Leaders are summoned.

They are called into existence

Sex180 Chip Ingram, Tim Walker, 2005-10-01 Young adults are fed up with our sex saturated culture They realize that there s more to sex than what the media feeds them and they realize that there s more to responsibility that just wait until you re married Youth want to have God s perspective Not only that they want to show their peers there s a better way to relate to the opposite sex It s time for a revolution A 180 degree turn is underway Sex 180 is a guide to that revolution It s more than a book that preaches abstinence before marriage Sex 180 shows teens what s wrong with the way people talk and think about sex and challenges them to think differently With solid biblical teaching interactive sidebars and real life stories teens parents and youth leaders will start to think about sex in a whole new way **Summoned to Lead** Leonard Sweet, 2009-12-15 Leadership Re Visioned Cast a vision set a strategy rally the troops and take the hill you don t need another book to rehash the well worn principles of modern leadership But if you re looking for something different something that approaches leadership as an art as well as a science inspires hope and expectation in those of us who aren t born leaders challenges those with leadership roles to explore new possibilities then Leonard Sweet wants to help you discover a very different kind of leadership vision It s one you hear if your ears are open and it could summon you at any time When you respond the puzzle pieces of who you are will fit together into a leader others follow because you ve answered a call not trained for a position The church has it all wrong It is trying to train leaders Instead it ought to train everyone to listen and to develop their own soundtrack Leaders don t see a vision says Sweet they hear one Sound becomes sight Leaders hear life For a sonogram of acoustic leadership Sweet takes us inside the incredible account of Sir Ernest Shackleton the celebrated polar explorer who led his entire crew of twenty seven from disaster in the Antarctic to safety Called the greatest leader that ever came on God s earth bar none Shackleton objectifies the goals of Sweet s own exploration in search of wisdom for today and tomorrow s truly compelling voice activated leaders Right now you may be leading many people or just yourself But who knows what tomorrow or a minute from now will call forth in you Are your ears open *Signs of the Times* Brian A. Ross, 2016-03-18 All ministry leaders concern themselves with the intersection of Jesus centered ministry and contemporary culture They ask themselves questions such as What do we need to change in order to keep up with a wired world What should never change What are the nonnegotiables of faith in Jesus Many have attempted to answer these questions However most of these leaders offer solutions that the everyday ministry leader simply cannot replicate Signs of the Times is a unique offering to those who wrestle with the mash up of ministry and culture All of the contributors have found success within their ministries and yet most do not minister to thousands on a weekly basis Additionally all of them have had the privilege of studying directly with Dr Leonard Sweet Despite having authored more than fifty books Sweet can still be a bit of an enigma Many of his readers have been deeply influenced by him and yet they may still struggle to understand what his insights might mean for their ministry Each of the contributors to this work thoughtfully engages with a key idea that they

personally learned from Sweet and they translate it for ministry in the early twenty first century **Journey** Basil Norman Sparks,2008 **The Lord Is My Song** Mark G. Turner,2016-04-12 Having been involved in Christian music for many years I have made an unfortunate observation Far too often music has been the primary focus of many worship practices and events Our Lord whom we love must be restored to the central point of our worship As an orchestral composer I realize how alluring music can be We must set this allurements aside and refocus on Gods glory If artistic beauty and musicianship have taken center stage then our music may have become a sinful source of pride Singers and musicians have sometimes become involved in worship teams and choirs without ever having begun a personal relationship with our Lord Jesus and when their musical motivation fades they depart having never learned to love Him Music is the organized auditory communicative expression by the living of the life they possess and the truths they profess In worship we affirm His worth Worship as an act of the will indicates our position as His obedient people and He as Lord must receive our adoration It is my intent with these devotionals based on seventy five passages of Scripture comprising 291 verses to provide a valuable resource for all who lead worship **Rooted Leadership** John Johnson,2022-06-14 Behind many of the challenges facing us today is a failure of leadership This is not a new problem Yearning for wise guidance and effective authority is a perennial human longing We need leaders who are credible competent and committed But many leaders seem to be caught up even consumed with their own power and agendas Some see the leadership crisis as an intellectual problem believing we lack a clear theory of leadership Others view the breakdown of leadership as a result of increasing deficiency in moral character Most leadership books today revolve around the concepts of motivation inspiration empowerment and teamwork Helpful as these themes might be they miss something more fundamental Leadership needs a theological foundation that will be useful for shaping the undergirding principles and evaluating current leadership theories and practices We need to view leadership from the vantage point of God In Rooted Leadership John E Johnson explores how Christian theology provides an overarching leadership framework and applies that theory to leadership practices Spiritual reflection guided by scripture points us to the very center of leadership God and the purpose of leadership that we might display his glory All the best forms of leading take their cues from who God is his purposes and his ways of working with people that he has progressively revealed Building on three decades of research study and experience as a global leader Johnson surveys the landscape of contemporary leadership theory unpacks the assumptions and beliefs that underly current trends and responds by offering a robust approach to leadership founded on the character work and words of God *Christian Leadership Essentials* David S. Dockery,2011-03-15 Christian Leadership Essentials finds university president David S Dockery assembling a great wealth of tried and true insights on the distinctive methods of leading Christian organizations and institutions No matter how much experience a faith based leader may already have there are plenty of fresh thoughts and indispensable guiding principles here on topics including finance and budget planning mission and vision employee relations theological foundations
