Social Citizenship For Whom:

Poverty, Riches and Social Citizenship Margaret Melrose, H. Dean, 2015-12-17 At a time when the gap between rich and poor has been increasing Poverty Riches and Social Citizenship provides an accessible introduction to current debates about inequality exclusion and the nature of citizenship while also presenting an innovative exploration of popular beliefs and values in Britain The authors develop a series of conceptual models by which to understand the competing traditions which have informed ideas about citizenship and the contradictory moral notions that currently inform popular expectations of the welfare state

Devolution and Social Citizenship in the UK Scott L. Greer, 2009-01-21 This timely book explores how changing territorial politics are impacting on social citizenship rights across the UK *Citizenship, Civil Society and Development* Tiina Kontinen, Henri Onodera, 2016-04-14 The book investigates the intersection of citizenship civil society and development in today's global world The multi disciplinary collection considers the notion of citizenship in connection with the neoliberal development agendas participation security discourses and legal environments The contributions analyse the development citizenship nexus grounded in empirical work in African Latin American European and global contexts The book opens exciting avenues to reflect on the notion of citizenship and explores the following pertinent questions Does citizenship matter for development research Do international development policy and practice promote certain normative registers for how people should make sense of their social relations and in particular how they relate to public authorities What are their responses Contributors from various academic backgrounds such as anthropology law and political science affirm the importance of citizenship for the study of contemporary development processes Chapters provide empirical analysis of the processes of water privatization in Ghana the promulgation of new NGO Law in Ethiopia environmental politics in former Yugoslavia and the global interconnections between the Arab Spring and the Occupy Wall Street movement The book is relevant for students and scholars of political science and development studies as well as development practitioners globally This book was published as a special issue of the Journal of Civil Society

A Handbook of Comparative Social Policy, Second Edition Patricia Kennett, 2013-01-01 This extensively revised edition of *A Handbook of Comparative Social Policy* provides up to date and valuable insights on key concepts and issues such as globalization crime diversity housing child poverty gender inequality and social policy regimes To write about these topics editor Patricia Kennett has gathered an excellent team of researchers who deal with both the developing and the advanced industrial world Students of comparative social policy would benefit from engaging with this illuminating Handbook Daniel Bland Johnson Shoyama Graduate School of Public Policy Canada The current context of social policy is one in which many of the old certainties of the past have been eroded The predominantly inward looking domestic preoccupation of social policy has made way for a more integrated international and outward approach to analysis which looks beyond the boundaries of the state It is in this context that this Handbook brings together the work of key commentators in the field of comparative analysis in order to provide

comprehensive coverage of contemporary debates and issues in cross national social policy research Organized around five themes this thoroughly revised and updated second edition explores the contextual conceptual analytical and processual aspects of undertaking comparative social research The contributions highlight specific areas of comparative social policy including child poverty and well being patterns of housing provision and housing inequalities and social protection in East Asia as well as crime and criminology in a global context The authors of the Handbook explore continuing and emerging themes as well as issues which are of particular relevance to understanding the contemporary social world International in scope this authoritative Handbook presents original cutting edge research from leading specialists and will become an indispensable source of reference for anyone interested in comparative and international social research It will also prove a valuable study aid for undergraduate and postgraduate students from a range of disciplines including social policy sociology politics urban studies and public policy

England's Citizenship Education Experiment Lee Jerome, 2012-12-06 A thorough exploration and analysis of England's citizenship education policy drawing together a variety of perspectives

The Oxford Handbook of the Welfare State Daniel Béland, Kimberly J. Morgan, Herbert Obinger, Christopher Pierson, 2021-10-27 This is the comprehensively revised second edition of a volume that was welcomed at its first appearance as the most authoritative survey and critique of the welfare state yet published Its fifty one chapters have been written by acknowledged experts in the field from across Europe Australia and North America Some chapters are brand new all have been systematically revised and they are right up to date The first seven sections of the book cover the themes of Ethics History Approaches Inputs and Actors Policies Policy Outcomes and Worlds of Welfare A final chapter is devoted to the future of welfare and well being under the imperatives of climate change Every chapter is written in a way that is both comprehensive and succinct introducing the novice reader to the essentials of what is going on while providing new insights for the more experienced researcher Wherever appropriate the handbook brings the very latest empirical evidence to bear It is a book that is thoroughly comparative in every way The Oxford Handbook of the Welfare State second edition is a comprehensible and comprehensive survey of everything that it is important to know about the welfare state in these troubled times It is an indispensable source for everyone who wants to know what is really going on now and what is likely to happen next

