Whittemore William Meynell Whittemore, 1868 *Children's Prayer* Vivienne Mountain, 2016-04-11 This book provides strong arguments for giving prayer a central place in the education and nurture of children It is based on research in Australian Catholic parent controlled Christian Independent Jewish Muslim and government schools The author demonstrates focused attention and care in the data collection from the words of children and their drawings of people praying She takes us through her thorough processes of analysis and synthesis The research shows that prayer is valued by all children whether they come from a religious background or not For some children it is a way of associating with their communities and traditions of faith

For others prayer is practised in an individualistic manner Prayer is a way to perceive and respond to the experiences of life It can help in dealing with the challenging emotional states of anxiety loneliness fear anger and guilt It can give hope for the future It provides a way of seeking help for others as well as expressing praise and thanksgiving Vivienne Mountain has a background in teaching and in clinical counselling She lectures in Spirituality and Ministry with Children at Stirling Theological College University of Divinity Australia She has published three books as well as contributing chapters to a number of others and articles for national and international journals *Prayer and Praise Book for the Services of the Sunday-school and Children's Church* Wilbur Fisk Paddock,1879 **British Hymn Books for Children, 1800-1900** Alisa Clapp-Itnyre,2016-09-17 Examining nineteenth century British hymns for children Alisa Clapp Itnyre argues that the unique qualities of children s hymnody created a space for children s empowerment Unlike other literature of the era hymn books were often compilations of many writers hymns presenting the discerning child with a multitude of perspectives on religion and childhood In addition the agency afforded children as singers meant that they were actively engaged with the text music and pictures of their hymnals Clapp Itnyre charts the history of children s hymn book publications from early to late nineteenth century considering major denominational movements the importance of musical tonality as it affected the popularity of hymns to both adults and children and children s reformation of adult society provided by such genres as missionary and temperance hymns While hymn books appear to distinguish the child from the adult intricate issues of theology and poetry typically kept within the domain of adulthood were purposely conveyed to those of younger years and comprehension Ultimately Clapp Itnyre shows how children s hymns complicate our understanding of the child adult binary traditionally seen to be a hallmark of Victorian society Intersecting with major aesthetic movements of the period from the peaking of Victorian hymnody to the Golden Age of Illustration children s hymn books require scholarly attention to deepen our understanding of the complex aesthetic network for children and adults Informed by extensive archival research *British Hymn Books for Children 1800 1900* brings this understudied genre of Victorian culture to critical light *The Sunday School Teacher, and Children's Friend* ,1837
