All For The Candy

Suicide Bombers

Rohan Gunaratna, Khuram Iqbal

Suicide Bombers:

Women Suicide Bombers V. G. Julie Rajan, 2011-08-26 This book offers an evaluation of female suicide bombers through postcolonial Third World feminist and human rights framework drawing on case studies from conflicts in Palestine Sri Lanka and Chechnya among others *Women Suicide Bombers* explores why cultural media and political reports from various geographies present different information about and portraits of the same women suicide bombers The majority of Western media and sovereign states engaged in wars against groups deploying bombings tend to focus on women bombers abnormal mental conditions their physicality for example their painted fingernails or their beautiful eyes their sexualities and the various ways in which they have been victimized by their backward Third World cultures especially by Islam In contrast propaganda produced by rebel groups deploying women bombers cultures supporting those campaigns and governments of those nations at war with sovereign states and Western nations tend to project women bombers as mythical heroes in ways that supersedes the martyrdom operations of male bombers Many of the books published on this phenomenon have revealed interesting ways to read women bombers subjectivities but do not explore the phenomenon of women bombers both inside and outside of their militant activities or against the patriarchal Orientalist and Western feminist cultural and theoretical frameworks that label female bombers primarily as victims of backward cultures In contrast this book offers a corrective lens to the existing discourse and encourages a more balanced evaluation of women bombers in contemporary conflict This book will be of interest to students of terrorism gender studies and security studies in general

The Path to Paradise Anat Berko, 2007-04-30 Suicide bombers are often compared to smart bombs From the point of view of their dispatchers they are highly effective inexpensive forms of weaponry and there is no need to invest in their technological development Suicide bombers are in fact smarter than smart bombs because they can choose their own target and they can react to circumstances on the ground changing their target or their timing in an instant to ensure the maximum damage destruction and death Of course unlike smart bombs suicide bombers think and feel they have histories stories beliefs desires in short they have an inner world Exploring the inner world of suicide bombers has been the focus of Anat Berko's research for years She has worked to understand the thought processes of a people who can choose to place explosives on their bodies and kill themselves taking as many other people with them as they can Do male bombers really believe that death will transport them to a paradise where they will be greeted by virgins Are they victims of unbearable pressure to commit this act of terror What are female bombers promised in the hereafter Is there something that links all suicide bombers Berko also explores the world of those who drop the smart bomb the dispatchers who are these people who persuade others to go calmly to their horrific deaths

Understanding and Addressing Suicide Attacks David Cook, Olivia Allison, 2007-05-30 During the past several years Americans have witnessed the frequent occurrence of suicide attacks by radical Muslim groups The public has wondered what drives someone to kill himself specifically in order to wreak havoc and destruction While other works address

the subject many entirely ignore the ideological religious and cultural appeal of suicide attacks and none can adequately speak to why certain groups choose to use suicide as a weapon while others do not Beginning with a careful consideration of the religious and historical reasons and the justifications that perpetrators find therein for suicide operations the authors reveal how radical groups have co opted various aspects of their faith to provide fuel for their current activities Established policy makers seem helpless to confront this destructive terrorist activity often implying that countermeasures are ineffective and seeming to say we will just have to wait out the phenomenon Even such a well documented policy report as the 9 11 Commission s report failed to address the root of suicide attacks only critiquing technical aspects of the U S security system Focusing on specific attacks their roots their perpetrators and their outcomes the authors are able to shed light on this resurgence of radical religious forces that encourage the use of such tactics and to propose new initiatives and approaches to handling such attacks before and after they occur

