Political Violence in America Lori Cox Han, Tomislav Han, 2022-03-29 This multivolume encyclopedia surveys America's long and troubled history of political violence from the colonial era to the present with a particular emphasis on factors driving political violence and intimidation in the United States in the 21st century Americans like to think of their nation as one grounded in high minded democratic ideals and peaceful transitions of power In reality though American politics has been heavily laced with expressions of violence and intimidation since the nation's very inception which saw a campaign of violent rebellion against British rule Since then

America has endured the deaths of four presidents from assassination a four year civil war racist attacks on civil rights activists and ordinary citizens deadly clashes between protesting citizens and law enforcement sustained campaigns of violence against marginalized populations seeking greater political or economic equality politically motivated mass shootings and on January 6 2021 the shocking spectacle of a politically motivated mob attack on the U S Capitol How and why did these events transpire What were the root causes What factors are driving political violence and intimidation in America today And are there changes that we could make to our country s political discourse that would reduce such outbreaks of bloodshed

This authoritative multivolume encyclopedia provides answers to all these questions and more **People of the City** Marshall Ryan Maresca,2020-10-27 The third and final novel in the Maradaine Elite series blends fast paced high fantasy and political intrigue bringing together the threads of the interconnected Maradaine novels Corruption and conspiracy have infected the city of Maradaine from the top levels of power to the very depths beneath the city Dayne Heldrin and Jerinne Fendall elite warriors of the Tarian Order have no idea how close they truly are to the center of the city s dark secrets But when they learn that children are going missing they know they must investigate further no matter the cost They are soon joined by others each with their own reasons for seeking the children Veranix Calbert the vigilante known as the Thorn thinks his enemies are responsible for the missing children Inspectors Minox Welling and Satrine Rainey fear the disappearing children are tied to corruption in the city Constabulary Asti and Verci Rynax hope to protect the kids from their streets one of whom barely escaped the kidnappers And a mysterious young cloistress seeks to lead each of them deeper down into the depths of enigmas beneath the city to the dark unholy cult known as the Brotherhood and the horrors that are growing within it The only hope Maradaine might have against the impending darkness is if these champions can work together to protect all the people of the city
