**Averil Cameron**

## **The Byzantine Revival 780 84:**

**Byzantium in a Changing World** James Howard-Johnston, 2025-06-13 Byzantium is commonly taken to be a somewhat exotic entity on the margin of medieval Europe bureaucratic Greek rather than Latin speaking Orthodox rather than Catholic wealthy and effete relying on cunning rather than martial exploits to foil its enemies Since the great majority of primary sources emanate from the polity's capital it is viewed from the inside out and from the top down Byzantium in a Changing World takes a very different approach viewing Byzantium and its east Roman predecessor from the outside as they cope with all manner of external threats above all the Sasanian empire and later the Arabs after they destroyed the ancient world order in the seventh century What emerges is the history of a state which managed to preserve its ideology its culture its religion and its fundamental structures as it was assailed from without In addition to the two great eastern adversaries a succession of predatory powers was fought off Huns and Avars in late antiquity followed by Bulgars in the dark age joined by Hungarians Pechenegs and Rus in the following era of revival In this accessible introduction to the history of Byzantium with six chronologically organised chapters covering the period from Late Antiquity until the fall of the Byzantine Empire in 1453 James Howard Johnston argues that Byzantium geared itself to war in the seventh century that the peasant village emerged as the basis of the social order and that it was a guerrilla style of warfare combined with well targeted diplomatic activity which ensured the state's survival and subsequent revival *The Pattern and the Image* David Vopřada, Markéta Dudziková, Viacheslav V. Lytvynenko, 2025-06-02 One of Plato's best known ideas is that the sensible world is an image of the intelligible pattern The book examines the second life of this concept in late antiquity especially in the Hellenistic Jewish and Christian milieu It opens with the discussion of the key features of the pattern image concept in Plato and Plotinus and then focuses on the adoption of this concept in the works of Philo of Alexandria and the early Christian authors Clement of Alexandria Origen Eusebius Athanasius Gregory Nazianzus Didymus the Blind Ambrose of Milan and Pseudo Athanasius The collected papers illuminate various aspects of the topic including the importance of the visible world and art in Platonism allegorical and Christological interpretations of the biblical account of creation and relation of the intelligible pattern in the Logos to the world The authors analyze the Jewish and Christian reinterpretations of the pattern image structure by looking into the ontological dignity of the image its similarity and dissimilarity to the pattern and the mutual chronology of the pattern and the image Combining theological philosophical and philological approaches the book offers a complex view of the pattern image relationship in various contexts Depicting the Word Parry, 2022-02-22 This volume is a comparative study of the major iconophile writings of John of Damascus Theodore the Studite and the Patriarch Nikephoros Contrary to expectations this study shows that far from being reactionary in their thought the iconophiles were in fact more radical in their theology than the iconoclasts Following an historical introduction the first part of the book deals with philosophical themes Titles of particular chapters include Aristotelianism Icon and Idol Patristic Authority Written and Unwritten Tradition

Modes of Veneration and Biblical Exegesis This book will be of considerable interest to scholars and students of the Byzantine iconoclastic period Readers seeking to understand the importance of icons and iconography in Byzantine Christianity will find this volume particularly useful The Virgin Mary in Byzantium, c.400-1000 Mary B. Cunningham,2022-09-08 Examines the role of the Virgin Mary in Byzantine society focusing on religious texts that promoted her cult *Byzantine Legal Culture and the Roman Legal Tradition, 867-1056* Zachary Chitwood,2017-02-27 This social history of Byzantine law offers an introduction to one of the world s richest yet hitherto understudied legal traditions In the first study of its kind Chitwood explores and reinterprets the seminal legal historical events of the Byzantine Empire under the Macedonian dynasty including the re appropriation and refashioning of the Justinianic legal corpus and the founding of a law school in Constantinople During this last phase of Byzantine secular law momentous changes in law and legal culture were underway the patronage of the elite was reflected in the legal system theological terms from Orthodox Christianity entered the vocabulary of Byzantine jurisprudence and private legal collections of uncertain origins began to circulate in manuscripts alongside official redactions of Justinianic law By using the heuristic device of exploring legal culture this book examines the interplay in law between the Roman political heritage Orthodox Christianity and Hellenic culture *The Byzantines* Averil Cameron,2009-02-04 Winner of the 2006 John D Criticos Prize This book introduces the reader to the complex history ethnicity and identity of the Byzantines This volume brings Byzantium often misconstrued as a vanished successor to the classical world to the forefront of European history Deconstructs stereotypes surrounding Byzantium Beautifully illustrated with photographs and maps **A Chronology of the Byzantine Empire** T. Venning,J. Harris,2006-01-29 This work provides a clear and comprehensive chronology of the Eastern Roman Empire from the foundation of Constantinople in 324 AD to the extinction of the last Byzantine principality in 1461 AD ultimately shedding light on a once obscure period of Eastern Mediterranean and Balkan history whose events still resonate in world politics Byzantine Religious Culture ,2011-10-28 Alice Mary Talbot has profoundly influenced Byzantine Studies in America and Europe focusing her scholarship upon the social context of Byzantine religious practices As Director of Byzantine Studies at Dumbarton Oaks and as editor of Dumbarton Oaks Papers she touched the professional lives of senior and junior Byzantinists alike This collection of twenty five articles from scholars associated with her at various stages in her career compasses such varied disciplines as art history social history literature epigraphy numismatics and sigillography contributions are grouped in three related sections Women Icons and Images and finally Texts Practices Spaces Illustrated with both b w and color images the volume is at once a varied and a coherent tribute to this extraordinary scholar Contributors are Alexander Alexakis Simon Bendall Annemarie Weyl Carr John Duffy Stephanos Efthymiadis Elizabeth A Fisher Jaroslav Folda Sharon E J Gerstel Michael Gr nbart Susan Ashbrook Harvey Angela Constantinides Hero Michel Kaplan Paul Magdalino Henry Maguire Maria Mavroudi Stamatina McGrath C ile Morrisson John Nesbitt Arietta Papaconstantinou Stratis Papaioannou Manolis