Suicide Warfare Rosemarie Skaine,2013-01-09 This book provides up to date coverage of the policies strategies and effects of suicide in war examining this subject from societal and military perspectives to shed light on the justifications for using human beings as expendable weapons Suicide warfare has expanded over the years and become a global phenomenon In some parts of the world it has become rooted in the fabric of society Westerners often find it difficult to grasp why someone would be willing to sacrifice their life in order to take the lives of others Suicide Warfare Culture the Military and the Individual as a Weapon provides a thorough examination of the topic that enables readers to understand the justification for suicide warfare and better appreciate how the ideology of the individuals and organizations that resort to suicide warfare greatly complicates security issues in the 21st century The book covers the policies strategies and effects of suicide in war examining suicide warfare in its entirety from a theoretical standpoint and then applying those theories to the actual manifestations of and politico military responses to suicide warfare The author discusses specific organizations such as Al Qaeda and the Chechen rebels analyzing each within its societal context military justification individual motivation and outcomes and addresses principles of sociological and conflict theory to place suicide warfare in a clearer conceptual framework The book presents case studies that allow readers to better understand abstract theories and make distinctions between individual cases of suicide warfare

A Devil's Triangle Peter Brookes,2007-03-28 In a cold hard slap across the face of Americans Brookes warns that the terrorist threat has not subsided in the four years since 9 11 but in fact has escalated

The Time Paradox Philip Zimbardo,John Boyd,2008-08-05 From the New York Times bestselling author of The Lucifer Effect comes a breakthrough book that draws on thirty years of pioneering research to reveal for the first time how your individual time perspective shapes your life and is shaped by the world around you This is the first paradox of time Your attitudes toward time have a profound impact on your life and world yet you seldom recognize it Our goal is to help you reclaim yesterday enjoy today and master tomorrow with new ways of seeing and working with your past present and future Just as Howard Gardner s Multiple Intelligences permanently altered our understanding of

intelligence and Malcolm Gladwell's *Blink* gave us an appreciation for the adaptive unconscious Philip Zimbardo and John Boyd's new book changes the way we think about and experience time It will give you new insights into how family conflicts can be resolved by ways to enhance your sexuality and sensuality and mindsets for becoming more successful in business and happier in your life Based on the latest psychological research *The Time Paradox* is both a big think guide for living in the twenty first century and one of those rare self help books that really does have the power to improve lives **Terrorists and Suicide Attacks** Audrey Kurth Cronin,2009-12 Suicide attacks by terrorist organizations have become more prevalent globally and assessing the threat of suicide attacks against the U S and its interests at home and abroad has therefore gained in strategic importance This report focuses on the following questions What are suicide attacks What have been the patterns and motivations for terrorist organizations using suicide attacks in the past What terrorist groups and other organizations are most likely to launch such attacks How great a threat are terrorist suicide attacks to the U S at home and abroad How can the U S counter such a threat The report analyzes the key lessons of the international experience with suicide attacks and examines their relevance to the U S **Practical Aviation Security** Jeffrey Price,Jeffrey Forrest,2016-07-20 Practical Aviation Security Predicting and Preventing Future Threats Third Edition is a complete guide to the aviation security system from crucial historical events to the policies policymakers and major terrorist and criminal acts that have shaped the procedures in use today as well as the cutting edge technologies that are shaping the future This text equips readers working in airport security or other aviation management roles with the knowledge to implement effective security programs meet international guidelines and responsibly protect facilities or organizations of any size Using case studies and practical security measures now in use at airports worldwide readers learn the effective methods and the fundamental principles involved in designing and implementing a security system The aviation security system is comprehensive and requires continual focus and attention to stay a step ahead of the next attack Practical Aviation Security Third Edition helps prepare practitioners to enter the industry and helps seasoned professionals prepare for new threats and prevent new tragedies Covers commercial airport security general aviation and cargo operations threats threat detection and response systems as well as international security issues Lays out the security fundamentals that can ensure the future of global travel and commerce Applies real world aviation experience to the task of anticipating and deflecting threats Includes updated coverage of security related to spaceport and unmanned aerial systems focusing on IACO International Civil Aviation Organization security regulations and guidance Features additional and updated case studies and much more **Bombers, Bank Accounts, and Bleedout** Brian Fishman,2009-11 A report by the Combating Terrorism Center at West Point CTC which launched the Harmony Project in order to release and analyze documents from DoD's classified Harmony Database The Harmony Project unearths and releases documents that reveal the inner functioning of al Qa fida its associated movements and other security threats This report introduces new documents and new analysis to provide a better picture of al Qa fida in

