history **Behind The Curtain 2** Marc Levitre,2012-06 In Behind the Curtain 2 author Marc LeVitre pulls back the curtain once again to reveal the Truth as seen in mainstream movies These films have been chosen because they have impacted LeVitre on a spiritual level He delves into such themes as coming of age dealing with the cruel world sports the despicable and Disney LeVitre also analyzes film that should have been in the first book but were not because they were then too complicated or were not on his radar and he adds to and or corrects comments made in the first book LeVitre in most cases ties films to Scripture However his Holy Spirit again has led him to explore areas of his life in a few instances The author had believed the first book would be the last for about a week Then God inundated him with what appears in this volume Since the beginning LeVitre a pastor s son has been looking for the moral of the story and by doing so has been entertained but more importantly has been enlightened LeVitre has been proud to call New Hampshire home since 1968 **Once Upon A Time** C L Evans,2016-07-30 Cinderella Beauty and the Beast Sleeping Beauty Little Red Riding Hood The Little Mermaid We know the stories we ve heard the tales over and over again But what are the origins to these fairy tales How did they come about This book will go back hundreds and thousands of years to learn where these fairy tales originated from and how they have become the tales we know and love today **The Mermaid Legends and the Maidens of the Sea - Book 2** James Whitmer,2023-05-09 The young reader will appreciate the wonderful world of mermaids sea creatures Sea wizards and sailors of the seven seas and how all these elements interrelate into an understanding of the life of mermaids the sea the sea creatures and the sailors with whom they are intertwined Public Speaking for Leaders Apoorva Bharadwaj,Pragyan Rath,2021-06-23 This book studies the art of public speaking as oration instead of just ornamentation It repositions public speaking as a fundamental business leadership act and a solution enabling and problem solving communication approach Drawing on in depth case studies it considers various situations that a managerial leader encounters and delivers speech solutions as strategic manoeuvres for attaining desired targets The volume Deals with public speaking exclusively from a business perspective Produces a workable manual of managerial public speaking that introduces the concept of oration as Or Action oratory that leads to desired action Presents a variegated analysis of speech texts from history politics fiction social media film industry platform content and business product presentations Customises speeches into unique speech clusters where readers can readily find the type of speech texts they require for their own specific content development The first of its kind this book will be a key text for entrepreneurs corporate managers academic practitioners and executives It will also be of interest to students and researchers of behavioural economics rhetoric strategy communication studies business communication fiction theory generation studies and virtual reality studies **Adaptation Theory and Criticism** Gordon E. Slethaug,2014-06-19 Traditional critics of film adaptation generally assumed a that the written text is better than the film adaptation because the plot is more intricate and the language richer when pictorial images do not intrude b that films are better when particularly faithful to the original c that authors do not make good script writers and should not sully their

imagination by writing film scripts and often that American films lack the complexity of authored texts because they are sourced out of Hollywood. The faithfulness view has by and large disappeared and intertextuality is now a generally received notion but the field still lacks studies with a postmodern methodology and lens. Exploring Hollywood feature films as well as small studio productions. **Adaptation Theory and Criticism** explores the intertextuality of a dozen films through a series of case studies introduced through discussions of postmodern methodology and practice. Providing the reader with informative background on theories of film adaptation as well as carefully articulated postmodern methodology and issues. Gordon Slethaug includes several case studies of major Hollywood productions and small studio films some of which have been discussed before: *Age of Innocence*, *Gangs of New York* and *Do the Right Thing* and some that have received lesser consideration: *Six Degrees of Separation*, *Smoke Signals*, *Broken Flowers* and various *Snow White* narratives including *Enchanted*, *Mirror Mirror* and *Snow White and the Huntsman*. Useful for both film and literary studies students. **Adaptation Theory and Criticism** cogently combines the existing scholarship and uses previous theories to engage readers to think about the current state of American literature and film.

Off with Their Heads! Maria Tatar, 1993-10-24 When fairy tales moved from workrooms, taverns and the fireside into the nursery they not only lost much of their irreverent earthy humor but were also deprived of their contestatory stance to official culture. Children's literature, Maria Tatar maintains, has always been more intent on producing docile minds than playful bodies. From its inception it has openly endorsed a productive discipline that condemns idleness and disobedience along with most forms of social resistance.

Shapers of American Childhood Kathy Merlock Jackson, Mark I. West, 2018-09-24 The experience of growing up in the U.S. is shaped by many forces. Relationships with parents and teachers are deeply personal and definitive. Social and economic contexts are broader and harder to quantify. Key individuals in public life have also had a marked impact on American childhood. These 18 new essays examine the influence of pivotal figures in the culture of 20th and 21st century childhood and child rearing from Benjamin Spock and Walt Disney to Ruth Handler (Barbie's inventor) and Ernest Thompson Seton (founder of the Boy Scouts of America).
