are drawn the authors practice of poetry writing ethnic and gender issues and comparisons with the poetry of women in South China and of male authors of the Qing dynasty 1644 1911 The Last of China's Literati Bell Yung,2008-10-01 In this biography of Tsar Teh yun centenarian poet calligrapher and qin master Professor Bell Yung tells the story of a life steeped in the refined arts faithful to the traditional way of the Chinese literati Set in the two cities of Shanghai and Hong Kong this book recounts the experiences of an individual who lived through war displacement exile and unrequited longing for home and for a style of living lost forever Yet Madame Tsar sustained as one of its last exemplars much of that style of living despite being a woman in the largely male world of the refined arts The author weaves a picture of an extraordinary but also tragic figure extraordinary as daughter wife mother and a celebrated musician poet and calligrapher tragic as a member of the literati exiled from Shanghai to Hong Kong and always longing for the lost world of the refined arts She was known particularly for her accomplishments as a teacher and performer on the qin instrument par excellence of the literati The book delves into her teaching method and musical style to a degree rarely found in the literature of this kind and is thus an important contribution to musicological study Through this life of one member of China s last generation of literati Professor Yung provides rich material for anyone interested in the cultural and social history of twentieth century China especially for those with a special interest in qin music or the place of women in this period *Children in Chinese Art* Ann Barrott Wicks,2002-02-28 Depictions of children have had a prominent place in Chinese art since the Song period 960 1279 Yet one would be hard pressed to find any significant discussion of children in art in the historical documents of imperial China or contemporary scholarship on Chinese art *Children in Chinese Art* brings to the forefront themes and motifs that have crossed social boundaries for centuries but have been overlooked in scholarly treatises In this volume experts in the fields of art religion literature and history introduce and elucidate many of the issues surrounding child imagery in China including its use for didactic reinforcement of social values as well as the amuletic function of these works The introduction provides a thought provoking overview of the history of depictions of children exploring both stylistic development and the emergence of specific themes In an insightful essay China specialists combine expertise in literature and painting to propose that the focus on children in both genres during the Song is an indication of a truly humane society Skillful use of visual and textual sources from the Ming 1368 1644 and Qing 1644 1911 period explains children s games and the meaning of depictions of boys at play Gender issues are examined in an intriguing look at mothers and children in woodblock illustrations to Ming versions of the classical text *Lie ni juan* Depictions of the childhood of saints and sages from murals and commemorative tablets in ancient temples are considered The volume concludes with two highly original essays on child protectors and destroyers in Chinese folk religion and family portraits and their scarcity in China before the nineteenth century Contributors Ellen B Avril Catherine Barnhart Richard Barnhart Terese Tse Bartholomew Julia K Murray Ann Waltner Ann Barrott Wicks

Wei Dynasty by Tsao P I in 220 CE using the main historical accounts a wide range of religious and philosophical writings epigraphical records and above all the records contained in the commentaries to Chen Shou's San guo zhi by the fifth century writer Pei Songzhi **Chicorel Index to Poetry in Anthologies and Collections in Print, 1975-1977**

Marietta Chicorel, 1978 **Engendering China** Christina K. Gilmartin, 1994-04-08 This first significant collection of essays on women in China in more than two decades captures a pivotal moment in a cross cultural and interdisciplinary dialogue For the first time the voices of China based scholars are heard alongside scholars positioned in the United States The distinguished contributors to this volume are of different generations hold citizenship in different countries and were trained in different disciplines but all embrace the shared project of mapping gender in China and making power laden relationships visible The essays take up gender issues from a variety of disciplinary perspectives Chapters focus on learned women in the eighteenth century the changing status of contemporary village women sexuality and reproduction prostitution women's consciousness women's writing the gendering of work and images of women in contemporary Chinese fiction Some of the liveliest disagreements over the usefulness of western feminist theory and scholarship on China take place between Chinese working in China and Chinese in temporary or longtime diaspora Engendering China will appeal to a broad academic spectrum including scholars of Asian studies critical theory feminist studies cultural studies and policy studies Heritage of China Timothy Hugh Barrett, 1990-04-20 The thirteen essays in this volume all by experts in the field of Chinese studies reflect the diversity of approaches scholars follow in the study of China's past Together they reveal the depth and vitality of Chinese civilization and demonstrate how an understanding of traditional China can enrich and broaden our own contemporary worldview **A History of Western Appreciation of English-translated Tang Poetry** Lan

