The Broken Spell A Cultural And Anthropological History Of Preindustrial Europe:

The Broken Spell Petrus Cornelis Spierenburg, 1991 A Cultural and Anthropological History of Preindustrial Europe **A Cultural History of Peace in the Medieval Age** Walter Simons, 2022-02-24 A Cultural History of Peace presents an authoritative survey from ancient times to the present The set of six volumes covers over 2500 years of history charting the evolving nature and role of peace throughout history This volume A Cultural History of Peace in the Medieval Age explores peace from 800 to 1450 As with all the volumes in the illustrated Cultural History of Peace set this volume presents essays on the meaning of peace peace movements maintaining peace peace in relation to gender religion and war and representations of peace A Cultural History of Peace in the Medieval Age is the most authoritative and comprehensive survey available on peace in the medieval era *A Short History of Europe, 1600-1815* Lisa Rosner, John Theibault, 2015-03-26 A concise survey that introduces readers to the people ideas and conflicts in European history from the Thirty Years War to the Napoleonic Era The authors draw on gender studies environmental history anthropology and cultural history to frame the essential argument of the work **Historicism, Psychoanalysis, and Early Modern Culture** Carla Mazzio, Douglas Trevor, 2013-10-28 First published in 2000 Did people in early modern Europe have a concept of an inner self Carla Mazzio and Douglas Trevor have brought together an outstanding group of literary cultural and history scholars to answer this intriguing question Through a synthesis of historicism and psychoanalytic criticism the contributors explore the complicated nuanced and often surprising union of history and subjectivity in Europe centuries before psychoanalytic theory Addressing such topics as fetishes and Renaissances the cartographic unconscious and the topographic imaginary these essays move beyond the strict boundaries of historicism and psychoanalysis to carve out new histories of interiority in early modern Europe **Crime and Mentalities in Early Modern England** Malcolm Gaskill, 2003-01-30 Crime and law have now been studied by historians of early modern England for more than a generation Crime and Mentalities in Early Modern England attempts to reach further than most conventional treatments of the subject to explore the cultural contexts of law breaking and criminal prosecution and to recover their hidden social meanings In this sense the book is more than just a history from below it is a history from within Conversely the book explores crime to shed light on the long term development of English mentalities in general To this end three serious crimes witchcraft coining and murder are examined in detail revealing new and important insights into how religious reform state formation secularisation and social and cultural change for example the spread of literacy and the availability of print may have transformed the thinking and outlook of most ordinary people between 1550 and 1750 **Dying and Death** Asa Kasher, 2007 Death is a topic people are reluctant to ponder Neither is dying a process that is usually being openly discussed However on a variety of occasions dying and death are on a person's minds under some sensitive circumstances he or she are eager to discuss with a close person a friend a professional The present volume the second in the Series on Dying and Death is meant to enrich personal experience of dying or death by

providing its reader with knowledge and understanding of some aspects of dying or death Section 1 describes practices of mourning in different times and places USA during the Civil War Ashley Byock the Island of Viz between Croatia and Italy Kathleen Young present day Israel Asa Kasher medieval Serbia Mira Crouch and post Holocaust USA Paula David Section 2 consists of reflections on mourning It includes philosophical discussions of Friendship Gary Peters Grace Dana Freibach Heifetz and the Other Havi Carel all in the context of mourning as well as Mourning itself as a skill Marguerite Peggy Flynn Section 3 brings papers on culture and suicide in early modern Holland Laura Cruz in historical Japan Lawrence Fouraker as well as in the Jazz age Kathleen Jones Section 4 discusses different predicaments of medics facing death and dying terminal diagnosis Angela Armstrong Coster palliative patients Anna Taube and the hospice setting Elizabeth Gill