Iraq's operations and its prospects for the future Illus Women as Terrorists R. Kim Cragin, Sara A. Daly, 2009-06-08 Two international policy analysts scrutinize the increasingly important operative and support roles women play in various terrorist organizations around the world Women as Terrorists Mothers Recruiters and Martyrs is the first post September 11 book to examine women's multifarious roles in terrorist organizations of all stripes around the world It covers political religious ethno separatist and Maoist groups in countries as diverse as Iraq Palestine Chechnya Sri Lanka Colombia South Africa the Philippines and Northern Ireland Modeling terrorist organizations as purposive organizations that depend for support recruitment and rationale on a culturally defined community of sympathizers the authors explore why women become involved in terrorist groups how terrorist leaders turn the societal attributes of women to advantage in designing terrorist campaigns and how women fight for the right to assume strategic and combat roles in terrorist groups The authors conclude with a review and projection of the rapidly evolving trends in the use of women in terrorist organizations paying particular attention to al Qaeda and its affiliated groups and considering the implications of their findings for counterterrorist strategies

Jihad in Brooklyn Samuel M. Katz, 2005-01-04 The true story of a potentially devastating terrorist plot in New York City and the heroes who risked their lives to prevent it On the morning of July 31 1997 two young Palestinian men living in Brooklyn New York were prepared to sacrifice themselves as martyrs to their bloody cause Their plan to board a subway filled with commuters wait until the train was traveling through the tunnel under the East River and then detonate a shrapnel covered explosive belt they had built in their tenement apartment The attack would have killed hundreds possibly even thousands while sending the city and the country into a state of panic This is the inspiring startling and frightening true story of how the NYPD learned of the impending attack and made a daring predawn raid on the terrorist hideout The gripping series of events began with an Egyptian immigrant who learning of the plan alerted the police Coordinating an assault with limited resources and manpower seven brave members of the NYPD moved in reaching the terrorists when they literally had their fingers on the trigger saving countless lives preventing a disaster that would have paralyzed New York City and alerting the nation that in today's world violence and terror could begin at home

From Freedom Fighters to Terrorists Paige Whaley Eager, 2016-04-15 Women have participated in political violence throughout history yet the concept of women as active proponents and perpetrators of political violence and terrorism is not widely accepted Viewed as being forced by partners sexually abused or brainwashed the possibility of political motives is not often considered Paige Whaley Eager addresses this to establish whether the stereotypical view is misplaced She utilizes a framework to analyze women engaged in political violence in different contexts in order to examine structural variables ideological goals of the organization and personal factors which contribute to involvement Case study rich this informative book provides an indispensable guide to examining women's role in left right wing engagement ethno nationalist separatist violence guerrilla movements and suicide bombers

Middle East Conflicts from Ancient Egypt to the 21st Century Spencer C. Tucker, 2019-08-27 With more than 1

100 cross referenced entries covering every aspect of conflict in the Middle East this definitive scholarly reference provides readers with a substantial foundation for understanding contemporary history in the most volatile region in the world This authoritative and comprehensive encyclopedia covers all the key wars insurgencies and battles that have occurred in the Middle East roughly between 3100 BCE and the early decades of the twenty first century It also discusses the evolution of military technology and the development and transformation of military tactics and strategy from the ancient world to the present In addition to the hundreds of entries on major conflicts military engagements and diplomatic developments the book also features entries on key military political and religious leaders Essays on the major empires and nations of the region are included as are overview essays on the major periods under consideration The book additionally covers such non military subjects as diplomacy national and international politics religion and sectarian conflict cultural phenomena genocide international peacekeeping missions social movements and the rise to prominence of international terrorism The reference entries are augmented by a carefully curated documents volume that offers primary sources on such diverse topics as the Greco Persian Wars the Crusades and the Arab Israeli Wars **Female Terrorism and Militancy** Cindy D.

