Covering figures events policies and organizations this comprehensive reference tool enhances readers appreciation of the role economics has played in U S history since 1776 A study of the U S economy is important to understanding U S politics society and culture To make that study easier this dictionary offers concise essays on more than 1 200 economics related topics Entries cover a broad array of pivotal information on historical events legislation economic terms labor unions inventions interest groups elections court cases economic policies and philosophies economic institutions and global processes Economics focused biographies and company profiles are featured as sidebars and the work also includes both a chronology of major events in U S economic history and a selective bibliography Encompassing U S history since 1776 with an emphasis on recent decades entries range from topics related to the early economic formation of the republic to those that explore economic aspects of information technology in the 21st century The work is written to be clearly understood by upper level high school students but offers sufficient depth to appeal to undergraduates In addition the general public will be attracted by informative discussions of everything from clean energy to what keeps interest rates low      **Time Restored** Jonathan Betts,2006-06-29 This is the story of Rupert T Gould 1890 1948 the polymath and horologist A remarkable man Lt Cmdr Gould made important contributions in an extraordinary range of subject areas throughout his relatively short and dramatically troubled life From antique clocks to scientific mysteries from typewriters to the first systematic study of the Loch Ness Monster Gould studied and published on them all With the title The Stargazer Gould was an early broadcaster on the BBC sChildren s Hour when with his encyclopaedic knowledge he became known as The Man Who Knew Everything Not surprisingly he was also part of that elite group on BBC radio who formed The Brains Trust giving on the spot answers to all manner of wide ranging and difficult questions With his wide learningand photographic memory Gould awed a national audience becoming one of the era s radio celebrities During the 1920s Gould restored the complex and highly significant marine timekeepers constructed by John Harrison 1693 1776 and wrote the unsurpassed classic The Marine Chronometer its History and Development Today he is virtually unknown his horological contributions scarcely mentioned in Dava Sobel s bestseller Longitude The TV version of Longitude in which Jeremy Irons played Rupert Gould did at least introduce Gould s name to a wider public Gould suffered terrible bouts of depression resulting in a number of nervous breakdowns These coupled with his obsessive and pedantic nature led to a scandalously reported separation from his wife and cost him his family his home his job and his closest friends In this first ever biography of Rupert Gould Jonathan Betts the Royal Observatory Greenwich s Senior Horologist has given us a compelling account of a talented but flawed individual Using hitherto unknown personal journals the family s extensive collection of photographs and the polymath s surviving records and

notes Betts tells the story of how Gould's early life his naval career and his celebrity status came together as this talented Englishman restored part of Britain's and the world's most important technical heritage John Harrison's marine timekeepers

*The Contest over National Security* Peter Roady, 2024-03-19 National security once was not limited to physical defense FDR equated national security with safety from foreign attack and economic want conservatives fearful of costs and federal expansion stripped out domestic policy *The Contest over National Security* explains why the US developed separate imbalanced national security and welfare states

**The Depression Decade: From New Era Through New Deal, 1929-41** Broadus Mitchell, 2017-07-05 Part of a series of detailed reference manuals on American economic history this volume traces the development and growth of American commerce from the era of the Great Depression until World War II

America's Political Class Under Fire David A. Horowitz, 2013-12-02 While the clash between what has been called the modern and undeveloped worlds has led to America's military involvement in the Middle East and other places few people realize the tension between the modern and the traditional within the United States Beginning in the 1920's professional intellectuals and academics began influencing the nation's public policy on matters as diverse as education economics and public health In this thoughtful work David A Horowitz analyzes the tension between the so called New Class of knowledge professionals and their critics who accused them of being out of touch with the common sense of everyday people strangers to the American Way even Communists *America's Political Class Under Fire* is organized over nine periods of 20th century history providing a window into everything from the Scopes evolution trial and McCarthyism to affirmative action and the Clinton health care fiasco Along the way the book explores the New Left populist conservatism and the mid 90's reaction to political liberalism which saw Newt Gingrich rise to the top post in the House of Representatives In telling these stories Horowitz seeks to encourage a more balanced and fair minded assessment of the consequences of expertise and applied intellect to democratic existence in the United States

