Historical Truth and Lies About the Past Alan B. Spitzer, 2000-11-09 Historians have long struggled with the questions of historical relativism objectivity and standards of proof and evidence Intellectual historian Alan Spitzer focuses on the contradiction between theory and practice by presenting case studies of four politically charged debates about the past the response to the report of the commission chaired by John Dewey that evaluated the accusations made against Leon Trotsky in the Moscow Purge Trials of 1937 the Dreyfus Affair in turn of the century France the allegations about the extent and meaning of literary critic Paul de Man's complicity with the German occupation forces in wartime Belgium and Ronald Reagan's justification for his 1987 visit to a German cemetery where Nazi SS officers are buried Spitzer's argument centers on the ways in which the authority of objective criteria for historical judgment are introduced in politicized disputes about the past regardless of the theoretical qualification or repudiation of such standards The higher the political stakes the more likely the antagonists are to appeal to generally warranted standards of relevant evidence and rational inference Spitzer's commentary speaks to issues that transcend the specific content of the four cases he discusses

A Monument to Deceit C. Michael Hiam, 2014-03-14 It was an enigma of the Vietnam War American troops kept killing the Viet Cong and being killed in the process and yet their ranks continued to grow When CIA analyst Sam Adams uncovered documents suggesting a Viet Cong army more than twice as large as previously reckoned another war erupted this time within the ranks of America's intelligence community Although originally clandestine this conflict involving the highest levels of the U S government burst into public view during the acrimonious lawsuit *Westmoreland v CBS* The central issue in the suit as in the war itself was the calamitous failure of U S intelligence agencies to ascertain the strength of the Viet Cong and get that information to troops in a timely fashion The legacy of this failure whether caused by institutional inertia misguided politics or individual hubris haunts our nation In the era of Chelsea Manning Julian Assange and Edward Snowden Sam Adams tireless crusade for honest intelligence resonates strongly today

Who the Hell Are We Fighting? C. Michael Hiam, 2019-07-16 A tightly written narrative history Harvard magazine It was an enigma of the Vietnam War American troops kept killing the Viet Cong and were being killed in the process and yet the Viet Cong's ranks continued to grow When one man CIA analyst Sam Adams uncovered documents suggesting a Viet Cong army more than twice as numerous as previously reckoned another war erupted this time within the ranks of America's intelligence community This clandestine conflict which burst into public view during the acrimonious lawsuit *Westmoreland v CBS* involved the highest levels of the U S government The central issue in the trial as in the war itself was the calamitous failure of our intelligence agencies to ascertain the strength of the Viet Cong and get that information to our troops in a timely fashion The legacy of this failure whether due to institutional inertia misguided politics or individual hubris haunts our nation And Sam Adams tireless crusade for honest intelligence resonates strongly today To detractors like Richard Helms Adams was an obsessive zealot to others he was a patriot of rare integrity and moral courage Adams was the driving force behind the CBS ninety minute documentary *The Uncounted Enemy* produced by George Crile and hosted by Mike Wallace *Westmoreland* brought a lawsuit seeking 120 million in damages against Adams and Wallace in what headlines around the country trumpeted as the libel trial of the century *Westmoreland* dropped his suit before the case could be sent to the jury *Who the Hell Are We Fighting* is the first serious narrative history of Adams controversial discovery of the Vietnam numbers gap Hiam's book is a timeless cautionary tale that combines the best elements of biography military

history and current affairs Praise for Who the Hell Are We Fighting Hiam's book offers a rich oral history relying upon the recollections of many key players friend and foe alike as well as Adams's meticulous notes court documents and other relevant sources Library Journal In the late 1960s CIA analyst Sam Adams was almost alone in showing what one honest person can do in the face of political and bureaucratic corruption that twisted the truth about America's enemy strength during the ten year war in Vietnam Now C Michael Hiam provides new insight into Adams's epic battle Alex Beam Newsday In times of White House obfuscation it's a pleasure to be able to read about the candor against all odds of courageous patriots like Sam Adams Mike Wallace A definitive contribution to an understanding of the most acrimonious intelligence controversy of the Vietnam War George W Allen author of None So Blind A Personal Account of the Intelligence Failure in Vietnam An excellent book should bring Sam Adams's story to the attention of many who know nothing of the passions or the conflicts of that time Larry McMurtry Take up this book and let Michael Hiam lead you toward a final understanding of how military and civilian intelligence failed us during the Vietnam War John Rolfe Gardiner author of Double Stitch For more about this and other books by Michael Hiam visit thelafargeagency.com book who the hell are we fighting **La**

encouragement as His beloved child Life is full of mountains to ascend driven by our dreams ambitions and callings But it doesn't take much for even the strongest climbers to grow weary or lose their way It's important to have a mountain mindset to help us establish goals to make steady progress to achieve success to do big things for God A great mission requires from us a little grind a little hustle a little competition But also plenty of time in the valley Most people equate valley moments with difficulty and pain but a valley mentality is different according to Jonathan McReynolds He's reached the mountaintop GRAMMY Award nationwide tours millions of followers and more but he experienced more refreshment rest and encouragement from the Lord off the mountain He writes The valley is not about finishing anything studying anything or doing anything but simply being a child of God In Before You Climb Any Higher readers will discover Taking breaks from climbing is necessary for your mental health Ways to find rest renewal and authentic community in the valley Identity should never be wrapped up in success and accolades How to prepare for the mountain climb with lessons learned in the valley It's possible to live abundantly in the valley and on the mountain We are more than our accomplishments more than our mountaintop accomplishments We are sons and daughters of God who is calling us to rest in the valley to replenish our souls to be formed by the Spirit to discover abundant life that is found only in Him