Community without Borders: Scots Migrants and the Changing Face of Power in the Dutch Republic, c. 1600-1700 Douglas Catterall, 2021-10-25 This is a valuable book for anyone interested in the cultural meaning of preindustrial migration Arguing that early modern European migrants could fundamentally influence their fate and their adopted communities it explores the world of Scots migrants to the Dutch port of Rotterdam c 1600 1700 The heart of the study is a reconstruction of the social networks that Scots used to establish and sustain themselves in Rotterdam drawn from unusually rich narrative sources Through their social ties Scots also told stories and kept memories as they created complex identities encompassing Rotterdam Scotland and places further afield By shaping their relationships to Rotterdam Scots had a broad impact on their adopted home Their actions helped change Rotterdam s political religious and legal fabric and even tied Rotterdam to the wider Atlantic world

Historical Dictionary of the Enlightenment Harvey Chisick, 2005-02-10 The Enlightenment Movement changed society forever driving it forward through new and fresh ways of thinking about science religion history politics and culture This dictionary offers a balanced overview and helps us to understand and appreciate the Enlightenment through its coverage of the basic assumptions and values that structured the movement explanation of how these ideas were articulated the paths of communication they followed how its key ideas grew developed and were refracted and how new problems grew out of what were advanced as solutions to older problems An engaging introductory essay along with hundreds of cross referenced dictionary entries defines the significant persons places events institutions and literary works of the movement A chronological table charts the progression of the movement by indicating the date the main figures involved the political or society events and the science arts or letters that resulted The comprehensive bibliography with an introductory essay to the literature categorized by subject complements this reference that will be valued by all seeking basic details about this important period

The Thief, the Cross, and the Wheel Mitchell B. Merback, 1999-07 Christ s Crucifixion is one of the most recognized images in Western visual culture and it has come to stand as a universal symbol of both suffering and salvation

But often overlooked in this symbolic language is the fact that ultimately the Crucifixion is a scene of capital punishment In *The Thief the Cross and the Wheel* Mitchell Merback reconstructs the religious legal and historical context of the Crucifixion and of other images of public torture The result is an account of a time when criminal justice and religion were entirely interrelated and punishment was a visual spectacle devoured by a popular audience Jacket

A Historiography of the Modern Social Sciences Roger E. Backhouse,Philippe Fontaine,2014-09-22 A Historiography of the Modern Social Sciences exposes parallels and contrasts in the way the histories of the social sciences are written Sport Matters Eric Dunning,2013-04-03 1999 North American Society for the Sociology of Sport Annual Book Award Sport Matters offers a comprehensive introduction to the study of modern sport from a sociological perspective It covers such topics as the history of sport the development of ideas of fair play sport and the emotions the professionalization of sport race relations and sport and sport and gender Unique in its cross cultural analysis it uses examples from around the globe including sports spectator violence in North America the growth of international soccer and the role of sport in the European identity *Critical Theory and World Politics* Andrew Linklater,2007-09-12 This new collection of Andrew Linklater s key work demonstrates his enormous contribution to the development of critical theory in international relations

The Medieval Warrior Aristocracy Andrew Cowell,2007 A major reconsideration of the relationship between warrior aristocrats epics and heroes in medieval culture The process of identity formation during the central Middle Ages 10th 12th centuries among the warrior aristocracy was fundamentally centered on the paired practices of gift giving and violent taking inextricably linked elements of the same basic symbolic economy These performative practices cannot be understood without reference to a concept of the sacred which anchored and governed the performances providing the goal and rationale of social and military action After focussing on anthropological theory social history and chronicles the author turns to the literary persona of the hero as seen in the epic He argues that the hero was specifically a narrative touchstone used for reflection on the nature and limits of aggressive identity formation among the medieval warrior elite the hero can be seen from a theoretical perspective as a supplement to his own society who both perfectly incarnated its values but also in attaining full integrity short circuited the very mechanisms of identity formation and reciprocity which undergirded the society The book shows that the relationship between warriors heroes and their opponents especially Saracens must be understood as a complex tri partite structure not a simple binary opposition in which the identity of each constituent depends on the other two ANDREW COWELL isAssociate Professor of the Department of French and Italian and the Department of Linguistics at the University of Colorado