Race, Gender, and Citizenship in the African Diaspora Manoucheka Celeste, 2016-07-01 Winner of the National Communication Association's 2018 Diamond Anniversary Book Award With the exception of slave narratives there are few stories of black international migration in U S news and popular culture This book is interested in stratified immigrant experiences diverse black experiences and the intersection of black and immigrant identities Citizenship as it is commonly understood today in the public sphere is a legal issue yet scholars have done much to move beyond this popular view and situate citizenship in the context of economic social and political positioning The book shows that citizenship in all of its forms is often rhetorically representationally and legally negated by blackness and considers the ways that blackness and

representations of blackness impact one's ability to travel across national and social borders and become a citizen This book is a story of citizenship and the ways that race gender and class shape national belonging with Haiti Cuba and the United States as the primary sites of examination Citizenship in the 21st Century Lester T. Kane, Marylyn R. Poweller, 2008

Citizenship is membership in a political community and carries with it rights to political participation It is largely coterminous with nationality although it is possible to have a nationality without being a citizen and vice versa This book presents a line up of contributors offering in depth analyses of this issue Welfare Law Lucy A. Williams, 2020-11-25 This title was first published in 2001 Welfare law is a legal field integral to most jurisprudential formulations whether artificially designated as doctrinal theoretical or practical At its core legal discourse regarding welfare challenges the formulations traditionally viewed as pre legal the background rules of property tort and contract law In addition it affects a large percentage of the world's population highlights the social construction of identities and perhaps more than any other area of law graphically epitomizes the intersection of class race and gender distinctions However within both the legal academy and practice welfare law has been marginalized and viewed as a field that does not connect to any but a small sector of lawyers and legal clients Isolated as an arcane domain of either statutory and regulatory legal minutiae or jurisprudential insignificance welfare law has never realized its potential as a major hub for legal theoretical discourse The articles in this volume seek to expose the roots of the essentialized view of welfare law as nonessential and re establish its value and importance

Social Policy Review 34 Andy Jolly, Ruggero Cefalo, Marco Pomati, 2022-06-27 Experts review the leading social policy scholarship from the past year in this comprehensive volume Published in association with the Social Policy Association this volume addresses current issues and critical debates The Politics of Pleasure in Sexuality Education Louisa Allen, Mary Lou Rasmussen, Kathleen Quinlivan, 2013-12-17 Pleasure and desire have been important components of the vision for sexuality education for over 20 years This book argues that there has been a lack of scrutiny over the political motivations that underpin research supportive of pleasure and desire within comprehensive sexuality education In this volume key researchers in the field consider how discourses related to pleasure and desire have been taken up internationally They argue that sexuality education is clearly shaped by specific cultural and political contexts and examine how these contexts have shaped the development of pleasure's inclusion in such programs Via such discussions this volume incites a re configuration of thought regarding sexuality education's approach to pleasure and desire

Senior citizenship? Louise Ackers, Peter Dwyer, 2002-06-26 This book charts the development of mobility and welfare rights for those citizens exercising their right to move or return home on retirement under the Free Movement of Persons provisions and explores their experiences of international mobility It is set within the context of Citizenship of the Union Senior citizenship draws on substantial primary research material to combine detailed analysis of the framework of EU rights shaping social with in depth qualitative interviews involving retired migrants across six member states Greece Portugal Italy

the United Kingdom Sweden and Ireland describe and evaluate an innovative approach to comparative enquiry that combines biographical interviews with legal and qualitative analysis highlight the diverse nature of retirement migration encompassing the experiences of returning workers migrating retirees and post retirement returnees Topics are explored thematically in the context of comparative social policy raising important and topical issues around the future of social citizenship and the implications of the exercise of agency in an increasingly global and mobile world **What is Citizenship?** Derek

Heater,2013-05-29 Structured analytically the book introduces the reader to all the facets of citizenship *Collected Courses of the Academy of European Law 1995 Vol. VI - 1* Academy of European Law,1998-01-01 The Academy of European Law was established by the European University Institute in 1990 and extends the Institute s current programmes into a larger field of interest It has as its main activity the holding of annual Summer Courses in the law of the European Community and the protection of human rights in Europe In addition to General Courses shorter courses are held on subjects of special academic and practical interest in both fields Finally special guest lectures on topical issues are given by policy makers judges and persons who have held or currently hold the highest position in these fields The courses are published in the language in which they were delivered English and French **Communitarianism and Citizenship** Emilios A.

