The Gun and Irish Politics Raita Merivirta,2009 In the 1990s Irish society was changing and becoming increasingly international due to the rise of the Celtic Tiger At the same time the ongoing peace process in Northern Ireland also fuelled debates on the definition of Irishness which in turn seemed to call for a critical examination of the birth of the Irish State as well as a rethinking and re assessment of the nationalist past Neil Jordan s Michael Collins 1996 the most commercially successful and talked about Irish film of the 1990s was a timely contributor to this process In providing a large scale representation of the 1916 1922 period Michael Collins became the subject of critical and popular controversy demonstrating that cinema could play a part in this cultural reimagining of Ireland Locating the film in both its historical and its cinematic context this book explores the depiction of events in Michael Collins and the film s participation in the process of reimagining Irishness through its public reception The portrayal of the key figures of Michael Collins and Eamon de Valera comes under special scrutiny as the author assesses this pivotal piece of Irish history on screen

**Subterranean Imaginaries and Groundwater Narratives** Deborah Wardle,2023-10-04 This book interrogates the problems of how and why largely unseen matter in this case groundwater has found limited expression in climate fiction It

explores key considerations for writing groundwater narratives in the Anthropocene The book investigates a unique selection of climate fiction alongside an exploration of hydrosocial environmental humanities through a focus on groundwater and groundwater narratives Providing eco critical analysis with creative fiction and non fiction excerpts interwoven throughout and drawing on Indigenous Australian and Australian settler novels and poems alongside European American and Japanese texts the book illuminates the processes of storying with subterranean waters their facts uncertainties potencies and vulnerabilities In a time when the water crisis in an Australian and worldwide context is escalating in response to global warming giving voice to the complexities of groundwater extraction and pollution is vital Drawing from non representational posthumanist and feminist perspectives the book provides an important contribution to transnational comparative climate fiction analysis enabling an interdisciplinary exchange between hydrogeological science and the eco humanities This book is an engaging read for scholars and students in creative writing environmental humanities cultural and post colonial studies Australian studies and eco critical literary studies Writers and thinkers addressing the problems of the Anthropocene are called to pay attention to the importance of subterranean imaginaries and groundwater narratives **Sociology and**

**Statistics in Britain, 1833-1979** Plamena Panayotova, 2020-09-28 At the beginning of the twentieth century Britain stood at the forefront of science and statistics and had a long and respected tradition of social investigation and reform But it still did not yet have a science of society When in the early 1900s a small band of enthusiasts got together to address this situation the scene was set for a grand synthesis No such synthesis ever took place and instead British sociology has followed a resolutely non statistical path Sociology and Statistics in Britain 1833 1979 investigates how this curious situation came about and attempts to explain it from an historical perspective It uncovers the prevalence of a deep and instinctive distrust within British sociology of the statistical methodology and mindset resulting in a mix of quiet indifference and active hostility which has persisted from its beginnings right up to the present day While British sociology has thrived institutionally since the post war expansion of higher education this book asks whether or not it is poorer for having failed to recognise that statistics provides the foundations for the scientific study of society and for having missed opportunities to build upon those foundations Ultimately this important revealing and timely book is about British sociology s refusal to come to grips with a modern scientific way of thinking which no discipline that aspires to an effective study of society can afford to ignore