Ness,2007-12-11 This edited volume provides a window on the many forces that structure and shape why women and girls participate in terrorism and militancy as well as on how states have come to view treat and strategize against them Females who carry out terrorist acts have historically been seen as mounting a challenge to the social order by violating conventional notions of gender and power and their participation in such acts has tended to be viewed as being either as a passive victim or a feminist warrior This volume seeks to move beyond these portrayals to examine some of the structuring conditions that play a part in a girl or woman s decision to commit violence Amidst the contextual factors informing her involvement the volume seeks also to explore the political agency of the female terrorist or militant Several of the articles are based on research where authors had direct contact with female terrorists or militants who committed acts of political violence or with witnesses to such acts Pakistan Rohan Gunaratna,Khurasam Iqbal,2012-01-01 As made abundantly clear in the classified

documents recently made public by WikiLeaks Pakistan is the keystone in the international fight against terrorism today After the US led coalition targeted terrorist groups operating in Afghanistan these groups including al Qaeda and the Taliban relocated to the Federally Administered Tribal Area of Pakistan From its base in this remote inhospitable region of Pakistan al Qaeda and its associated cells have planned prepared and executed numerous terrorist attacks around the world in addition to supporting and waging insurgencies in Iraq Afghanistan Yemen Somalia and elsewhere This book is the first detailed analysis of the myriad insurgent groups working in Pakistan Written by well known expert on global terrorism Rohan Gunaratna and Khurasam Iqbal a leading scholar in Pakistan the book examines and reviews the nature structure and agendas of the groups their links to activists in other countries such as India and Iran and the difficulties of defeating terrorism in this part of the world Drawing on extensive field research and interviews with government officials and former terrorists the

authors argue that Pakistan faces grave and continuing pressures from within and that without steadfast international goodwill and support the threats of extremism terrorism and insurgency will continue to grow This timely and necessary book argues that if the international community is to win the battle against ideological extremism and operational terrorism around the world then Pakistan should be in the vanguard of the fight

Negotiating Identities in Contemporary Africa Toyin Falola, Emmanuel M. Mbah, 2023-08-29 Negotiating Identities in Contemporary Africa Gender Religion and Ethno cultural Identities explores the changing dynamics of identities in Africa with a focus on gender ethno cultural and religious identity Toyin Falola and Emmanuel M Mbah argue that because identity defines who we are as individuals or groups studies on African identities must focus on understanding the changing dynamics in the socio economic and political spheres in the continent These chapters cover subjects such as women s career identity gender roles and knowledge childlessness ethnocentrism and democracy cultural identity through theater Black identity in the diaspora and diasporic consciousness Using existing scholarship the chapters in this edited volume challenge our understanding of what identity entails and provide new discussions on the hitherto politicized historiography of some identities in Africa

Managing Violent Religious Extremism in Fragile States Abosede Omowumi Babatunde, Mahfouz A. Adedimeji, Shittu Raji, Jacinta Mwendu Maweu, John Mwangi Githigaro, 2021-09-30 This book examines how African states can build the institutional capacity to better prevent manage and cope with the new security challenges posed by violent religious extremism Despite the evidence that violent religious extremism is exacerbated by underlying social political economic and governance factors many states have focused their efforts only on reactive and coercive response strategies overlooking more long term measures This comparative study of Nigeria and Kenya reflects on why insurgency in Kenya has not escalated to full blown terrorism as it has with Boko Haram in Nigeria in spite of the similarities in relatively weak institutions of governance and colonial legacies across the two countries The book interrogates the policy and institutional responses that have been put in place in both countries to address security challenges and the extent of their efficacy in light of the intricate networks of politics governance corruption poverty and violence and the relative fragility of state institutions The authors highlight the areas of convergence and divergence in institutional capacities and recommend policies to enhance the capacity of institutions to manage violent religious extremism This book will be of interest to scholars of African Politics Security Peace Studies and Terrorism

International Criminal Law M. Cherif Bassiouni, 2008 Volume 1 deals with international crimes It contains several significant contributions on the theoretical and doctrinal aspects of ICL which precede the five chapters addressing some of the major categories of international crimes The first two chapters address the sources and subjects of ICL and its substantive contents The other five chapters address Chapter 3 The Crime Against Peace and Aggression The Crime Against Peace and Aggression From its Origins to the ICC The Crime of Aggression and the International Criminal Court Chapter 4 War Crimes Crimes Against Humanity Penal Aspects of International Humanitarian Law Non International Armed Conflict
