Lopes, 2014-12-17 The imperialist ambitions of China which invaded Tibet in the late 1940s have sparked the spectacular spread of Tibetan Buddhism worldwide and especially in western countries This work is a study on the malleability of a particular Buddhist tradition on its adaptability in new contexts The book analyses the nature of the Tibetan Buddhism in the Diaspora It examines how the re-signification of Tibetan Buddhist practices and organizational structures in the present refers back to the dismantlement of the Tibetan state headed by the Dalai Lama and the fragmentation of Tibetan Buddhist religious organizations in general It includes extensive multi-sited fieldwork conducted in the United States Brazil Europe and Asia and a detailed analysis of contemporary documents relating to the global spread of Tibetan Buddhism The author demonstrates that there is a de-institutionalized and de-territorialized project of political power and religious organization which among several other consequences engenders the gradual autonomization of lamas and lineages inside the religious field of Tibetan Buddhism Thus a spectre of these previous institutions continues to exist outside their original contexts and they are continually activated in ever new settings Using a combination of two different academic traditions namely the Brazilian anthropological tradition and the American Buddhist studies tradition it investigates the process of cultural re-signification of Tibetan Buddhism in the context of its Diaspora Thus it will be a valuable resource to students and scholars of Asian Religion Asian Studies and Buddhism *Buddhist Acts of Compassion* Pamela Bloom, 2000-11 My religion is compassion the Dalai Lama has said Indeed the vow to be of benefit to others lies at the heart

of Buddhist practice This book collects dozens of profound and moving stories of true compassion From the Buddhist monk who offered his body to starving animals to modern Western practitioners who use Buddhist principles for healing and social reform these stories inspire with their depth tenderness humor and occasional outrageousness Included are tales of the crazy wisdom kindness practiced by many masters in the Tibetan and Zen traditions as well as selections from the best loved Buddhist figures of today including Sogyal Rinpoche Sharon Salzberg Thich Nhat Hanh and the Dalai Lama Food of Sinful Demons Geoffrey Barstow, 2017-10-24 Tibetan Buddhism teaches compassion toward all beings a category that explicitly includes animals Slaughtering animals is morally problematic at best and at worst completely incompatible with a religious lifestyle Yet historically most Tibetans both monastic and lay have made meat a regular part of their diet In this study of the place of vegetarianism within Tibetan religiosity Geoffrey Barstow explores the tension between Buddhist ethics and Tibetan cultural norms to offer a novel perspective on the spiritual and social dimensions of meat eating Food of Sinful Demons shows the centrality of vegetarianism to the cultural history of Tibet through specific ways in which nonreligious norms and ideals shaped religious beliefs and practices Barstow offers a detailed analysis of the debates over meat eating and vegetarianism from the first references to such a diet in the tenth century through the Chinese invasion in the 1950s He discusses elements of Tibetan Buddhist thought including monastic vows the Buddhist call to compassion and tantric antinomianism that see meat eating as morally problematic He then looks beyond religious attitudes to examine the cultural economic and environmental factors that oppose the Buddhist critique of meat including Tibetan concepts of medicine and health food scarcity the display of wealth and idealized male gender roles Barstow argues that the issue of meat eating was influenced by a complex interplay of factors with religious perspectives largely supporting vegetarianism while practical concerns and secular ideals pulled in the other direction He concludes by addressing the surge in vegetarianism in contemporary Tibet in light of evolving notions of Tibetan identity and resistance against the central Chinese state The first book to discuss this complex issue Food of Sinful Demons is essential reading for scholars interested in Tibetan religion history and culture as well as global food history Women in Tibet Janet Gyatso, Hanna Havnevik, 2005 Collection of historical literary ethnographical essays about the history Women in traditional Tibet and present situation of women in Tibet Modern Tibetan Women offering data and reflection on certain topics like the lives of individual women Based on texts anthropological data literature newspaper articles fieldwork and oral history **Buddhist Goddesses of India** Miranda Shaw, 2015-08-25 The Indian Buddhist world abounds with goddesses voluptuous tree spirits maternal nurturers potent healers and protectors transcendent wisdom figures cosmic mothers of liberation and dancing female Buddhas Despite their importance in Buddhist thought and practice these female deities have received relatively little scholarly attention and no comprehensive study of the female pantheon has been available Buddhist Goddesses of India is the essential and definitive guide to divinities that as Miranda Shaw writes operate from transcendent planes of bliss and awareness for as long as their

