Introduction to the Geopolitics of Conflict Nationalism and Reconciliation in Ireland provides readers with an analysis of geopolitical power relations and different spatial productions of conflict and peacebuilding in Ireland Offering deeper understanding of these historic and contemporary geopolitical intersections this book makes a valuable contribution to the fields of Political Geography Border Studies Irish Studies European Studies International Relations Cultural Geography and Regional Studies *Life after Tragedy* Michael W. Brierley, Georgia A. Byrne, 2018-01-01 Much has been written on the centenary of the First World War however no book has yet explored the tragedy of the conflict from a theological perspective This book fills that gap Taking their cue from the famous British army chaplain Geoffrey Studdert Kennedy seven central essays all by authors associated with the cathedral where Studdert Kennedy first preached to troops examine aspects of faith that featured in the war such as the notion of home poetry theological doctrine preaching social reform humanitarianism and remembrance Each essay applies its reflections to the life of faith today The essays thus represent a highly original contribution to the history of the First World War in general and the work of Studdert Kennedy in particular and they provide wider theological insight into how in the contemporary world life and tragedy God and suffering can be integrated The book will accordingly be of considerable interest to historians both of the war and of the church to communities commemorating the war and to all those who wrestle with current challenges to faith A foreword by Studdert Kennedy's grandson and an afterword by the bishop of Magdeburg in Germany render this a volume of remarkable depth and worth The Royal Engineers Journal , 1960

Conscription, US Intervention and the Transformation of Ireland 1914-1918 Emmanuel Destenay, 2022-03-10 This book analyses the relationship between the Irish home rule crisis the Easter Rising of 1916 and the conscription crisis of 1918 providing a broad and comparative study of war and revolution in Ireland at the beginning of the Twentieth Century Destenay skilfully looks at international and diplomatic perspectives as well as social and cultural history to demonstrate how American and British foreign and domestic policies either thwarted or fed directly or indirectly the Irish Revolution He readdresses and at times redresses the well established but somewhat inaccurate conclusion that Easter Week 1916 was the major factor in radicalizing nationalist Ireland This book provides a more nuanced and gradualist account of a transfer of allegiance how fears of conscription aroused the bitterness and mistrust of civilian populations from August 1914 onwards By re situating the Irish Revolution in a global history of empire and anti colonialism this book contributes new evidence and new concepts Destenay convincingly argues that the fears of conscription have been neglected by Irish historiography and this book offers a fresh appraisal of this important period of history **Chapel Street** Sheila Brady, 2017-11-20 Chapel Street was a row of old Georgian terraced lodging houses in Altrincham home to some 400 Irish English Welsh and Italian

lodgers From this tight knit community of just sixty houses 161 men volunteered for the First World War They fought in all the campaigns of the war with twenty nine men killed in action and twenty dying from injuries soon after the war more men were lost in action from Chapel Street than any other street in England As a result King George V called Chapel Street the Bravest Little Street in England The men that came home returned to a society unfamiliar with the processes of rehabilitation Fiercely proud they organised their own Roll of Honour which recorded all the names of those brave men who volunteered This book highlights their journeys through war and peace Royalties from the sale of this book will help support the vital work of the charity Walking With the Wounded and its housing health employment and training programmes for ex service personnel

An Equal Burden Jessica Meyer,2019-02-13 An Equal Burden is the first scholarly study of the Army Medical Services in the First World War to focus on the roles and experiences of the men of the Royal Army Medical Corps RAMC Though they were not professional medical caregivers they were called upon to provide urgent medical care and as non combatants were forbidden from carrying weapons Their role in the war effort was quite unique and warranting of further study Structured both chronologically and thematically An Equal Burden examines the work that RAMC rankers undertook and its importance to the running of the chain of medical evacuation It additionally explores the gendered status of these men within the medical military and cultural hierarchies of a society engaged in total war Through close readings of official documents personal papers and cultural representations Meyer argues that the ranks of the RAMC formed a space in which non commissioned servicemen through their many roles defined and redefined medical caregiving as men s work in wartime
