*The Democrats* Robert Rutland, 1995-10 Interlacing humor into his ongoing narrative Robert Allen Rutland provides in *The Democrats* a readable balanced account of how the Democratic party was founded evolved nearly died and came back in the twentieth century flourishing as a political melting pot despite numerous setbacks This updated version of Rutland s much heralded *The Democrats From Jefferson to Carter* provides new insight into the long hiatus in the Democrats presence in the White House between Carter and Clinton In addition to analyzing Carter s successes and failures as president Rutland also examines the forces that went into the Democratic defeats and Republican victories in 1980 1984 and 1988 concluding with the election of another Jeffersonian Democrat William Jefferson Clinton The book ends with an examination of the dramatic results of the 1994 congressional elections that began to alert President Clinton to the challenge he would face in winning reelection in 1996

*Soviet Art House* Catriona Kelly, 2021 Its unique ability to sway the masses has led many observers to consider cinema the artform with the greatest political force The images it produces can bolster leaders or contribute to their undoing Soviet filmmakers often had to face great obstacles as they struggled to make art in an authoritarian society that put them not only under ideological pressure but also imposed rigid economic constraints on the industry But while the Brezhnev era of Soviet filmmaking is often depicted as a period of great repression *Soviet Art House* reveals that the films made at the prestigious Lenfilm studio in this period were far more imaginative than is usually suspected In this pioneering study of a Soviet film studio author

Catriona Kelly delves into previously unpublished archival documents and interviews memoirs and the films themselves to illuminate the ideological economic and aesthetic dimensions of filmmaking in the Brezhnev era She argues that especially the young filmmakers who joined the studio after its restructuring in 1961 revitalized its output and helped establish Leningrad as a leading center of oppositional art This unique insight into Soviet film production shows not only the inner workings of Soviet institutions before the system collapsed but also traces how filmmakers tirelessly dodged and negotiated contradictory demands to create sophisticated and highly original movies
