An Introduction to Post-communist Bulgaria Emil Giatzidis, 2002 Assesses the post communist period in Bulgaria and examines how the democratization process has developed so far Contains valuable historical and comparative features providing the reader with a comprehensive and detailed account of the ongoing political social and economic transformation in this heavily understudied Balkan country Employs an extensive range of empirical material and analyses the obstacles and the reasons for the delays and failures of the proposed political and economic reforms Surveys the social implications of these reforms and examines the role of the emerging civil society and goes on to assess the way civil society and its organisations and institutions have been developed Written in a simple accessible and informative style the book will be vital reading for students scholars politicians and business people who wish to learn more about Bulgaria s past present and future

Bulgaria R.J. Crampton, 2007-02 The evolution of Bulgaria is a fascinating journey from a backward and troubled Balkan state to a modern European nation Richard Crampton s unique study traces the development of the Bulgarian people and their state from the beginning of a national revival in the middle of the nineteenth century to imminent entry into the European Union This ground breaking book from the leading expert on Bulgaria examines its problematic position between east and west and questions how much becoming part of the EU will solve its dilemmas

The Cultural Communication of Emigration in Bulgaria Nadezhda Sotirova, 2021-11-11 In *The cultural Communication of Emigration in Bulgaria* Nadezhda Sotirova weaves disparate threads of Balkanism complaining practices and the myth of the Bulgarian Situation in order to illuminate local discourses on emigration in Bulgaria Utilizing ethnography of communication and cultural discourse analysis the author examines and contextualizes the lived experiences of Bulgarian communities through ethnographic observations interviews and cultural discourse analysis Based on assumptions of communication as infused with voices of the past reflective constitutive and active this case study of emigration discourses highlights the local social reality as navigated through

interaction Sotirova examines local discourses on emigration as cultural currency available to the members of the community where discussion of issues in Bulgaria serve to communicatively enact larger cultural notions of being Bulgarian ness social relations oplakvane dwelling Bulgarian Situation and action emigration Historical Dictionary of Bulgaria Raymond Detrez,2014-12-18 Bulgaria is a country of extraordinary beauty with high wild mountains and gentle valleys and with picturesque cities and idyllic villages It s bordered by Romania Serbia Macedonia Greece Turkey and the Black Sea After many years of communist rule Bulgaria adopted a democratic constitution and began the process of moving toward political democracy and a market economy while combating inflation unemployment corruption and crime The country joined NATO in 2004 and the EU in 2007 This third edition of Historical Dictionary of Bulgaria covers its history through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 700 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about Bulgaria *The Bulgarian Economy* Derek C Jones,Jeffrey Miller,2019-01-22 First published in 1997 this volume examines how Bulgaria has been an early starter but a slow and often erratic mover in the path of stabilization and systemic transition This book provides a most useful account of the development to date and of the costs associated with Bulgarian strategy or lack of empirical analysis and theoretical reflections especially in comparison with other transition economies It will be of great interest to any scholar official or businessman involved not only with Bulgaria but more generally with post communist countries Work, Employment and Transition Al Rainnie,Adrian Smith,Adam Swain,2002 This collection brings together a series of essays by leading international scholars highlighting the varied and complex forms which work and employment restructuring are taking in the post Soviet world Global Geographies of Post-Socialist Transition Tassilo Herrschel,2006-09-27 Since the formal raising of the Iron Curtain there has been much interest in post socialism and the process of post socialist transition This timely book provides a systematic review and analysis of the process of transition Herrschel explores recent theories concepts and debates on post socialism and the notion of transition provides a systematic topical account of post socialist transitions around the world as evidence by social economic and political processes examines case studies of post socialist transition in east and Central Europe the former Soviet Union Asia and South East Asia and Africa and Latin America brings together theoretical and practical aspects by examining what lessons can be learned from recent experiences Global Geographies of Post Socialist Transition provides a truly global comparative account of the meaning and processes of post socialist transition and will be an invaluable resource for all those interested in this area **The Balkans Since the Second World War** R. J. Crampton,2014-07-15 Since the collapse of Eastern European communism the Balkans have been more prominent in world affairs than at any time since before the First World War Crises in the area have led NATO to fire its first ever shots in anger whilst international forces have been deployed on a scale and in a manner unprecedented in Europe since World War Two An

understanding of why this happened is impossible without some knowledge of the history of the area before the fall of communism of how the communists came to power and how they used their authority thereafter Covering the communist states of Albania Bulgaria Romania and Yugoslavia and including Greece Richard Crampton provides a highly readable introduction to that history one that will be read by journalists diplomats and anyone interested in the region and its impact on world politics today Bulgaria under Communism Ivaylo Znepolski,Mihail Gruev,Momtchil Metodiev,Martin

