what goes on around them As a decade a century and a millennium simultaneously ended news stories books documentaries and prime time features were produced on the advancements we have seen as a nation and as a planet Yet despite new knowledge and vast changes in our culture through wars that have been fought and every eventual peace that has ever been established strangers still meet under the most unimaginable circumstances and suddenly are strangers no longer Despite answers that have been found to every imaginable mystery writers poets artists filmmakers as well as ordinary men and women still encounter the most basic human mystery in the simple question What is love This book is an attempt to find an answer But it wasn't my original intent Is it possible that there might be a secret some elusive grail to making a relationship work Are there common truths that span generations How do people create a life together that lasts that defies statistics and keep from becoming boring or simply somnambulant People love telling the story of how they met And everyone loves hearing these tales of early beginnings That is where the original idea for this book came from A collection of how we met stories But as I began asking people to share I realized that I was recording tales that also reflected the times in which they happened I soon envisioned a collection that spanned the decades of the century and that mirrored the cultural changes of the times Starting with the twenties included here are tales told with the background of immigrants flooding the streets of economic depression of war of the birth of rock and roll of the turbulence of the sixties the confusion of the seventies the increasing security of the eighties and the technological nineties Here are fun silly romantic serious exciting and loving tales of people I have grown to know In these pages you will read of couples who met in the excitement of the roaring twenties New York 1927 during the depth of the depression Kansas 1939 amidst the chaos and ruins of World War II France 1948 in the giddy post war recovery San Jose 1954 the tumultuousness of the sixties Boulder 1968 the wildness of the seventies Ann Arbor 1974 You will read of couples who met in line waiting for a table at a restaurant 1940 on blind dates 1946 1955 1992 at a singles group 1975 a summer teen retreat 1977 on a massage table 1980 during a blizzard on a volcano 1982 on the Great Peace March 1986 on an Indian Reservation 1989 and those who met via the personal ads 1986 and cyberspace 1999 During my interviews I asked all the couples two questions First was it love at first sight Asking this question opened up the conversation and released an innocence a playfulness a deep connection that was a joy to behold These people have found a way to keep the early magic from fading to keep a flame alive I witnessed this flame time and again As I listened to stories unfold I became party to an excitement that was in some cases over 70 years old I then asked couples to share any advice or tips they may have learned to staying together and here is where the lessons of time became evident I expected th