**1 Law 4 All** Billy Angel, 2024-07-23 In Washington DC Carol looked beautiful standing on the steps of the Lincoln Memorial next to Karl her future husband They were the consummate couple surrounded by the rest of the 1 Law Foundation members and several dozen friends The day glowed with picture perfect memories for the taking As Carol and Karl kiss to complete their vows tragedy has already struck in Montana launching the Foundation's next adventure Days before the wedding in Montana at Carol's family multi generational ranch found in the early 1800's a mystery started unfolding Disturbing events on the ranch lead the Foundation members on a trek across the state into Idaho In Boise the trail suddenly turns south pointing to South America and Brazil As their mystery unwinds the foundation members must come to grips with the bizarre combination of Artificial Intelligence and Crispr technologies These become enhanced with the aid of a supercharged Quantum Computer Together the Foundation members believe that these play creative roles trying to establish an international economic system The Foundation investigates an organization that aspires to the goals of the Club of Rome with one major difference Equality across economic social and political areas is not

obtainable with a world on the abyss of destruction The Group organized in Europe before World War II believes the only saving future for mankind is a feudalistic society managed by a master race of leaders Questions arise as the Foundation members try to build a portfolio on this Group Can this technically superior organization be uncovered and exposed What makes the Group's far reaching tentacles untouchable Can they orchestrate the rise of international feudalism making it universally accepted as the governmental standard DC's a gripping tale that steers your imagination to unthinkable places What kind of sinister mind bending creations can this Group's Artificial Intelligence and Crispr technology harness with their unbridled Quantum Computer The Foundation members diverse makeup interacts with authorities and an international cast of characters during their investigation They find themselves dodging one mishap after another What kind of trouble is the Foundation gang stirring up locally and in South America Can they piece together a real global conspiracy Are they exposing a coming worldwide economic disaster Billy Angel weaves a saga that keeps on giving leaving the reader guessing what's next Enjoy this gripping page turner that asks more questions than it answers For example what's illegal about an international organization influencing countries officials with non financial means Mysteries Billy Angel addresses questions like can the disadvantages of Artificial Intelligence like the lack of emotions and fact checkers be eliminated Can AI singularity be achieved Is the 1984 society from George Orwell's book described in play today

**American Pragmatism and Organization** Nick Rumens, 2016-04-15 Emerging during the late nineteenth century in the diverse scholarship of US commentators such as Charles Sanders Peirce William James and John Dewey American pragmatism shaped many intellectual currents within a range of disciplines including politics education administrative science and religion Despite attracting attention and interest due to its conceptualization of theory in terms of its practical consequences for improving the human condition American pragmatism struggled to maintain its influence and suffered a hiatus until it experienced a renaissance within scholarly circles during the 1970s While renewed interest in American pragmatism continues to grow with some scholars distinguishing between classical neo and new forms of pragmatism it is only relatively recently that organization studies scholars have drawn upon American pragmatist philosophies for shedding new light on aspects of contemporary organizational life This edited collection builds on this emergent literature in an engaging and scholarly manner American Pragmatism and Organization is a ground breaking collection and distinctive in its book length treatment of American pragmatism as a relevant resource for analysing organisations It draws together an international body of research focused on the interconnections and interplay between American pragmatism and organizational phenomena explores the theoretical possibilities afforded by pragmatist thinking for understanding organization and illuminates the practical advantages of doing so