Gender in Eighteenth-Century England Hannah Barker,Elaine Chalus,2014-06-17 A new collection of essays which challenges many existing assumptions particularly the conventional models of separate spheres and economic change All the essays are specifically written for a student market making detailed research accessible to a wide readership and the opening chapter provides a comprehensive overview of the subject describing the development of gender history as a whole and the

study of eighteenth century England This is an exciting collection which is a major revision of the subject *Oedipus and the Devil* Lyndal Roper,2013-03-01 This bold and imaginative book marks out a different route towards understanding the body and its relationship to culture and subjectivity Amongst other subjects Lyndal Roper deals with the nature of masculinity and femininity *Tradition Today* Robert Adam,Matthew Hardy,2008 In January 2002 after a two year gestation period the International Network for Traditional Buildings Architecture and Urbanism INTBAU was launched To celebrate the launch a conference was held to debate the place of tradition in modern society While INTBAU was specifically concerned with building and urbanism if tradition was indeed relevant then it must have a place throughout society The conference forms the basis of this book It is an important feature of traditions that they adapt and change So while change accelerates so should the adaptation of traditions If we rely on tradition for the transmission of culture then the adaptation of traditions is a matter of importance to all of us If change occurs without the transmission of culture then culture itself dies culture cannot be created anew every day The evolutionary nature of tradition is something often ignored by supporters and opponents alike It is important that history that which measures our distance from the past is not confused with tradition the past living through us The papers presented in this book discuss these points and many others are a fascinating miscellany With contributions ranging from the practical to the academic these papers can leave no doubt about the continued role and significance of tradition the passion of those who understand its relevance and the dangers inherent in its denial **An Eye for an Eye** Mitchel P. Roth,2014-10-15 From an eye for an eye to debates over capital punishment humanity has a long and controversial relationship with doling out justice for criminal acts Today crime and punishment remain significant parts of our culture but societies vary greatly on what is considered criminal and how it should be punished In this global survey of crime and punishment throughout history Mitchel P Roth examines how and why we penalize certain activities and he scrutinizes the effectiveness of such efforts in both punishing wrongdoers and bringing a sense of justice to victims Drawing on anthropology archaeology folklore and literature Roth chronicles the global history of crime and punishment from early civilizations to the outlawing of sex crimes and serial homicide to the development of organized crime and the threat today of global piracy He explores the birth of the penitentiary and the practice of incarceration as well as the modern philosophy of rehabilitation arguing that these are perhaps the most important advances in the effort to safeguard citizens from harm Looking closely at the retributions societies have condoned Roth also look at execution and its many forms showing how stoning hemlock the firing squad and lethal injection are considered either barbaric or justified across different cultures Ultimately he illustrates that despite advances in every level of human experience there is remarkable continuity in what is considered a crime and the sanctions administered Perfect for students academics and general readers alike this interdisciplinary book provides a fascinating look at criminality and its consequences *Pleasure in the Eighteenth Century* Marie Mulvey-Roberts,1996-10-02 What were the sources of pleasure during the eighteenth century The range of pleasurable

activities from the bawdy and perverse to the refined are brought together in this collection of essays which is the first to look at both the philosophy and practice of the pleasure seeking Georgians Experts on the arts of pleasure will luxuriate over Italian opera gastronomic delights the pleasures of Gothic terror seduction and the revellers of the bizarre London clubs

Witchcraft and Magic in Europe, Volume 5 Marijke Gijswijt-Hofstra, 1999-01-01 The end of the eighteenth century saw the end of the witch trials everywhere This volume charts the processes and reasons for the decriminalisation of witchcraft but also challenges the widespread assumption that Europe has been disenchanted For the first time surveys are given of the social role of witchcraft in European communities down to the end of the nineteenth century and of the continued importance of witchcraft and magic as topics of debate among intellectuals and other writers
