The Field Day Anthology of Irish Writing Seamus Deane, Andrew Carpenter, Angela Bourke, Jonathan Williams, 1991

Israel/Palestine and the Politics of a Two-State Solution Thomas G. Mitchell, 2013-05-27 This is a dispassionate examination of the viability of a two state solution in the Israeli Palestinian conflict based on the politics of Israel Palestine and the United States It includes instructive case studies from South Africa in Namibia and the Irish claim to Northern Ireland The results of Israeli elections from 2001 to 2013 are analyzed with the conclusion that the Likud will be in any government coalition for at least the midterm future giving it a veto over policy A chapter examining the history and ideology of the secular right over the last 90 years follows There are three chapters of case studies the Likud withdrawal from the Sinai in 1979 1982 and from Gaza in 2005 the withdrawal of South Africa from Namibia in 1988 1989 and the dropping of Ireland's constitutional claim to Northern Ireland in 1998 under a Fianna Fail government the same party that wrote the constitution in 1937 A chapter examines Palestinian politics since the mandatory era and another the American Israeli alliance and American politics A concluding chapter draws lessons from the case studies and the analysis

Charlie Vs Garret Eoin O'Malley,2025-09-18 The two opposing political figures that shaped Irish life in the 1980s and beyond In the 1980s Irish politics was dominated by a fierce rivalry between Charles J Haughey and Dr Garret FitzGerald both leaders of their respective parties Fianna Fil and Fine Gael Between them they each led all Irish governments in that decade to say their two opposing personalities shaped Irish life during this era is an understatement Eoin O Malley has amassed an extraordinary body of research including in depth interviews with dozens of the most consequential public figures of the time every Taoiseach cabinet ministers TDs civil servants and advisers As political rivals with different approaches to public life and contrasting visions for Ireland each enshrined in quite different personalities the choice between Haughey and FitzGerald came to signify a great deal more than party loyalty or policy preference it felt like a choice between opposing worldviews And as O Malley s work finally makes clear through an accumulation of extraordinary insights including interviews with Haughey and FitzGerald themselves it was fed by a deep reservoir of personal insecurity and paranoia Each was deeply preoccupied obsessed even with the strengths appeal and threats of the other to the extent that this rivalry itself became one of the decisive factors in Irish life that shaped Ireland well after they had left power

Radical or Redundant? Liam Weeks, 2011-11-30 While the type of small political party in Ireland has varied their fate it seems has not Although some enjoy a brief time in the sun termination is the long term prospects for all minor parties The usual pattern is a speedy ascent an impact on the political system including a time in government followed by a prolonged termination This book examines this pattern of evolution for minor or small parties in Irish politics As the Irish state has changed so too have the types of parties that have emerged With the first time entry of the Greens into government in 2007 their wipeout in 2011 the termination of the Progressive Democrats in 2009 and the failure of a new party to emerge despite the on going financial crisis the time is ripe for this analysis

Negotiating a Settlement in Northern Ireland, 1969-2019 John Coakley, Jennifer Todd, 2020-01-09 Negotiating a Settlement in Northern Ireland From Sunningdale to St Andrews uses original material from witness seminars elite interviews and archive documents to explore the shape taken by the Irish peace process and in particular to analyse the

manner in which successful stages of this were negotiated Northern Ireland's Good Friday Agreement of 1998 marked the end a 30 year conflict that had witnessed more than 3 000 deaths thousands of injuries catastrophic societal damage and large scale economic dislocation This book traces the roots of the Agreement over the decades stretching back to the Sunningdale conference of 1973 and extending up to at least the St Andrews Agreement of 2006 It describes the changing relationship between parties to the conflict nationalist and unionist groups within Northern Ireland and the Irish and British governments and identifies three dimensions of significant change new ways of implementing the concept of sovereignty growing acceptance of power sharing and the steady emergence of substantial equality in the socio economic cultural and political domains As well as placing this in the context of an extensive social science literature the book innovates by looking at the manner in which those most closely involved understood the process in which they were engaged The authors reproduce testimonies from witness seminars and interviews involving central actors including former prime ministers ministers senior officials and political advisors They conclude that the outcome was shaped by a distinctive interaction between the conscious planning of these elites and changing demographic and political realities that themselves were in a symbiotic way consequences of decisions made in earlier years They also note the extent to which this settlement has come under pressure from new notions of sovereignty implicit in the Brexit process