**The Best People** Alexander Nazaryan, 2019-06-18 An engrossing look at the Trump cabinet the scandals the incompetence the assault on the federal government the bungled attempts to impose order on an administration lost in a chaos of its own making Donald Trump promised a return to national greatness but each day of his

presidency seems to bring a new crisis a deepening sense of national unease Why and how has he failed his supporters And how has he on occasion bested his detractors The Best People takes complete measure of the Trump administration to grasp with clarity the president and his intentions and how those intentions are being carried out or subverted by the people he has hired Alexander Nazaryan argues that the assault on the administrative state promised by Steve Bannon in early 2017 never came What the American people got instead was Wilbur Ross hauling his tennis pro to confirmation hearing preparations Scott Pruitt running away from rattlesnakes Reince Priebus enduring insults from junior White House staffers And yet bungling as Trump s cabinet members have been they have managed to either damage or arrest many of the gears that make government run They have given away public lands to oil companies and allowed corporate lobbyists to make decisions about what is best for the American people and have done it all while flying on private jets and dining at the finest restaurants at taxpayers expense Meticulously reported and enthrallingly told The Best People takes readers inside the federal government under Trump s control a government assailed by the very people charged to lead it a government awash in confusion and corruption

*Dealers and Dreamers: A New Look at the New Deal* Joseph P. Lash, 2020-04-10 Pulitzer Prize winning biographer Joseph Lash s last work is an account of the men and women who helped Roosevelt pull the country out of the Great Depression When FDR took office in 1933 he set into motion the promise he made when he was first nominated the New Deal also called the Roosevelt Revolution charged the energies and imaginations of some of the most brilliant minds in the country Lash draws heavily on the private and unpublished papers of Thomas Corcoran and Benjamin Cohen the two most influential brain trusters of the time whose policies invigorated the nation and

who independently and together were driven to promote the social and economic transformations of the thirties This new look at the New Deal as the book is subtitled is a history of New Deal legislation from the banking bill that recast the Federal Reserve System on through the Public Utility Holding Company Act the Wagner Labor Relations Act the Social Security Bill and the creation of the alphabetocracy that as Mr Lash believes helped to shift control of the American economy from Wall Street to Washington a dual biography of two young New Deal lawyers Benjamin V Cohen and Thomas G Corcoran a roster of New Deal players Adolph A Berle William O Douglas Marriner Eccles Jerome Frank Leon Henderson Alger Hiss Harry Hopkins Harold Ickes Hugh S Johnson James Landis Max Lowenthal Isador Lubin Raymond Moley Frances Perkins Joseph Rauh Samuel I Rosenman and Rexford G Tugwell and Harvard Law professor and later Supreme Court Justice Felix Frankfurter the ideological struggle that went on between people like Tugwell who wanted to plan the economy and those like Frankfurter and Supreme Court Justice Louis D Brandeis who wanted to break up the trusts and restore freedom to the marketplace Dealers and Dreamers will be valuable to any reader with certain specific questions about the New Deal in mind Christopher Lehmann Haupt New York Times Dealers and Dreamers is a fascinating informative book indispensable for students of the Roosevelt presidency Arthur Schlesinger Jr The New York Review of Books The story of how our present day institutions were created Lash s excellent exploitation of the papers of both Cohen and Corcoran plus judicious use of interviews makes this a valuable work Warren F Kimball Los Angeles Times Joseph P Lash s last book is a fitting capstone to a noble career Dealers and Dreamers is a vivid evocation of an era and a fascinating portrait written with the skill of a master of some of the most wonderfully engaging figures of a glorious age in American history But more than that it is like all of Joe Lash s books and like Joe Lash s life itself a work of the most rare sincerity and integrity What shines forth from every page as it shines forth from Mr Lash s life is his unshakable determination to be truthful honest and scrupulously fair Joe has always been the standard of integrity to which I tried to hold fast and this book is a final triumphant example of the fact that he held that standard high to the last Robert Caro I found Dealers and Dreamers a veritable treasure trove of historical information about Roosevelt s Washington For that reason alone it is an important book Thomas Fleming Dealers and Dreamers not only reports the achievements and operations of the New Deal but also the spirit of the participants a spirit which I think was very much like that which must have existed among the persons who drafted the U S Constitution and put it in force in each case reflecting the excitement and satisfaction of participating in a successful revolution not against government but for government Eugene McCarthy By the Pulitzer Prize winning author of Eleanor and Franklin this is a fresh and admiring look at the original brain trusters Raymond Moley Rexford Tugwell Adolf Berle and others crucial to the legislated social transformation presided over by Franklin D Roosevelt during the Depression years Among the others Lash pays particular attention to are Thomas G Corcoran the unofficial whip of the New Deal and Benjamin V Cohen principal draftsman of several ground breaking bills sent to Congress The author describes Cohen as the intellectual coordinator of the

