Teaching Against Islamophobia Joe L. Kincheloe, Shirley R. Steinberg, Christopher Darius Stonebanks, 2010 As

corporate and governmental agencies march us towards global conflict racism and imperialism this book contends that teachers must have the tools with which to combat unilateral politicization of Arabic and Muslim peoples Teaching Against Islamophobia creates a pedagogical space for educators to engage with necessary issues and knowledges regarding the alienation of Islamic culture religion knowledge and peoples Edited by a WASP a Jew and an Iranian this book confronts the fears challenges and institutional problems facing today s teachers Taking its cue from critical pedagogy this book is a collection of essays by artists writers performers and educators committed to naming the insidious racism and hatred of those who would isolate and vilify Islam

Undivided Patricia Raybon, Alana Raybon, 2015-04-28 Mom I have something I need to tell you They didn t talk Not for ten years Not about faith anyway Instead a mother and daughter tiptoed with pain around the deepest gulf in their lives the daughter s choice to leave the church convert to Islam and become a practicing Muslim Undivided is a real time story of healing and understanding with alternating narratives from each as they struggle to learn how to love each other in a whole new way Although this is certainly a book for mothers and daughters struggling with interfaith tensions it is equally meaningful for mothers and daughters who feel divided by tensions in general An important work for parents whose adult children have left the family s belief system it will help those same children as they wrestle to better understand their parents Undivided offers an up close and personal look at the life of an Islamic convert a young American woman at a time when attitudes are mixed about Muslims and Muslim women in particular but interest in such women is high For anyone troubled by the broader tensions between Islam and the West this personal story distills this friction into the context of a family relationship a journey all the more fascinating Undivided is a tremendously important book for our time Will Patricia be able to fully trust in the Christ who holds all things together Will Alana find new hope or new understanding as the conversation gets deeper between them And can they answer the question that both want desperately to experience which is Can we make our torn family whole again

Aḥmad ibn Shu'ayb Nasā'ī,1994 **Honour, Violence, Women and Islam** Mohammad Mazher Idriss,Tahir
 Abbas,2010-07-28 Why are honour killings and honour related violence HRV so important to understand What do such crimes
 represent And how does HRV fit in with Western views and perceptions of Islam This distinctively comparative collection
 examines the concept of HRV against women in general and Muslim women in particular The issue of HRV has become a
 sensitive subject in many South Asian and Middle Eastern countries and it has received the growing attention of the media
 human rights groups and academics around the globe However the issue has yet to receive detailed academic study in the
 United Kingdom particularly in terms of both legal and sociological research This collection sets out the theoretical and
 ethical parameters of the study of HRV in order to address this intellectual vacuum in a socio legal context The key objectives
 of this book are to construct and to develop further a theory of HRV to rationalise and characterise the different forms of
 HRV to investigate the role of religion race and class in society within this context in particular the role of Islam to scrutinise
 the role of the civil criminal law justice systems in preventing these crimes and to inform public policy makers of the
 potential policies that may be employed in combating HRV *Return to Roots* Kishori Saran Lal,2002 *English*