presence may benefit living beings Beautifully illustrated the book chronicles the histories legends and artistic portrayals of nineteen goddesses and several related human figures and texts Drawing on a sweeping range of material from devotional poetry and meditation manuals to rituals and artistic images Shaw reveals the character powers and practice traditions of the female divinities Interpretations of intriguing traits such as body color stance hairstyle clothing jewelry hand gestures and handheld objects lend deep insight into the symbolism and roles of each goddess In addition to being a comprehensive reference this book traces the fascinating history of these goddesses as they evolved through the early Mahayana and Tantric movements in India and found a place in the pantheons of Tibet and Nepal Publisher s website **The Life of Jamgon**

**Dakini's Warm Breath** Judith Simmer-Brown, 2002-12-10 A fresh interpretation of the dakini a Tibetan Buddhist symbol of the feminine that will appeal to practitioners interested in goddess worship female spirituality and Tantric Buddhism The primary emblem of the feminine in Tibetan Buddhism is the dakini or sky dancer a semi wrathful spirit woman who manifests in visions dreams and meditation experiences Western scholars and interpreters of the dakini influenced by Jungian psychology and feminist goddess theology have shaped a contemporary critique of Tibetan Buddhism in which the dakini is seen as a psychological shadow a feminine savior or an objectified product of patriarchal fantasy According to Judith Simmer Brown who writes from the point of view of an experienced practitioner of Tibetan Buddhism such interpretations are inadequate In the spiritual journey of the meditator Simmer Brown demonstrates the dakini symbolizes levels of personal realization the sacredness of the body both female and male the profound meeting point of body and mind in meditation the visionary realm of ritual practice and the empty spacious qualities of mind itself When the meditator encounters the dakini living spiritual experience is activated in a nonconceptual manner by her direct gaze her radiant body and her compassionate revelation of reality Grounded in the author's personal encounter with the dakini this unique study will appeal to both male and female spiritual seekers interested in goddess worship women's spirituality and the tantric tradition      [Ancient Secret of the Fountain of Youth, Book 2](#) Peter Kelder, 2009-09-23 Finally the exciting and long awaited sequel to one of the biggest health and healing bestsellers of all time has arrived When Peter Kelder's *Ancient Secret of the Fountain of Youth* was

released by Harbor Press in 1985 it immediately touched off an incredible sales phenomenon rivaled only by *The Celestine Prophecy* and *Conversations with God*. In this book readers were introduced to the Tibetan Rites of Rejuvenation, a series of exercises developed over centuries in the monasteries of Tibet and credited by thousands for everything from increased energy to better memory, weight loss, and just looking and feeling younger. Almost as quickly as the books filtered across the globe, letters began to pour in to Harbor Press requesting more information on these mysterious rites. Now more than ten years and two million books later comes a comprehensive companion volume that addresses the unanswered questions of so many readers. Picking up where Kelder's book left off, *Ancient Secret of the Fountain of Youth Book 2* provides the complete Fountain of Youth health program with detailed information on a variety of topics discussed only fleetingly in the original bestseller: the history and origins of the Five Rites, valuable insights about how the Rites work, diet suggestions, and easy-to-follow exercises. Illustrated with fifty black and white photographs, this guide will help turn back the hands of time, invigorating and energizing readers' lives as never before.

[Natural Radiance](#) Lama Surya Das, 2010-10-29 One moment of total awareness is one moment of perfect enlightenment. This is the ultimate insight of Dzogchen or the Great Perfection, the pinnacle teaching of Tibetan Buddhism. With his previous bestselling books including *Awakening the Buddha Within*, American-born Tibetan Buddhist teacher Lama Surya Das has taught millions about the innate wakefulness and liberation that can be our natural ways of being. Now with *Natural Radiance* he offers his first complete daily practice program for the personal experience of the swift and direct path of Dzogchen. Dzogchen affirms that we are all Buddhas by nature, infinitely open, luminous, compassionate, wise, and free. This profound realization says the teachings cannot be understood intellectually or studied mentally, but it can be passed from teacher to student through the spoken word. With *Natural Radiance* you can now learn these time-honored practices as they have been shared for centuries through direct transmission from an accomplished master of the tradition. Join Lama Surya Das as your trusted guide to help you awaken to the sky-like nature of mind, what is known in Tibetan as *rigpa* or total and pure presence.
