This open access book contains the oral histories that were inspired by the work of the Special Olympics in conjunction with the 50th anniversary of its founding. The foreword and prefatory materials provide an overview of the Special Olympics and its growth in the People's Republic of China. The sections that follow record interview transcripts of individuals with intellectual disabilities living in Shanghai. In addition to chronicling the involvement of these individuals and their families in the Special Olympics movement, the interview transcripts also capture their daily lives and how they have navigated school and work. **Publication**, 1991 Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue

 illuminating biography uncovers the importance of her medical work and of occasionally controversial measures that placed  
 her in opposition to one of the strongest voices in Ireland at the time the Catholic Archbishop of Dublin John Charles

McQuaid Prior to her trials and successes with the TB epidemic her medical career and social standing determined a fascinating life story born within the Protestant Ascendancy to an Anglo Irish family and a guest of the under secretary to the British Administration during the Easter Rising she soon crossed a stark divide developing an ardent republican outlook that led to her appointment as medical officer to a West Cork Flying Column of the IRA during the War of Independence Her determination never ceased and in 1921 she channelled her energies towards eradicating TB in Ireland at a time when the Irish medical profession looked to the United Kingdom for leadership she taught herself German to access scientific literature at the fore of medical developments Anne MacLellan s biography accounts for this provocative and indomitable life of an Irish woman frequently caught at the epicentre of Irish affairs
