*The Brand New Kid* Katherine Couric, 2000-10-10 Ellie McNelly and Carrie O Toole were running and laughing their first day of school was today And they wondered just what was in store Would this be a good year Would school be a bore Everyone remembers feeling excited and nervous each fall on the first day of school It s no different for Ellie McNelly and Carrie O Toole But this year there s not only a new teacher to meet but a brand new kid as well Lazlo S Gasky doesn t look or speak quite like the other kids and no one is sure what to make of him In fact they respond to his arrival at Brookhaven School by taunting and teasing him But when Ellie realizes how tough it is for Lazlo she reaches out and after school one day they share an afternoon of soccer strudel and chess Besides making a new friend she and Lazlo teach their classmates an important lesson one that isn t in their schoolbooks about accepting people who are different and in getting to know Lazlo the kids learn that people aren t that different from each other after all From one of America s most respected journalists *The Brand New Kid* is a heartwarming story about tolerance and the need to give others a chance that will entertain and inspire children and adults alike

**Preschool Classrooms** Barbara Sprung, Merle Froschl, Blythe Simone Farb Hinitz, 2005 In preschool children encounter their first experiences in forming and joining social groups outside their family It is natural for them to experiment with social interactions while learning about their world In this guide teasing and bullying are addressed as a continuum of intentionally hurtful behavior from making fun of someone to repetitive physical abuse Creating a caring environment at the beginning of school reduces the need for children to assert themselves through negative behavior such as teasing and bullying With *The Anti Bullying and Teasing Book* teachers of young children can address this behavior before it develops Special features of this book Information on family school partnerships to engage families in the development of a caring community and to reinforce teachings about empathy and mutual respect Techniques to teach children how to think about and manage their feelings in a safe and appropriate way Tips for teaching children how to act appropriately as a bystander Children who stand by while a friend is being teased and bullied may be uneasy or even scared that they might be next They feel powerless and learn negative ways to interact with others Teachers have the opportunity to work with bystanders helping them to develop the confidence to stand up for a friend As a result children will become more able to stand up for themselves and not tolerate teasing and bullying behavior *The Anti Bullying and Teasing Book* creates an environment that

reinforces the positive messages essential to children's sense of safety and well-being. Some such messages are quoted from *Hurt Free Schools* by M. Christine Mattise: If you are hurt on the playground someone will come to see if you are all right. If you are alone you are welcome to join in a game. If you are being teased other children will come and tell the teaser to stop. If you need help ask an adult. When certain social milestones and goals are achieved children can easily live and work within their world. According to the National Association for the Education of Young Children (NAEYC) Code of Ethical Conduct, these goals can be stated in terms of democratic life skills which include the ability to see one's self as a worthy individual and a capable member of the group; express strong emotions in non-hurting ways; solve problems ethically and intelligently; be understanding of the feeling and viewpoints of others; work cooperatively in groups with acceptance of the human differences among members. Teachers have a major influence on how children view themselves within the larger world. Children mimic teachers' language and interactions. By creating a climate of mutual respect, teachers can help children learn to develop empathy and treat others fairly and kindly and to stand up for themselves and their friends in safe and developmentally appropriate ways. The *Anti Bullying and Teasing Book* will help teachers create a school environment in which all children feel comfortable, safe, and welcome.