Patedakis Brigitte Pitarakis Claudia Rapp Nancy Patterson ev enko Brooke Shilling Paul Stephenson and Denis Sullivan

**Charlemagne** Roger Collins,1998-09-28 Charlemagne remains one of the most compelling figures in European history In this lively vivid portrait of an extraordinary monarch and his achievements Roger Collins profiles the most powerful and significant ruler in Western Europe between the end of the Roman Empire and the Italian Renaissance While his achievements were in some ways ephemeral after all his great Empire soon broke up he can still clearly be seen as the figure who transformed the nature of Europe and ushered in a period which has an explicit and comprehensible connection with our own The reign of Charlemagne 768 814 saw the unification under his rule of many areas of France Italy Germany Spain and central Europe as part of his attempt to create a single European wide state He revived the office of emperor in the West and his achievements inspired a succession of both military conquerors and would be unifiers of Europe up to the present day earning him the name Father of Europe

**Byzantine Warfare** John Haldon,2017-03-02 Warfare was an integral part of the operations of the medieval eastern Roman or Byzantine Empire both in its organization as well as in social thinking and political ideology This volume presents a selection of articles dealing with key aspects of Byzantine attitudes to war and violence with military administration and organization at tactical and strategic levels weapons and armaments and war making itself discussions which make an important contribution to answering the questions of how and why the empire survived as long as it did

**Saints and Spectacle** Carolyn L. Connor,2016-03-01 Saints and Spectacle explains for the first time how the spectacular gold ground mosaics of the Middle Byzantine period were likely conceived Through a recreation of the circumstances of this time Saints and Spectacle brings the Middle Byzantine church to life as the witness to a compelling and fascinating drama

**World Military History Bibliography** Barton Hacker,2003-06-01 Preclassical and indigenous nonwestern military institutions and methods of warfare are the chief subjects of this annotated bibliography of work published 1967 1997 Classical antiquity post Roman Europe and the westernized armed forces of the 20th century although covered receive less systematic attention Emphasis is on historical studies of military organization and the relationships between military and other social institutions rather than wars and battles Especially rich in references to the periodical literature the bibliography is divided into eight parts 1 general and comparative topics 2 the ancient world 3 Eurasia since antiquity 4 sub Saharan Africa and Oceania 5 pre Columbian America 6 postcontact America 7 the contemporary nonwestern world and 8 philosophical social scientific natural scientific and other works not primarily historical

**Encyclopaedic Prosopographical Lexicon of Byzantine History and Civilization: Baanes-Eznik of Kolb** Alexēs G. K.

Savvidēs,Benjamin Hendrickx,Alicia J. Simpson,Thekla Sansaridou-Hendrickx,2007 The idea of publishing an extensive Encyclopaedic Prosopographical Lexicon of Byzantine History and Civilization EPLBHC was conceived in Greece where with Alexios Savvides as founding editor the first volume of the Greek EPLBHC was prepared and eventually appeared in 1996 Six volumes have been published so far the last two V VI in early summer 2006 covering letters alpha beta gamma delta and

epsilon but obviously not including C which in Greek is divided to a large extent under K kappa and to a lesser extent under khi On the other hand the gamma entries will appear under G in the English edition Volumes I to IV of the Greek edition 1996 2002 accompanied by a separate bibliographical volume on secondary works reaching the year 1998 2000 have been extensively cited both in lengthy reviews and footnote references Thus it was recently decided to continue the project on a much larger scale and to launch it in English in this way opening it to a much wider reading public The Greek project will continue as well with each project complementing the other **The Byzantine Revival, 780-842** Warren T.