Balkans Caterina Ruggeri Laderchi,Sara Savastano,2013-02-12 This book maps the latest developments in the policy relevant analysis on poverty inclusion and the social agenda in the Western Balkans It does so by presenting a selection of recent papers which explore from a methodological and analytical point of view how the inclusion agenda can be monitored and adapted to understand the challenges in the region The volume includes an overview and four sections covering respectively 1 innovations in terms of measurement of poverty and inclusion in the region the concept of inclusion as elaborated at the EU level innovations in survey design to suit the measurement of inclusion methodological insights from qualitative work 2 innovative country level analysis updating poverty mapping in inter censal years the analysis of material deprivation the analysis of determinants of social inclusion subjective wellbeing of public work programs participants 3 examples of country level analysis of drivers of exclusion barriers to formalization in the labour market gender disparities in the labour market disruption in social networks following urbanizations attitudes towards multi ethnic states 4 building inclusive safety nets an

assessment of safety nets in the region the political economy of welfare reform micro simulations of social assistance reform the adoption of better tools to improve targeting performance The chapters combine sophisticated techniques which are at the frontiers of poverty analysis small area estimation efficiency analysis applied to household welfare micro simulations with less ground breaking papers which take advantage of innovative datasets or perspectives deeply grounded in the policy dialogue in the countries of the region By providing a wide spectrum of innovative and policy relevant analytical contributions this book will be of broader interest than for observers of the region *Transitional Justice in Eastern Europe and the Former Soviet Union* Lavinia Stan, 2009-01-13 This book examines transitional justice in Eastern Europe and the former USSR exploring their attempts to come to terms with the gross human abuses which characterized their communist past It considers transitional justice in all its aspects explaining why different countries adopted different models and how successful they have been Developments in Central and East European Politics 3 Stephen White, Judy Batt, Paul G. Lewis, 2003 Problems of Economic and Political Transformation in the Balkans Ian Jeffries, 1996 Provides an assessment of the problems of transformation in the Balkan countries covering topics on both politics and economics The book gives an overview of the problems of transition and also country specific coverage including Albania Bulgaria Romania and the former Yugoslavia *Exploring Central and Eastern Europe's Biotechnology Landscape* Farah Huzair, Peter T. Robbins, 2011-08-13 At a time when the human genome has been sequenced advances in the life sciences seem to have great potential for human health industry and the environment throughout Central and Eastern Europe CEE Still for some potential risks and ethical dilemmas remain surrounding issues such as the appropriate use of GM crops stem cells genetic information the nature of intellectual property and other challenges that come with EU accession This book is the first of its kind to bring together experts from across Europe to explore the landscape of current life science policy and industrial development in CEE including implications for economies regulatory and legal frameworks health care ethics and human rights It will be essential reading for researchers and students in science and technology studies development sociology politics and law and those interested in life science development in transition economies **In Search of the Balkan Recovery** Christopher Cviic, Peter Sanfey, 2010 In the early 1990s the Balkans was rocked by the collapse of communism and the violent breakup of Yugoslavia Yet the last decade has seen Southeastern Europe transform into one of the most dynamic emerging markets in the world In Search of the Balkan Recovery tracks Yugoslavia's political evolution from conflict to cooperation and the role of growing investment and trade opportunities in facilitating this recovery Cviic and Sanfey read the history of Yugoslavia's violent disintegration against similar events in Bulgaria Romania and Albania They critically examine the involvement of the international community and contrast it against the procrastination of European leaders and the more constructive soft power approach of the European Union among other institutions They also trace the recovery of Balkan economic prospects in recent years and argue that despite our current economic crisis the downturn in the region's economic well being is likely

to be temporary The Handbook of Political, Social, and Economic Transformation Wolfgang Merkel, Raj Kollmorgen, Hans-Jürgen Wagener, 2019-01-03 Political social and economic transformation is a complex historical phenomenon. It can adequately be analysed only by a multidisciplinary approach. The Handbook brings together an international team of scholars who are specialists in their respective research fields. It introduces the most important areas, theories and methods in transformation research with particular attention placed on the historical and comparative dimension. Although focussing on post communist and other democratic transformations in our epoch, the Handbook therefore presents and discusses not only their problems, paths and developments but also deals with the antecedent waves beginning with the Meiji Restoration in Japan in 1868 and its aftermath. The book is structured into six parts. Starting with basic concepts as systems, actors and institutions, Section I gives an overview over major theoretical approaches and research methods. Sections II and III: The connection of theory and method with their application is essential, allowing special insights into the past and opens analytical avenues for transformation research in the future. Section IV provides a historically oriented description or interpretation of particular waves or types of societal transformation. With a clear focus on present transformations, the contributions to Section V provide a description and discussion of the problems, structures, actors and courses of the transformations within different spheres of civil society: politics, law and economics. Finally, brief lexicographic entries in Section VI delineate research perspectives and facts about relevant issues of societal transformation. Each of the 79 contributions contains a concise list of the most important research literature. Divorce in Europe Dimitri Mortelmans, 2020-01-30 This open access book collects the major discussions in divorce research in Europe. It starts with an understanding of divorce trends: Why was divorce increasing so rapidly throughout the US and Europe and do we see signs of a turn? Do cohabitation breakups influence divorce trends or is there a renewed stability on the partner market? In terms of divorce risks, the book contains new insights on Eastern European countries. These post socialist countries have evolved dramatically since the fall of the Wall and at present they show the highest divorce figures in Europe. Also the influence of gender and more specifically women's education as a risk in divorce is examined cross nationally. The book also provides explanations for the negative gradient in female education effects on divorce. It devotes three separate parts to new insights in the post divorce effects of the life course event by among others looking at consequences for adults and children but also taking the larger family network into account. As such, the book is of interest to demographers, sociologists, psychologists, family therapists, NGOs and politicians. This wide ranging volume details important trends in divorce in Europe that hold implications for understanding family dissolution causes and consequences throughout the world. Highly recommended for researchers and students everywhere.
