once deified and abhorred originality A Descriptive Catalogue of Playing and Other Cards in the British Museum. Accompanied by a Concise ... History of the Subject, Etc. By W. H. Willshire. [With a Preface by G. W. Reid.] British Museum. Department of Prints and Drawings, 1876

Painting on Light Barbara Butts, Lee Hendrix, 2001-03-01 The names Albrecht Dürer and Hans Holbein the Younger evoke the dazzling accomplishments of Renaissance panel painting and printmaking but they may not summon images of stained glass Nevertheless Dürer, Holbein and their southern German and Swiss contemporaries designed some of

the most splendid works in the history of the medium This lavish volume is a comprehensive survey of the contribution to stained glass made by these extraordinarily gifted draftsmen and the equally talented glass painters who rendered their compositions in glass Included are discussions of both monumental church windows and smaller scale stained glass panels made for cloisters civic buildings residences and private chapels The subjects of these rarely seen drawings and panels range from religious topics to secular themes including love planets hunts and battles Focusing on stained glass produced in Germany and Switzerland from about 1495 to 1530 *Painting on Light* includes drawings by D rer Holbein Albrecht Altdorfer Hans Baldung Grien J rg Breu the Elder Hans Burgkmair Urs Graf Hans von Kulmbach Hans Leu the Younger Niklaus Manuel Deutsch Hans Sch ufelein Hans Weiditz and others This informative book is published in conjunction with an exhibition at the Getty Museum from July 11 through September 24 2000 and from November 7 2000 to January 4 2001 at the Saint Louis Art Museum

Exhibition of the Works of Industry of All Nations, 1851, 1852 **The Character Sketch as Philosophy** Katie Ebner-Landy, 2025-10-21 An insightful exploration of the moral and political power of the character sketch in early modern Europe and the implications for our own relationship to this genre today In the fourth century BCE the philosopher Theophrastus a student of Aristotle composed thirty character sketches depicting ordinary Athenian vices idle chatter bad timing cowardice shamelessness and superstition among others Centuries later this enigmatic text known as the *Characters* was feverishly translated and imitated by early modern Europeans convinced of its moral and political importance Tracing this resurgence of the Theophrastan tradition Katie Ebner Landy sheds new light on the role of the character sketch as a philosophical tool Ebner Landy shows that the original *Characters* is best understood as a work of political philosophy designed to urge Athenians toward civic virtue It is this quality that made the text so resonant in early modern Europe where the character sketch again served as a means of encouraging ethical behavior and cultivating political knowledge During the English Civil War for example the character sketch was used to diagnose new political types such as the Roundhead and the Cavalier By the era of the Enlightenment however moral philosophy's long association with the character sketch began to break down A different approach to philosophy took hold one that spurned literary descriptions of manners mores and types and instead emphasized the principles underlying knowledge itself This shift in turn helped to drive a broader separation between literature and philosophy A revealing intellectual history *The Character Sketch as Philosophy* also encourages us to consider what literary description might contribute to ethics and political thought today and to think critically about the kinds of character sketches on which we still rely from the snob to the mansplainer