Treadgold,1991 *The Making of Orthodox Byzantium, 600-1025* Mark Whittow,1996-07-12 The book is a clear up to date reassessment of the Byzantine empire during a crucial phase in the history of the Near East Against a geopolitical background well illustrated with 14 maps it covers the last decade of the Roman empire as a superpower of the ancient world the catastrophic crisis of the seventh century and the means whereby its embattled Byzantine successor hung on in Constantinople and Asia Minor until the Abbasid Caliphate s decline opened up new perspectives for Christian power in the Near East Not confined to any narrow definition of Byzantine history the empire s neighbours allies and enemies in Europe and Asia also receive extensive treatment The Turks in the Early Islamic World C. Edmund Bosworth,2017-05-15 This volume brings together a set of key articles along with a new introduction to contextualize them on the role of Turkish peoples in the Western Asiatic world up to the 11th century Such topics as the geographical and environmental original milieux of these peoples in the forest zone and steppelands of Inner Asia the formation and breakup of tribal confederations within the steppes and the evolution of tribal structures are examined as the background for the appearance of Turks within the Islamic caliphate from the 9th century onwards These came first as military slaves then as movements of peoples such as the tribal migrations of the Oghuz leading to the establishment of the Seljuq sultanate whilst from within Islamic society individual Turkish commanders were able at the same time to build up their own military empires such as that of the Ghaznavids In this way was put in place a Turkish dominance of the northern tier of the Middle East with attendant changes in demography and land utilisation which was to last for centuries The Rise of Western Christendom Peter

Brown,2013-02-04 This tenth anniversary revised edition of the authoritative text on Christianity s first thousand years of history features a new preface additional color images and an updated bibliography The essential general survey of medieval European Christendom Brown s vivid prose charts the compelling and tumultuous rise of an institution that came to wield enormous religious and secular power Clear and vivid history of Christianity s rise and its pivotal role in the making of Europe Written by the celebrated Princeton scholar who originated the field of study known as late antiquity Includes a fully updated bibliography and index **The Wars of the Balkan Peninsula** Alexandru Madgearu,2008 The Balkan Peninsula is often referred to as the powder keg of Europe but it is more accurately described as the melting pot of Europe In *The Wars of the Balkan Peninsula Their Medieval Origins* Alexandru Madgearu discusses the ethnic heterogeneity in modern

day Bosnia Kosovo and Macedonia and traces its history Madgearu examines the historical evolution that led to the genesis of several conflicts in the Balkans The affected areas and associated events have transformed the Balkan Peninsula into an intricate ethnic mosaic where no single group of people has the majority The various ethnic and religious differences these groups possess have survived the many occupations of this land over the years whether by the Roman Byzantine or Ottoman Empires and then became manifest when the modern Balkan states were created With the dissolution of the strong outside forces once dominating the area the Balkan states prompted by political propaganda and nationalist ideologies then used history to support territorial claims defend ethnic cleansing actions and justify conflicts with other countries The Wars of the Balkan Peninsula argues that the current ethnic structure is the basis for the solution of the disputes between the Balkan states and that history should be used to explain not legitimize the conflicts Book jacket

**A Compendium of Medieval World Sovereigns** Timothy Venning, 2023-06-30 The Compendium of World Sovereigns series contains three volumes Ancient Medieval and Early Modern These volumes provide students with easy to access who s who with details on the identities and dates ages and wives where known of heads of government in any given state at any time within the framework of reference The relevant original and secondary sources are also listed in a comprehensive bibliography The text provides a clear reference guide for students to who was who and when they ruled in the dynasties and other ruler lists for the Ancient Medieval and Early Modern worlds primarily European and Middle Eastern but including available information on Africa and Asia and the pre Columbian Americas The trilogy accesses and interprets the original data plus any modern controversies and disputes over names and dating reflecting on the shifts in and widening of focus in student and academic studies Each volume contains league tables of rulers records and an extensive bibliographical guide to the relevant personnel and dynasties plus any controversies so readers can consult these for extra details and know exactly where to go for which information All relevant information is collected and provided as a one stop shop for students wishing to check the known information about a world Sovereign The Medieval volume begins with the Byzantine Empire and moves through the Crusader States the Islamic World South and East Asia Africa the Mediterranean and lastly Western and Eastern Europe Compendium of World Sovereigns Volume II Medieval provides students and scholars with the perfect reference guide to support their studies and to fact check dates people and places

*Military Literature in the Medieval Roman World and Beyond*, 2024-05-21 What do the mysterious Roman author Vegetius the Byzantine emperor Leo VI and the Chinese general Li Jing all have in common They are three of the dozens of authors across the medieval Mediterranean world and beyond who wrote works of military literature sometimes called military handbooks manuals or treatises This book brings together a multidisciplinary international team of scholars who present cutting edge essays on diverse aspects of medieval military literature While some chapters offer novel approaches to familiar authors like Vegetius some present research on under valued topics like Byzantine military illustrations and others provide holistic studies on subjects like early modern treatises

they all move the discussion of medieval military literature forward Contributors are Michael B Charles Georgios Chatzelis Pierre Cosme Maxime Emion Immacolata Eramo Michael Fulton David Graff John Haldon Catharine Hof John Hosler Savvas Kyriakidis ukasz Rycki Katharina Schoneveld Georgios Theotokis Conor Whately Michael Whitby and Nadya Williams
