The Sun Stealers Mark Sufrin, Fred Carrillo, 1987 **The Star-Stealers And Two More Stories** Edmond

Hamilton, 2024-05-07 Three action short stories from The Golden Age of Science Fiction by Edmond Hamilton Featured here
The Star Stealers The Sea Horror and Within the Nebula **Sadie** g.l. parker, **The Secret of the Ninth Planet** Donald

A. Wollheim, 2023-10-04 In The Secret of the Ninth Planet Donald A Wollheim masterfully weaves a narrative that blends science fiction with a compelling mystery set against the backdrop of the solar system The story follows a daring expedition led by a team of scientists who discover the existence of a mysterious ninth planet that defies conventional astronomical theories Wollheim employs a vivid and imaginative literary style characterized by his ability to merge technical accuracy with exuberant speculation reflecting a mid 20th century fascination with space exploration and the unknown The novel invites readers to ponder questions about humanity's place in the cosmos engaging them in a thought provoking discourse on science and ethics in the face of the expanses of space Wollheim was a prominent figure in the science fiction genre not only as an author but also as an influential editor and publisher His profound interest in the potential of human exploration and the scientific advancements of his time led him to craft stories that capture both the wonder and the moral implications of space travel Growing up during the golden age of science fiction Wollheim was inspired by the early visions of space exploration and became a conduit for these ideas through his powerful narratives I highly recommend The Secret of the Ninth Planet to anyone seeking an enthralling blend of adventure and science as it exemplifies Wollheim's ability to ignite curiosity about our universe Whether a seasoned sci fi aficionado or a newcomer to the genre readers will find themselves captivated by the potent combination of thrilling narrative imaginative speculation and profound insights into the future of humanity among the stars The Secret of the Ninth Planet Donald Wollheim, 2018-01-25

While the circumnavigation of the solar system seems farfetched it may not be once the problem of effective anti gravitational control is solved In this book I have assumed that the many researchers now actually at work on this problem will achieve such a result in the next decade It is not at all impossible that they may for we all know that the more minds that work at a problem the sooner it will be solved The discovery of a means of negating reversing or otherwise utilizing the immense force of gravitation for space flight purposes is now thought to be within the bounds of probability It should occur some time within the next hundred years possibly in even the short period I assume here **Point of Knives** Melissa Scott, 2024-08-29 Nicolas Rathe and Philip Eslingen are back drawn together from opposite sides of the law to investigate a series of murders whose impact stretches deep into Astreiant's underworld Eslingen is now a professional knife working for a prominent crimelord while Rathe is an Adjunct Point sworn to uphold the city's laws By rights they should be wary foes but instead they find themselves sharing an investigation as well as a bed as their search takes them into the heart of Point of Knives and at its center the Court of Thirty two Knives the hub of Astreiant's underworld A single misstep could mean disaster a single doubt could be the end of all their
