The Life And Image Of Women Has Changed Immensely The Early Woman Was Intensely Occupied From Dawn To Dusk In Keeping The Tribe Alive Today Too She Is Immensely Occupied But Her Suffering Has Not Changed Margaret Drabble A Contemporary Living Author Residing In London Has Written Many Novels Portraying The Suffering Of Women Her Heroines Are Occupied With The Difficulties Of Fulfilment And Self Definition In A Man S World The Conflicting Claims Of Self Hood Wife Hood And Mother Hood The Present Book Concentrates Mainly On Those Novels Of Margaret Drabble Which Are About Feminine Experience

The Suppressed Sister Amy K. Levin, 1992

Contentious behavior among biological sisters frequently contradicts ideals of sisterhood in novels by women Additionally feminist criticism focusing on almost every imaginable relationship involving women has all but ignored sisters Amy K Levin s *The Suppressed Sister* studies these circumstances their causes and consequences How and why is the sister bond suppressed in favor of sisterhood Answers to this question may be found in female psychology social expectations and patriarchal myths and stories The tales of Cinderella and Psyche are paradigmatic providing models of female competition and inscribing a conclusion that replaces sisterly closeness with heterosexual romance Jane Austen s sister plot is based on these models Her characters divide into pairs and adopt complementary personalities but polarization does not erase competition instead marriage erects social and economic barriers which enforce role divisions In *Wives and Daughters* Cranford and *The Life of Charlotte Bronte* Elizabeth Gaskell shows the danger of too close an attachment to the paternal home She too emphasizes differences revealing how they ultimately lead siblings to seek a sisterhood outside the family In *Mill on the Floss* *Middlemarch* and *Daniel Deronda* George Eliot paints increasingly negative portraits of sisters indicating that female siblings create differences where few or none exist These denials of similarity heighten the heroines isolation Twentieth century novelists including Barbara Pym Elizabeth Jane Howard and Margaret Drabble revise their predecessors texts drafting a plot after the father s They reject rules governing female behavior and question the expectation that women must get along with one another Finally Emma Tennant s *Bad Sister* together with several recent American novels abandons the conventions of the realistic novel challenging the very concept of character Tennant undermines all distinctions including those that treat sisters as separate individuals and those that classify certain behaviors as good or bad These novels show a progression that has been ignored or suppressed by feminist critics many of whom long for an idyll of sisterhood inherited from nineteenth century portraits of the angel in the house In denying anger or antagonism women cut off a part of themselves just as Cinderella s stepsisters amputate their toes to fit in her brittle glass slipper Levin s book questions the rationale behind such self destruction

American writer Anna Julia Cooper assure us that there is ample room for the development of philosophy in literary works but as yet there has been no single unifying attempt to trace such projects among a variety of women novelists This book articulates philosophical concerns in the work of five well known twentieth century women writers including writers of color Duran traces the development of philosophical themes ontological ethical and feminist in the writings of Margaret Drabble Virginia Woolf Simone de Beauvoir Toni Cade Bambara and Elena Poniatowska presenting both a general overview of the author s work with an emphasis on traditional philosophical questions and a detailed feminist reading of the work **The Practical Vision** Flora Roy,1978-07-04 The Practical Vision Essays in English Literature in Honour of Flora Roy contains essays offered as a tribute on the occasion of Dr Flora Roy s retirement as a Canadian university teacher of English These essays reflect the literary interests and administrative activities of Dr Roy and demonstrate the relationship between literature and the perennial human urge to achieve understanding and control of both the subjective and objective worlds
