So The Witch Won't Eat Me:

"So the Witch Won't Eat Me" Dorothy Bloch, 1984 **So the Witch Won't Eat Me** Dorothy Bloch, 1977-07-07 In *So the Witch Won't Eat Me* Bloch draws on 25 years of psychoanalytic practice. Her book is both a summary of her experience as a therapist and a disclosure of what she has learned about the inner workings of the human mind. She believes that the fear of infanticide, which originates in our vulnerability as infants, is later compounded by the magical thinking that leads us as children to blame ourselves for any unhappy development in our environment and therefore to anticipate punishment. As she also demonstrates, psychoanalytic treatment can be very effective in resolving the resulting emotional problems.

The Family Inheritance: Parental Patterns in the Horoscope Juliet Sharman-Burke, 2024-11-29 The two seminars in this volume present the complex astrology of family dynamics in a clear, insightful, and sympathetic way. The stories of our family backgrounds portrayed in the birth horoscope are also images of our own development and destiny, illuminated by the ancient and ever-living characters of myth. Parents are both patterns and modes of perception, and Juliet Sharman-Burke's extensive experience as both a psychotherapist and an astrologer allows her to develop, with great clarity and empathy, the ways in which the past reveals itself in the present and the future and how we can best express our family inheritance in creative rather than destructive ways. Part One explores the planets as parental signifiers, each with its accompanying myths, while Part Two examines the myths of the zodiac signs as they are expressed through our perception of our parents. Students of astrology will appreciate the practical and accessible manner in which profound themes are related to everyday life, while experienced astrological practitioners can benefit from the many insights into the fundamental importance of the parental images in the horoscope.

Terrors of the Flesh David Huckvale, 2020-07-17 The horror and psychological denial of our mortality, along with the corruptibility of our flesh, are persistent themes in drama. Body horror films have intensified these themes in increasingly graphic terms. The aesthetic of body horror has its origins in the ideas of the Marquis de Sade and the existential philosophies of Arthur Schopenhauer and Friedrich Nietzsche, all of whom demonstrated that we have just cause to be anxious about our physical reality and its existence in the world. This book examines the relationship between these writers and the various manifestations of body horror in film. The most characteristic examples of this genre are those directed by David Cronenberg, but body horror as a whole includes many variations on the theme by other figures whose work is charted here through eight categories: copulation, generation, digestion, mutilation, infection, mutation, disintegration, and extinction.

Madness or Knowing the Unbearable Truth Tova Zaltz, 2018-11-01 *The Impossible Choice* offers readers a narrative of the relationship between a therapist and her patient who desperately wants to discover her past. With no memory and no way of knowing what was real, her long therapeutic journey was to last 26 years, half her lifetime. Her only reality was the life she lived in the presence of her therapist. The narrative unfolds to reveal a story of horrific events that must be hidden yet can no longer be kept secret. It sheds light on how chronic long-term traumatised within a closed family

circle can create madness in a vulnerable and lonely child and helps reader gain an understanding of the enigmatic phenomena of Dissociated Identity Disorder Having been terrorized into silence destroying her ability to use language in a house of secrets and lies the therapy reveals how this patient struggles to come out of her autistic like state in search of ways to find her past her self and her voice In this struggle the reader becomes an audience exposed to the birth of dissociative personae who come forth to tell her story As language slowly unfolds she begins to share a first hand account albeit in written form of the most complex psychological forces involved in a victim of incest who simultaneously loves hates and is terrorized by her lover father Through live vignettes it demonstrates how external violence can create inner violence that threatens to annihilate the soul leaving only a body to survive The book provides an original contribution to our understanding of the complex psychological forces involved in incest featuring the patient s own coherent written texts mediated by her therapist The former s remarkable insights represent essential reading for all readers involved in policy development for the protection of children at high risk of suffering abuse Traditional Storytelling Today Margaret Read MacDonald,2013-12-16 Traditional Storytelling Today explores the diversity of contemporary storytelling traditions and provides a forum for in depth discussion of interesting facets of contemporary storytelling Never before has such a wealth of information about storytelling traditions been gathered together Storytelling is alive and well throughout the world as the approximately 100 articles by more than 90 authors make clear Most of the essays average 2 000 words and discuss a typical storytelling event give a brief sample text and provide theory from the folklorist A comprehensive index is provided Bibliographies afford the reader easy access to additional resources The Shattered Self Richard B. Ulman,Doris Brothers,2013-05-13 Ulman and Brothers utilize a unique clinical research population of rape and incest victims and Vietnam combat veterans to argue that trauma results from real occurrences that have as their unconscious meaning the shattering of central organizing fantasies of self in relation to selfobject Their innovative treatment approach revolves around the transformation of these shattered fantasies in the intersubjective context of the transference countertransference neurosis
