Decision Making in Aviation Don Harris, Wen-Chin Li, 2017-07-05. Decision making pervades every aspect of life. People make hundreds of decisions every day. The vast majority of these are trivial and without a right or wrong answer. In some respects, there is also nothing extraordinary about pilot decision making. It is only the setting that is different; the underlying cognitive processes are just the same. However, it is the context and the consequences of a poor decision which serve to differentiate aeronautical decision making. Decisions on the flight deck are often made with incomplete information and while under time pressure. The implications for inadequate performance are much more serious than in many other professions. Poor decisions are implicated in over half of all aviation accidents. This volume contains key papers published over the last 25 years providing an overview of the major paradigms by which aeronautical decision making has been investigated. Furthermore, decision making does not occur in isolation. It is a joint function of the flight tasks, knowledge, equipment on the flight deck, and other stressors. In this volume of collected papers, works from leading authors in the field consider all these aspects of aeronautical decision making. *Army Aviation Digest*, 1959 **The Encampment** Stephen

Davenport is an accomplished stylist with a keen ear for nuanced dialogue; he also has a knack for making serious political points with a light touch that makes them broadly accessible. A thoughtful and compelling account of the responsibilities that come with privilege. Kirkus Reviews Starred Review. There are only two rules at Miss Oliver's School for Girls that lead to automatic expulsion: stealing and permitting a male who is not a family member into a dormitory. The head of school's daughter has broken both. Trouble approaches on a warm September day when Sylvia Perrine Bickham, the head of school's daughter, gives money to a homeless man on the street. Through some prying, she and her friends learn he is a veteran of the Iraq War and probably suffering from post-traumatic stress, so they sneak food and clothing to him late at odd hours of the day and agree to tell no one—not the teachers and especially not Sylvia's mother Rachel. But talk of things gone missing from the school is getting louder, and Rachel knows something is up. More importantly, winter is coming, and Sylvia worries the man will freeze if he stays outside. Have they done all they can for him? Have they done enough? What is enough? Vivid, riveting, and utterly engrossing. *The Encampment* is the third installment of the Miss Oliver's School for Girls series.