New Deal and the keeper of its conscience Working from Corcoran and Cohen s private papers he sheds light on the significance of the Securities Exchange Act FDR s court packing attempt the 1936 presidential campaign the effect of the New Deal on black Americans and other issues throughout the decade before Pearl Harbor Publishers Weekly Lash focuses on two talented technocrats Benjamin V Cohen and Thomas C Corcoran protégés of Felix Frankfurter then a professor at Harvard Law School Though neither had held high office both played important frequently pivotal roles in drafting and ensuring passage of vital New Deal measures like the Securities Exchange Act of 1934 Pragmatists as well as idealists Cohen and Corcoran viewed politics as the art of the possible With revolution a decided possibility they opted for trial and error reform as the best means to the end of preserving any vestige of a free enterprise constitutional system Kirkus Reviews Lash has written an absorbing narrative that captures the spirit of those yeasty times when a heady generation of young intellectuals was ready to roll up its sleeves to rescue America R Frank Saunders Jr The Georgia Historical Quarterly Dealers and Dreamers conveys an unmistakable sense that there was something special about the experience of the generation of lawyers who entered public service in the 1930 s G Edward White Harvard Law Review *Congressional Record* United States. Congress,1936 **Idea Brokers** James A. Smith,1993-11-08 From Simon Schuster The Idea Brokers is James A Smith s exploration of think tanks and the rise of the new policy elite Tracing the rise of the think tank from the turn of the century to the present historian Smith provides a portrait of this policy elite and concludes that experts have preempted the public debate by helping to remove complex issues from the ken of ordinary citizens **Advocate for the Doomed** James G. McDonald,2007-04-25 Chronicles the efforts of this principled and persistent man to save Jews and others from the horrors of Nazism Foreign Affairs The private diary of James G McDonald 1886 1964 offers a unique and hitherto unknown source on the early history of the Nazi regime and the Roosevelt administration s reactions to Nazi persecution of German Jews Considered for the post of US ambassador to Germany at the start of FDR s presidency McDonald traveled to Germany in 1932 and met with Hitler soon after the Nazis came to power Fearing Nazi intentions to remove or destroy Jews in Germany in 1933 he became League of Nations High Commissioner for Refugees and sought aid from the international community to resettle outside the Reich Jews and others persecuted there In late 1935 he resigned in protest at the lack of support for his work This is the eagerly awaited first of a projected three volume work that will significantly revise the ways that scholars and the world view the antecedents of the Holocaust the Shoah itself and its aftermath A compelling look at one man s efforts to do something about a looming catastrophe At times the book is inspiring McDonald s prescience and energy are simply amazing But because we know what is soon to happen to Europe s Jews we share his frustration that no one seems to be listening We feel what it was to be an advocate for the doomed The Wall Street Journal The diaries show that McDonald believed as early as 1933 that the Nazis were considering the mass killing of Europe s Jews The New York Times For the Survival of Democracy Alonzo L. Hamby,2004 For the Survival of Democracy is a masterful retelling of the prewar crisis

years that situates Franklin Roosevelt and America in the larger context of German British and world history rendering the most accurate picture to date of FDR's extraordinary leadership      American Default Sebastian Edwards, 2019-09-10 The untold story of how FDR did the unthinkable to save the American economy      **Millions Like Us?** Visiting Senior Fellow Department of Psychology Nicky Hayes, 1999-01-01 This collection of essays brings together the latest historical research on cultural production and reception during the Second World War It covers the way in which cultural provision was viewed by the labour movement and industry
