Royals in Canada 5-Book Bundle Arthur Bousfield,Garry Toffoli,2016-03-21 Discover the Royal Family as they go home to Canada Collected together are five must have books on the Royal Family s relationship with Canada their tours and a Canadian perspective on their biographies Includes Royal Tours 1786 2010 Fifty Years the Queen Queen Elizabeth The Queen Mother 1900 2002 Royal Observations Royal Spring [Tax Facts Fifteen](#) , **The Netherlandic Presence in Ontario** Frans J. Schryer,2006-01-01 Schryer s central argument is that ethnic groups are as much modern myths as they are integral components of a socially constructed reality Focusing on the large cohort of immigrants from the Netherlands and the former Dutch East Indies who arrived in Canada between 1947 and 1960 Schryer shows how the Dutch despite a loss of ethnic identity and a high level of linguistic assimilation replicated many aspects of their homeland While illustrating and illuminating the diversity among immigrants sharing a common national origin Schryer keeps sight of what is common among them In doing so he shows how deeply ingrained habits were modified in a Canadian context resulting in both continuities and discontinuities The result is a variegated image reflecting a multidimensional reality *The Canadian Entomologist* ,1911 **After Marriage** Elizabeth Brake,2016 This collection of essays by liberal and feminist philosophers addresses the question of whether marriage reform ought to stop with same sex marriage Some philosophers have recently argued that marriage is illiberal and should be abolished or radically reformed to include groups and non romantic friendships In response Simon May argues that marriage law can be justified without an illiberal appeal to an ideal relationship type and Ralph Wedgwood argues that the liberal values which justify same sex marriage do not justify further extension Other authors argue for new legal forms for intimate relationships Marriage abolitionist Clare Chambers argues that piecemeal directives rather than relationship contracts should replace marriage and Samantha Brennan and Bill Cameron argue for separating marriage and parenting with parenting rather than marriage becoming legally and socially the

foundation of the family Elizabeth Brake argues for a non hierarchical friendship model for marriage Peter de Marneffe argues that polygamy should be decriminalized but that the liberal state need not recognize it while Laurie Shrage argues that polygamy could be legally structured to protect privacy and equality Dan Nolan argues for temporary marriage as a legal option while Anca Gheaus argues that marital commitments are problematic instruments for securing the good of romantic and sexual love Taken together these essays challenge contemporary understandings of marriage and the state s role in it

Middle Income Access to Justice M. Trebilcock,Anthony Duggan,Lorne Sossin,2012-05-03 Though most conceptions of the rule of law assume equality before the law and hence equal access to the justice system this basic right is not being met for many low and middle income Canadians This book focuses on the problem of civil access to justice for middle income earners those whose household income is high enough to disqualify them from legal aid but not high enough to cover the costs of litigation Featuring contributions by leading Canadian and international scholars practitioners and members of the judiciary this multidisciplinary collection draws on scholarship in the fields of law social science and public policy There is a particular emphasis on family law consumer law and employment law as these are the areas where research has indicated that unmet legal needs are highest *Middle Income Access to Justice* presents a variety of innovative solutions from dispute resolution process reforms to the development of non lawyer forms of assistance and new methods for funding legal expenses In doing so it lays the foundation for the development of a much needed new delivery model to provide early intervention for legal services
