The Broken Link Mystiques 159:

Canadiana, 1983 The Violent Mystique Joyce O. Lowrie, 1974 **The Mystique of Transmission** Wendi L. Adamek, 2007-05-15 The *Mystique of Transmission* is a close reading of a late eighth century Chan Zen Buddhist hagiographical work the *Lidai fabao ji* Record of the Dharma Jewel Through the Generations and is its first English translation The text is the only remaining relic of the little known Bao Tang Chan school of Sichuan and combines a sectarian history of Buddhism and Chan in China with an account of the eighth century Chan master Wuzhu in Sichuan Chinese religions scholar Wendi Adamek compares the *Lidai fabao ji* with other sources from the fourth through eighth centuries chronicling changes in the doctrines and practices involved in transmitting medieval Chinese Buddhist teachings While Adamek is concerned with familiar Chan themes like patriarchal genealogies and the ideology of sudden enlightenment she also highlights topics that make *Lidai fabao ji* distinctive formless practice the inclusion of female practitioners the influence of Daoist metaphysics and connections with early Tibetan Buddhism The *Lidai fabao ji* was unearthed in the early twentieth century in the Mogao caves at the Silk Road oasis of Dunhuang in northwestern China Discovery of the Dunhuang manuscripts has been compared with the discovery of the Dead Sea Scrolls as these documents have radically changed our understanding of medieval China and Buddhism A crucial volume for students and scholars The *Mystique of Transmission* offers a rare glimpse of a lost world and fills an important gap in the timeline of Chinese and Buddhist history Hours with the Mystics Robert Alfred Vaughan, 1860 *Hidden Intercourse* Wouter J. Hanegraaff, Jeffrey Kripal, 2008-12-31 From rumours about gnostic orgies in antiquity to the explicit erotic symbolism of alchemical texts from the subtly coded eroticism of medieval kabbalah to the sexual magic practiced by contemporary occultists and countercultural translations of Asian Tantra the history of Western esotericism is rich in references to the domains of eros and sexuality This volume which brings together an impressive array of top level specialists is the first to analyze the eroticism of the esoteric without sensationalism or cheap generalizations but on the basis of expert scholarship and attention to textual and historical detail While there are few other domains where the imagination may so easily run wild the various contributions seek to distinguish fact from fiction only to find that historical realities are sometimes even stranger than the fantasies In doing so they reveal the outlines of a largely unknown history spanning more than twenty centuries **The Athenaeum** James Silk Buckingham, John Sterling, Frederick Denison Maurice, Henry Stebbing, Charles Wentworth Dilke, Thomas Kibble Hervey, William Hepworth Dixon, Norman Maccoll, Vernon Horace Rendall, John Middleton Murry, 1913 **The Athenaeum**, 1913 The Christian Theological Tradition Mark McInroy, Michael J. Hollerich, 2019-07-26 The fourth edition of *The Christian Theological Tradition* provides students with essential theological knowledge of key persons and events of the Bible and the Christian faith and of Christianity's multifaceted encounter with Western culture Historically arranged the textbook addresses major theological themes such as revelation God Jesus Christ Creation salvation and the church The textbook deals with the entire

Christian tradition from an orientation that is both Catholic and ecumenical with the fourth edition including expanded coverage of modern Protestant Christianity The Christian Theological Tradition has been thoroughly revised and updated with nine new or rewritten chapters including A new section on the reception of the Second Vatican Council including the pontificate of Pope Francis A new treatment of contemporary developments in liberation and environmental theology A new examination of the relationship between science and Christianity An entirely rewritten treatment of Islam that focuses on the ways in which the Christian tradition has historically understood and responded to Islam A new discussion of the New Atheism with theological responses to this influential movement New textboxes on aspects of religious life such as liturgy prayer art moral teaching and social institutions appropriate to given chapters With the assistance of images and maps key words and recommended reading this textbook outlines the methods for Christian theology and demonstrates the relevance of the Christian theological tradition for our contemporary world This is an ideal resource for students of theology biblical studies or religious studies and anyone wanting an accessible and comprehensive introduction to the Christian theological tradition

Reincarnation Elizabeth Clare Prophet, Erin L. Prophet, 1997 A long time ago Christians believed in reincarnation This groundbreaking work makes the case that Jesus taught reincarnation Elizabeth Clare Prophet traces the history of reincarnation in Christianity from Jesus and early Christians through Church councils and the persecution of so called heretics Using the latest scholarship and evidence from the Dead Sea Scrolls and Gnostic texts she also argues persuasively that Jesus was a mystic who taught that our destiny is to unite with the God within Your view of Jesus and of Christianity will never be the same

This Strange Eventful History Paul Bradley, 2011 Meaning may appear elusive in our present divided world but a sense of meaning is essential for peace of mind This book sets out to survey our options concisely in the realms of philosophy religion science and art Each chapter draws on the words of two or more prominent inter related thinkers to help us form an opinion often provocatively with no holds barred It steers a path towards an attitude of Cosmic Compassionate Plurality All of us must seek at a personal and a general level for a philosophy of meaning in life this strange eventful history to borrow a descriptive phrase for our existence from Shakespeare Otherwise how can we logically plan and direct our personal philosophy if we do not know to what end particularly in a world seemingly hell bent on destruction The Existentialist philosophers cautioned that life is essentially meaningless but allowed that we may choose ourselves Certainly our choices are many and various in this current era Often however we bemoan the lack of time to read and research those possibilities This book sets out concisely to survey our options drawing on philosophy religion science and art Each chapter takes two or more prominent inter related thinkers to help us form an opinion often provocatively
