Russell's Logical Atomism David Bostock, 2012-04-19 David Bostock presents a detailed account and critical appraisal of the development of Bertrand Russell's philosophy from 1900 to 1924. He explores Russell's logical atomism which applies logic to problems in the theory of knowledge and metaphysics and was central to Russell's work over this period. **Four Meals For Fourpence** Grace Foakes, 2011-05-12 I was born in a tenement flat in the East End of London in the year in which Queen Victoria died. FOUR MEALS FOR FOURPENCE is Grace Foakes's memories of her girlhood in Wapping in the early 1900s. With a child's uncluttered eye she describes the small details: shopping in the market, men waiting for work at the dock gates, the rituals of washday, the sights, sounds and smells of the old East End of London. She also describes the fear of illness, of unemployment, of the workhouse that hung over her family and thousands like them, and her determination that her own children would never know the kind of poverty she had experienced. **Snow Country**, 1990-12 In the 87 issues of *Snow Country* published between 1988 and 1999, the reader can find the defining coverage of mountain resorts, ski technique and equipment, racing, cross-country, touring, and the growing sport of snowboarding during a period of radical change. The award-winning magazine of mountain sports and living tracks the environmental impact of ski area development and people moving to the mountains to work and live. **Transactions and Proceedings of the Japan Society, London** Japan Society of London, 1913 The Trial at Bar of Sir Roger C.D. Tichborne, Bart Arthur Orton, 1877 **The Complete Idiot's Guide to Camping and Hiking** Michael Mouland, 2000 You're no idiot, of course. You know how to make the bed, start the oven, even keep the squirrels out of the backyard bird feeder. But when it comes to pitching a tent, lighting a campfire, and warding off bears, you feel like Lucy and Ricky on their camping trip. Don't try to splain just yet. *The Complete Idiot's Guide to Camping and Hiking*, Second Edition, teaches you the simple skills you need to take the trauma out of camping. This updated edition can help you feel confident about choosing and using your equipment, even in the middle of winter. In this *Complete Idiot's Guide*, you get **Ski**, 1995-12 Correctional Boot Camps: Doris L. MacKenzie, Gaylene S. Armstrong, 2004-02-20 Boot camps have developed over the past two decades into a program that incorporates a military regimen to create a structured environment. While some critics of this method of corrections suggest that the confrontational nature of the program is antithetical to treatment, authors Doris Layton MacKenzie and Gaylene Styve Armstrong present research, knowledge, and personal discussions with community leaders that offer insight into both the strengths and weaknesses of this controversial form of corrections. *Correctional Boot Camps: Military Basic Training or a Model for Corrections* provides the most up-to-date assessment of the major perspectives and issues related to the current state of boot camps. The book goes beyond cursory examinations of the effectiveness of boot camps, presenting an in-depth view of a greater variety of issues. *Correctional Boot Camps* examines empirical evidence on boot camps drawn from diverse sources, including male, female, juvenile, and adult programs from across the nation. The book explores empirical research on both the punitive and

rehabilitative components of the boot camp model and the effectiveness of the tough on crime aspects of the programs that are often thought of as punishment or retribution in lieu of a longer sentence in a traditional facility Thus offenders earn their way back to the general public more quickly because they have paid their debt to society by being punished in a short term but strict boot camp

Correctional Boot Camps is a comprehensive textbook for undergraduate and graduate students studying corrections and juvenile justice The book is also a valuable resource for correctional professionals interacting with offenders
