Sullivan's Island:

A Tour of Historic Sullivan's Island Cindy Lee, 2010-03-03 From the very beginning Sullivan's Island has held a unique place in the history of South Carolina As a fortress it provided protection from enemies As a lazaretto it became a main corridor through which slaves entered America Its most enduring role however has been as a place of escape first for those in the nineteenth century avoiding the epidemics plaguing the city and lately for those in the twentieth and twenty first centuries looking for a relaxing vacation Join native Cindy Lee as she traces the island's singular past Calling on her experience as a guide to the city of Charleston she uses the buildings to illustrate the stories of the people who lived and worked on Sullivan's Island for over three centuries *Island in the Storm* Jamie W. Moore, Dorothy Perrin

Moore, 2006-08-16 *Island in the Storm* by local historians Jamie and Dorothy Moore documents in vivid detail the devastation loss and eventual rebuilding of this beloved island community On the night of September 21 1989 Hurricane Hugo slammed into the South Carolina coast at Sullivan's Island with winds exceeding 160 miles per hour The colossal force of the hurricane was punctuated by storm surges ranging from five to ten feet above sea level At approximately one minute after midnight Hugo's eye passed over the island and the charming community seaside community disappeared beneath the tumultuous sea for nearly an hour After Hugo left Sullivan's Island in its furious wake the first news broadcasts from the Charleston area reported that the island and neighboring Isle of Palms were completely destroyed The Ben Sawyer Bridge the only connection to the island at the time was knocked off its pedestal and rendered useless and so the hundreds of families who had evacuated the area could not return to their homes to see what if anything remained The recovery process started slowly and for many it would be a long arduous journey More than 15 years later Sullivan's Island's homes and businesses have been restored but the memory of Hugo's fury will not soon be forgotten **Long Island South** W. said This Island has the greatest assortment of styles and periods of architecture ever put together in one small area However an 1872 observer more accurately called the style of architecture multifarious He noted Everybody who builds follows his own ideas in most cases comfort is consulted and the resort is a varied collection of cottages and summer villas of every conceivable description
