case with every level of the professional and amateur game in all countries across the globe Although there is a correlation between scoring the most goals and winning leagues it does not seem to be quite as strong as having a watertight defense So we might conclude that while scoring goals thrills the crowd and helps a team to win to be a champion it is even more important that the defense is as strong as it can possibly be We hope that we have made our case Defense is key to a team s success But there is another important reason for this coaching book on a team s defensive unit We can coach attacking play set moves individual skills and so forth can all help a team to create and score chances However goals often result from a touch of magic The thirty yard screaming shot the piece of dribbling brilliance the through pass hit with precision and vision These are hard attributes to train Or they can result from an error by the opposition A mishit clearance a goal keeping mistake a positional defect or communication lapse Consistent training and coaching can make a bigger impact with defense than can be with offensive players Movement that becomes second nature knowledge technique experience and positional awareness allied to teamwork and communication these are the elements that come together to produce a defense hard to breach They are all factors which the coach can improve with their team through drills team and individual coaching It is true if not often said that attackers thrill the crowd while defenders win matches at whatever level we play the game from professional to Under ten teams playing on a Sunday morning And it is there with the match winning defense that a coach earns his salt

Coaching Soccer Tactics Phil Wymer,2004 *Soccer Technique for Winning* Derek Smethurst,2014-06

Former NASL star Derek Smethurst takes you step by step through the skills of soccer in a fun easy to read style Through clear diagrams photographs he covers the following topics Striking the mechanics of kicking Heading Controlling Turning Faking Dribbling Shielding Goalscoring Goalkeeping Tackling Defense This is an invaluable **The Soccer Advantage** Patrick Moran,2003-01-06 The Soccer Advantage is a valuable tool for soccer coaches of all levels and ages It contains sections on methodology technique tactics club development coach development player development the training environment and more In addition to these methodology sections it contains detailed outlines for over 20 practice sessions complete with illustrations coaching points and stage by stage progressions A must have for your coaching library *Soccer* Árpád Csanádi,1972 **Rondo Soccer Drills** Chest Dugger,2021-06-12 Have you wondered how Pep Guardiola s teams have dominated European leagues for the last two decades Not only is the answer simple it s something that you can use to take your game and your team s game leagues above your opposition The key to Pep s success at Barcelona and Manchester City is the Rondo Rondos have transformed modern football Not only have Rondos helped Pep dominate European football they ve helped turn the Spanish national team into the best in the world The system behind Rondos was the beating heart of the brilliant Barcelona teams which dominated Europe for a decade from 2005 They made soccer even more exciting to watch improving players technical ability and creating a proper total football in the European sense game Their approach was reminiscent of the fantastic Ajax team of the 1970s and the great Dutch teams of that era They led to the excitement of

the high press and the thrilling soccer which follows when the press is defeated They proved the benefit of technique over physical prowess So what is this miracle of the training pitch which has so transformed the game of soccer The beauty of the rondo is its simplicity It is a drill where the objective is to retain possession As rondo drills become more complex this aim might develop It might be about keeping possession in transition or maintaining possession to create a goal scoring opportunity However at its heart is the objective of one side keeping hold of the ball A second key element of a rondo is that the sides are uneven One team has extra players It can take a form as exaggerated as 10 v 1 or as close as 5 v 4 However the point is that some pressure is applied but not so much as to make the drill difficult to perfect Thus confidence grows and in turn touch and vision A rondo is usually a drill that takes place in a limited space typically a circle square or rectangular grid Thus first and second touches are perfected because there is not much time to take many touches Finally and crucially rondos are drills that are fast and fun They involve lots of touches for the players in possession and a real sense of achievement on the rare occasions that the smaller side actually wins back the ball So simple Yet so effective This coaching book celebrates the rondo and offers drills tactics and coaching techniques to help soccer players at any level from the unbounded enthusiasm of Under 6s to the worldly view of veteran teams From the pub side who turn out on a Sunday morning cooked breakfast weighing heavily on their hangover infused stomachs to the champion youth team of the region We can all improve as coaches and players The rondo is the system that enables progress to happen more quickly and efficiently than any other soccer coaching strategy Even if you haven't heard of Rondos before you'll gain a lot from this book Order Now

Coaching Soccer Luca Prestigiacomo, 2004-03 Match coaching is often overlooked in soccer coaching courses in favour of drills and training methods This book tackles the tough task of preparing for executing and analysing the match