Christodoulidis,2016-12-05 This book is volume three in the series and is the edited proceedings of the 1997 ALSP conference The conference covered issues relating to Communitarianism and citizenship from socio legal philosophical and political perspectives The papers are a collection drawn from international authors covering a wide variety of subjects such as tolerance social citizenship and social rights in a global context **The Transformation of Citizenship, Volume 1**

Juergen Mackert,Bryan S. Turner,2017-03-16 The Transformation of Citizenship addresses the basic question of how we can make sense of citizenship in the twenty first century These volumes make a strong plea for a reorientation of the sociology of citizenship and address serious threats of an ongoing erosion of citizenship rights Arguing from different scientific perspectives rather than offering new conceptions of citizenship as supposedly more adequate models of rights membership and belonging they deal with both the ways citizenship is transformed and the ways it operates in the face of fundamentally transformed conditions This volume Political Economy discusses manifold consequences of a decades long enforcement of neo liberalism for the rights of citizens As neo liberalism not only means a new form of economic system it has to be conceived of as an entirely new form of global regional and national governance that radically transforms economic political and social relations in society Its consequences for citizenship as a social institution are no less than dramatic Against the background of both manifest and ideological processes the book looks at if citizenship has lost the basis it has rested upon for decades or if the institution itself is in a process of being fundamentally transformed and restructured thereby changing its meaning and the significance of citizens rights This book will appeal to academics working in the field of political theory political sociology and European studies *Ethics in Public Health Practice in India* Arima Mishra,Kalyani

Subbiah,2018-10-10 This edited volume draws on ten original contributions that locate ethics at the centre stage of public health practice The essays explicate ethical issues challenges deliberations and resolutions covering a broad canvas of public health practice including policies programmes research training and advocacy The contributors are academics and practitioners in varying roles and long standing engagement with public health in diverse settings within India Their expertise in disciplines range from anthropology sociology health communications gender studies economics epidemiology social work and medicine Their chapters deal with dimensions of ethical dilemmas that can rarely be defined and contained within ethical guidelines and protocols alone Instead they throw light on the associated factors value systems and contexts in which such complexities occur and require response or redressal This volume aims to articulate the growing awareness among practitioners that public health ethics is not merely an advanced grouping of possible problems and solutions It hopes to facilitate robust platforms for dialogue and debate on the subject through the lenses of these contributions The book is conceptualized to reach broader audiences such as public health practitioners and researchers in several roles within Government health systems NGOs Grass root organizations CSR initiatives advocacy groups as well as researchers in academic settings and facilitators involved in teaching ethics and imparting training for students and young practitioners of public health

Imagined Societies Willem Schinkel,2017-02-16 In many countries in Western Europe the demand for immigrant integration has inevitably raised questions about the societies into which immigrants are asked to integrate Imagined Societies critically intervenes in debates on immigrant integration and multiculturalism in Western Europe Schinkel argues that the term multiculturalism is not used primarily to describe a type of policy or political philosophy in countries such as the Netherlands France Germany or Belgium but rather as a rhetorical device that promotes demands for integration He analyses how such demands are ways of imagining the very idea of a host society as modern secular and enlightened Starting from debates in social theory on social imaginaries and drawing on public debates on citizenship secularism and sexuality and on the social science of measuring immigrant integration this book presents a highly original study of immigrant integration that challenges our understanding of the concept of society

Homelessness Patricia Kennett,Alex Marsh,1999-09-15 Analysis that links the phenomenon of homelessness to wider debates about the changing social and economic environment remains relatively underdeveloped This important book brings together contemporary debates and empirical research in order to explore the nature experience and impact of social change in the context of risks and uncertainties

Changing Cultures of Ageing and Spirituality Elizabeth MacKinlay,Ann Harrington,2023-09-12 This book addresses important issues of ageing and spirituality and reflects on the impact of culture on both constructs The papers are contemporary in that they include excerpts of cultural impact on spirituality from New Zealand Singapore India United Kingdom Australia and the United States This book marks almost 20 years of international conferences on ageing and spirituality that commenced in January 2000 It opens the conversation to all who were part of this journey of ageing

including older people practitioners in ageing and aged care researchers and those who reflect on the process of growing older Chapters feature diverse perspectives highlighting the need for inclusivity in conversations that surround ageing and recognize how development of cultures is influenced by the society where they emerge and by minority groups within larger society Chapters also note the occurrence of subcultures of ageing and aged care The conference was held shortly before the onset of the COVID 19 pandemic with the chapters being written often during times of lockdown Their content reflects the importance of spirituality in times of isolation and can show ways of reaching out to vulnerable older people of various faiths and cultures whatever their situations Changing Cultures of Ageing and Spirituality will be a key resource for academics researchers and advanced students of Theology Divinity and Religious Studies Gerontology Sociology Psychology Mental Health and Nursing The chapters included in this book were originally published as a special issue of Journal of Religion Spirituality Aging
