Ellen to the immaculate Alnombak Golf and Tennis Club or joining her for an evening of cocktails and conversation at a neighbor's mansion overlooking the anchored yachts of Albans Bay But not everyone in the community is welcoming or even civil to someone they regard as an interloper So Nathan finds solace in the companionship of a philosophical ex punk Episcopalian pastor and the alluring nanny of the pastor's children a feisty dark eyed beauty named Leah Nathan invites Leah for walks and late night picnics on the beach yet as his relationship with her deepens he finds it difficult to ignore his employer's unexpectedly unnerving behavior With each escalating mishap a new aspect of Ellen's colorful past comes to light exposing the secret lives of her old friends flames and enemies as well as the story behind a scandalous incident Nathan must prevent her from repeating however inept his efforts may be In this big hearted immensely satisfying debut novel Nathan must contend with competitors for Leah's affection and with an increasing suspicion that Ellen needs more help than he can provide But sounding the alarm over Ellen's condition would mean leaving her beachside home his summer job and the romance that may well change his life

Tewa Worlds Samuel Duwe, 2020-05-05 Tewa Worlds tells a history of eight centuries of the Tewa people set among their ancestral homeland in northern New Mexico Bounded by four sacred peaks and bisected by the Rio Grande this is where the Tewa after centuries of living across a vast territory reunited and forged a unique type of village life It later became an epicenter of colonialism for within its boundaries are both the ruins of the first Spanish colonial capital and the birthplace of the atomic bomb Yet through this dramatic change the Tewa have endured and today maintain deep connections with their villages and

a landscape imbued with memory and meaning Anthropologists have long trekked through Tewa country but the literature remains deeply fractured among the present and the past nuanced ethnographic description and a growing body of archaeological research Samuel Duwe bridges this divide by drawing from contemporary Pueblo philosophical and historical discourse to view the long arc of Tewa history as a continuous journey The result is a unique history that gives weight to the deep past colonial encounters and modern challenges with the understanding that the same concepts of continuity and change have guided the people in the past and present and will continue to do so in the future Focusing on a decade of fieldwork in the northern portion of the Tewa world the Rio Chama Valley Duwe explores how incorporating Pueblo concepts of time and space in archaeological interpretation critically reframes ideas of origins ethnogenesis and abandonment It also allows archaeologists to appreciate something that the Tewa have always known that there are strong and deep ties that extend beyond modern reservation boundaries

American Fiction, American Myth Philip Young, David Morrell, Sandra Spanier, 2010-11 Few experts in American literature have written as insightfully and brilliantly as did Philip Young renowned Hemingway critic and scholar at large His unique work bursts with a joy in the humanities with a sensibility a humor and a style that communicate to academics and general readers alike Although Young died in 1991 he survives in his remarkable prose *American Fiction American Myth* features nineteen groundbreaking essays in which Young masterfully reveals the so what that he insisted all literary studies ought to have In the first section he demonstrates his fascination with such American myths as Pocahontas and Rip Van Winkle reaching powerful conclusions about America and its people In the second section he becomes Our Hemingway Man explaining his germinal and still provocative theory that Hemingway s severe wounding in World War I so traumatized the novelist that his fiction was to a great degree unwitting self psychoanalysis Young s book on Hemingway was the first of its kind but Young was more than a one author critic as his

essays demonstrate in the third section exploring such diverse topics as Hawthorne's secret love the Lost Generation that was never lost F Scott Fitzgerald's debt to T S Eliot and the relationship between American fiction and American life What Hemingway once said about himself can be equally applied to Young I am a very serious but not a solemn writer The reader comes away from these essays dazzled by the power of Young's observations and the grace with which he expresses them

Captive Orbits Willa Dawn Cotton, 2010-06 Identical twins Ginny and Noelle Cates are thrilled to be touring the magnificent Mandrake Hall mansion on their visit to Newport Rhode Island But when they get locked inside overnight with the ghosts of the past things are not so thrilling Ginny and Noelle awaken to find themselves in a strange new world full of people who believe them to be someone else Is it a case of mistaken identity or is there something more sinister going on As the girls struggle to understand what is really happening in the mysterious mansion in which they are trapped with nowhere to run Ginny and Noelle must confront the inhabitants of this strange new world in their efforts to find their way home and to learn that sometimes you have to lose yourself in the most unexpected places in order to truly find yourself Captive Orbits is a story of loneliness and loss and the search to find happiness again after tragedy It explores the bond between sisters and the love that binds family even across time space and generations

Herr, 2018-04-02 Life beyond the Boundaries explores identity formation on the edges of the ancient Southwest Focusing on some of the more poorly understood regions including the Jornada Mogollon the Gallina and the Pimer a Alta the authors use methods drawn from material culture science anthropology and history to investigate themes related to the construction of social identity along the perimeters of the American Southwest Through an archaeological lens the volume examines the social experiences of people who lived in edge regions Through mobility and the development of extensive social networks

people living in these areas were introduced to the ideas and practices of other cultural groups As their spatial distances from core areas increased the degree to which they participated in the economic social political and ritual practices of ancestral core areas increasingly varied As a result the social identities of people living in edge zones were often though not always fluid and situational Drawing on an increase of available information and bringing new attention to understudied areas the book will be of interest to scholars of Southwestern archaeology and other researchers interested in the archaeology of low populated and decentralized regions and identity formation Life beyond the Boundaries considers the various roles that edge regions played in local and regional trajectories of the prehistoric and protohistoric Southwest and how place influenced the development of social identity Contributors Lewis Borck Dale S Brenneman Jeffery J Clark Severin Fowles Patricia A Gilman Lauren E Jelinek Myles R Miller Barbara J Mills Matthew A Peeples Kellam Throgmorton James T Watson **A Good Boat Speaks for Itself** Timothy Cochrane,2002
