**Sydney** Marcia Cameron,2016-10-19 The Diocese of Sydney is admired hated loved and feared While often criticized as no longer Anglican it has at its heart an adherence to classic Anglicanism While to some it is a beacon in the darkness to others it is like a threatening bushfire It is very large very wealthy and very influential in other places Its opposition to ordaining women priests and in many parishes to women preaching mystifies and angers many Anglicans within and outside its boundaries What makes this diocese such a phenomenon The answer lies in its history in the men and women who shaped it in a particular view of the authority of the Bible and in the influence wielded by some powerful institutions that have prospered Its energy comes from the Scriptural mandate for mission to bring the outsider into the community of Christian people but not to leave it there To educate them in the knowledge of Christ in a variety of creative and imaginative ways This book also looks at what Sydney has done badly It may help readers to learn from its past achievements and its mistakes

Shaping the Church Martyn Percy,2016-04-01 This book seeks to dynamically alter the way that theologians ecclesiologists students of religion and ministers look at the church Taking the ideas of composition formation and vocation as basic ecclesial categories Martyn Percy explores how apparently innocent and incidental material is in fact highly significant for the shaping of theological and ecclesiological horizons The Introduction sets the tone with a meditation on how the apparently ordinary scent of a country church can be redolent with meaning setting the tone of expectation in relation to subsequent worship This book is not however simply about reading meanings into events ideas conversations and contexts Rather it sets out to faithfully interpret much of the material that surrounds us yet is often taken for granted or more usually unnoticed The book is an invitation to involve the scholar or minister paying close and patient attention to beliefs language artefacts rituals practices and other material all of which are constitutive for ecclesial life and theological identity The

Women Who Saved Catholic England Martyn R. Beardsley,2025-01-16 Much has been written about the historical persecution of Catholics Priests in particular became prime targets during the heightened tensions of the Armada and the Gunpowder Plot But those whom they relied on for shelter have received little attention until now The underground network of lay supporters the Catholic Resistance mostly comprised courageous women of the great and sometimes not so great families of England and their houses riddled with priest holes These women fought a cat and mouse game with spymasters like Walsingham and Cecil and their spider s web of clandestine informants knowing that one slip might lead to arrest torture and execution The indomitable Anne Vaux and her sister Eleanor provide the focus of this story but there were others including their niece Frances who as an 11 year old boldly confronted armed raiders in search of priests and Margaret Clitherow of York arrested during a similar search and ultimately pressed to death To escape the clutches of Elizabeth s brutal torturer Richard Topcliffe and others like him men like Father John Gerard whose zipwire escape from the Tower of London is the stuff of Tom Cruise films and genius priest hole creator Little John turned to these Sisters of Mercy
