Summer In Vermont:

A Summer in Vermont Natalie Jordan, 2009 *Explorer's Guide Vermont* Christina Tree, Diane E. Foulds, 2009-06
Surveys the parks campgrounds inns motels restaurants stores sports cultural activities special events and historic villages in Vermont *The Farm & Wilderness Summer Camps* Emily K. Abel, Margaret K. Nelson, 2023-12-15 Although summer camps profoundly impact children they have received little attention from scholars The well known Farm Wilderness F W camps founded in 1939 by Ken and Susan Webb resembled most other private camps of the same period in many ways but F W also had some distinctive features Campers and staff took pride in the special ruggedness of the surrounding environment and delighted in the exceptional rigor of the camping trips and the work projects Importantly the Farm Wilderness camps were some of the first private camps to become racially integrated The Farm Wilderness Summer Camps Progressive Ideals in the Twentieth Century traces these camps both unique and emblematic of American youth culture of the twentieth century from their establishment in the late 1930s to the end of the twentieth century Emily K Abel and Margaret K Nelson explore how ideals considered progressive in the 1940s and 1950s had to be reconfigured by the camps to respond to shifts in culture and society as well as to new understandings of race and ethnicity social class gender and sexual identity To illustrate this change the authors draw on over forty interviews with former campers archival materials and their own memories This book tells a story of progressive ideals crises of leadership childhood challenges and social adaptation in the quintessential American summer camp **The Vermonter**, 1898 **Summer in Vermont** Rebecca Marsh, 1955 *Summer excursion routes* Pennsylvania railroad co, 1884 **Summer Excursion Routes**, 1881 Vermont Life, 1946 *Touring Vermont's Scenic Roads* Kenneth Aiken, 1993-01-01 Vermont is quintessential New England and a wonderful state to explore offering grand vistas lovely farms and villages historic sites and rolling mountains In addition you ll encounter minimal traffic plenty of scenic turnoffs and absolutely no billboards Here a native Vermonter guides us through the entire state from windswept peaks to lush farmlands from magnificent Lake Champlain to the Northeast Kingdom Fascinating histories and anecdotes accompany the precise road directions giving us a sense of the true character of Vermont Summer Resorts Reached by the Grand-Trunk-Railway and Its Connections Grand Trunk Railway Company of Canada, 1888 **The View from Vermont** Blake A. Harrison, 2006 With its small native population proximity to major metropolitan areas and bucolic rural beauty Vermont was fated to be a tourist mecca forever associated in the popular imagination with maple syrup fall colors and ski bunnies Tourism for good and ill has always been the decisive factor in the conception of rural Vermont What is surprising however is the degree to which we have accepted this notion of rural Vermont as a somehow timeless entity Blake Harrison s rich and rewarding study instead presents the construction of Vermont s landscape as a complex and ever changing dynamic informed by progressive modernist and reformist thought competing views of economic expansion rural and urban prejudice and social exclusion and more recently by land use planning and environmentalism This broad based study includes the early

history of Vermont tourism the concomitant abandonment of farms with the rise of the summer home the creation of an unspoiled Vermont from billboards at least the impact of Vermont's ski industry on tradition bound tourism and later efforts to legislate growth and protect an increasingly static ideal of a rural Vermont While grounded within a specific Vermont view Harrison has much to contribute to broader studies of rural places tourism and landscapes in American culture His analysis of how physical landscapes affect and are affected by our imagined landscape and the insight afforded by his juxtaposition of leisure and labor will deeply inform our understanding of rural tourist landscapes for years to come This is a truly interdisciplinary work that will satisfy and challenge historians and geographers alike **Faraway Summer** Johanna

Virgil a fifteen year old loner fears the voice he hears in his head will cause him to become a psychopath Just when it seems there is no escape from his other self he seizes the opportunity to work on a farm over summer vacation During those eight weeks he is confronted with two mysteries The first in partnership with a recluse gun toting hermit to uncover three murders resulting in a suicide Then along with a feisty teenage girl who is equally adept with butcher knife or shotgun to solve the mysterious disappearance of Virgil's co worker By summer's end Virgil has learned to take better advantage of the double think ability offered by his other self and that meaningful relationships beat being a loner **Summer in Vermont** Susan Angebrannt,2012 **Summer Excursions**