Jiang, 2018-03-08 This book examines the development of English translated Tang poetry and its propagation to the Western world It consists of two parts the first of which addresses the initial stage of English translated Tang poetry's propagation and the second exploring its further development By analyzing the historical background and characteristics of these two stages the book traces the trend back to its roots discusses some well known early sinologists and their contributions and familiarizes readers with the general course of Tang poetry's development In addition it presents the translated versions of many Tang poems The dissemination of Tang poetry to the Western world is a significant event in the history of cross cultural communication From the simple imitation of poetic techniques to the acceptance and identification of key poetic concepts the Tang poetry translators gradually constructed a classic Chinese style in modern American poetry Hence the traditional Chinese culture represented by Tang poetry spread more widely in the English speaking world producing a more lasting impact on societies and cultures outside China and demonstrating the poetry's ability to transcend the boundaries of time region nationality and culture Due to different cultural backgrounds the Tang poets or poems admired most by Western readers may not necessarily receive high acclaim in China Sometimes language barriers and cultural differences make it

impossible to represent certain allusions or cultural and ethnic concepts correctly during the translation process. However, in recent decades, the translation of Tang poetry has evolved considerably in both quantity and quality. As culture is manifested in language and language is part of culture, the translation of Tang poetry has allowed Western scholars to gain an unprecedented understanding of China and Chinese culture.

Maxine Hong Kingston's The Woman Warrior Sau-ling Cynthia Wong, 1999. With the continued expansion of the literary canon, multicultural works of modern literary fiction and autobiography have assumed an increasing importance for students and scholars of American literature. This exciting new series assembles key documents and criticism concerning these works that have so recently become central components of the American literature curriculum. Each casebook will reprint documents relating to the work's historical context and reception, present the best in critical essays, and when possible, feature an interview of the author. The series will provide for the first time an accessible forum in which readers can come to a fuller understanding of these contemporary masterpieces and the unique aspects of American ethnic racial or cultural experience that they so ably portray. This casebook presents a thought-provoking overview of critical debates surrounding *The Woman Warrior*, perhaps the best-known Asian American literary work. The essays deal with such issues as the reception by various interpretive communities, canon formation, cultural authenticity, fictionality in autobiography, and feminist and poststructuralist subjectivity. The eight essays are supplemented by an interview with the author and a bibliography.

The City of Ye in the Chinese Literary Landscape Joanne Tsao, 2020-01-20. In *The City of Ye in the Chinese Literary Landscape*, Joanne Tsao demonstrates how the city of Ye changed from an iconic space that represented Cao Cao's heroic enterprise to a symbol of the fruitlessness of human endeavour, and then finally to a literary landmark, a synecdoche for the vicissitudes of human life caught in the predictable cycles of dynastic rise and decline. Through a close reading of literary works on Ye, she illustrates how the city transformed from a lived-to imaginative space to become a symbol in the poetic lexicon. Making use of literary and historical texts on Ye and its material remains through the Song and beyond, she shows the potency of place as a generative force in literary production and in historical discourse.

The Poet Zheng Zhen (1806-1864) and the Rise of Chinese Modernity Jerry D. Schmidt, 2013-06-20. In *The Poet Zheng Zhen 1806-1864 and the Rise of Chinese Modernity*, J. D. Schmidt provides the first detailed study in a Western language of one of China's greatest poets and explores the nineteenth-century background to Chinese modernity, challenging the widely held view that this is largely of Western origin. The volume contains a study of Zheng's life and times, an examination of his thought and literary theory, and four chapters studying his highly original contributions to poetry on the human realm, nature, verse, narrative poetry, and the poetry of ideas, including his writings on science and technology. Over a hundred pages of translations of his verse conclude the work.

Bridge Across Broken Time Vera Schwarcz, 1998-01-01. Schwarcz uncovers resonances between the narratives of Chinese intellectuals recovering from the trauma of the Cultural Revolution and the halting tales of her own parents.

Iconic Investigations Lars

Elleström, Olga Fischer, Christina Ljungberg, 2013-03-28 The contributions to Iconic Investigations deal with linguistic or literary aspects of language While some studies analyze the cognitive structures of language others pay close attention to the sounds of spoken language and the visual characteristics of written language In addition this volume also contains studies of media types such as music and visual images that are integrated into the overall project to deepen the understanding of iconicity the creation of meaning by way of similarity relations Iconicity is a fundamental but relatively unexplored part of signification in language and other media types During the last decades the study of iconicity has emerged as a vital research area with far reaching interdisciplinary scope and the volume should be of interest for students and researchers interested in scholarly fields such as semiotics cognitive linguistics conceptual metaphor studies poetry intermediality and multimodality
