The Buddhist Doctrine Of The Trinity:

An Introduction to Mahayana Buddhism William Montgomery McGovern, 1922 *The Trinitarian Dharma* Pabitra Mani Bhandari, 2025-02-25 As the gospel continues to spread to the farthest corners of the world the Christian faith encounters an array of diverse cultures religions philosophies and belief systems This encounter serves as a catalyst for transformation as Christianity both influences and is influenced by the new frontiers it reaches The book at hand endeavors to explore this dynamic process particularly focusing on the Trinitarian theology as a potent force for transformation Moreover it seeks to uncover the resonance between Christian concepts and the rich tapestry of Dharma thereby enhancing our understanding of the Trinity In essence this book serves as a pivotal example of how abstract theological ideas can be made relevant and meaningful in the context of a multicultural and multireligious world It embodies an approach to Christian theology that is both interreligious and interdisciplinary emanating from a global Christian perspective that embraces diversity and dialogue

The Routledge Handbook of Buddhist-Christian Studies Carol Anderson, Thomas Cattoi, 2022-09-30 Buddhist Christian dialogue has a long and complex history that stretches back to the first centuries of the common era Comprising 42 international and disciplinarily diverse chapters this volume begins by setting up a framework for examining the nature of Buddhist Christian interreligious dialogue discussing how research in this area has been conducted in the past and considering future theoretical directions Subsequent chapters delve into important episodes in the history of Buddhist Christian dialogue contemporary conversations such as monastic interreligious dialogue multiple religious identity and dual religious practice and Buddhist Christian cooperation in social justice social engagement pastoral care and interreligious education settings The volume closes with a section devoted to comparative and constructive explorations of different speculative themes that range from the theological to the philosophical or experiential This handbook explores how the study of Buddhist Christian relations has been and ought to be done The Routledge Handbook of Buddhist Christian Studies is essential reading for researchers and students interested in Buddhist Christian studies Asian religions and interreligious relationships It will be of interest to those in fields such as anthropology political science theology and history **The Spirit of Contradiction in Christianity and Buddhism** Hugh R. Nicholson, 2016 In this book Hugh Nicholson argues that seemingly counterintuitive and abstract religious concepts such as the Christian Trinity and the Buddhist concept of No self have developed out of social identity processes more specifically as a result of hegemonic struggles and intra and inter religious rivalry **Buddhist Christianity** Ross Thompson, 2010-08-27 It is possible to be a Christian Buddhist in the context of a universal belief that sits fairly lightly on both traditions Ross Thompson takes especially seriously the aspects of each faith that seem incompatible with the other no God and no soul in Buddhism for example and the need for grace and the historical atonement on the cross in Christianity Buddhist Christianity can be no bland blend of the tamer aspects of both faiths but must result from a wrestling of the seeming incompatibles allowing each faith to shake the other to its very

foundations The author traces his personal journey through which his need for both faiths became painfully apparent He explores the Buddha and Jesus through their teachings and the varied communities that flow from them investigating their different understandings of suffering and wrong self and liberation meditation and prayer cosmology and God or not He concludes with a bold commitment to both faiths *The Theosophist* ,1922 Buddhism Its Historical, Theoretical and Popular Aspects. In Three Lectures by Ernest J. Eitel Ernest J. Eitel,1873 **The Buddha-Christ as the Lord of the True Self** Fritz Buri,1997 This translation of a 1982 volume published in Bern Paul Haupt Verlag by a Swiss theologian with a longstanding interest in dialogue between Buddhism and Christianity features an examination of the Kyoto school of Japanese philosophers who attempted to engage with both Christianity and secular Wes *Buddhism* Ernest John Eitel,1879

Paul Tillich and Asian Religions Ka-fu Keith Chan,Yau-nang William Ng,2017-08-21 This volume investigates Paul Tillich s relationship to Asian religions and locates Tillich in a global religious context It appreciates Tillich s heritage within the western and eastern religious contexts and explores the possibility of global religious cultural understanding through the dialogue of Tillich s thought and East West religious cultural matrix The Open court ,1897 **Where Is This God of Yours?** Jean Denomme,2010-07-16 Offering both intellectual refreshment and spiritual encouragement Where is This God of Yours explores the potential of evolutionary theory to transform how we see ourselves our relationships our belief systems and our purpose for being here Gathered from years of research and reading Jean Denomme has woven her interests in history science and theology into this thorough discussion of evolutionary theory the nature of human consciousness and the nature of God Where is This God of Yours raises questions of God and presents basic evolutionary theory in regard to the development of the universe earth and humans It examines Catholic teachings human behavior and human purpose within an evolutionary context while providing insights into the sources of human suffering and consequent personal and social responsibility This exploration of science and faith is geared for Catholics and other Christians who are looking for a way to believe without turning off their minds and for those who want to find a more engaging purpose for living on earth than the hope of some mythical life in another world Logical Criticism of Buddhist Doctrines Avi Sion,2017-12-17 Logical Criticism of Buddhist Doctrines is a thematic compilation by Avi Sion It collects in one volume the essays that he has written on this subject over a period of some 15 years after the publication of his first book on Buddhism Buddhist Illogic It comprises expositions and empirical and logical critiques of many though not all Buddhist doctrines such as impermanence interdependence emptiness the denial of self or soul It includes his most recent essay regarding the five skandhas doctrine

The Meaning of Life in Hinduism and Buddhism Floyd H Ross,2013-05-13 Originally published in 1952 This volume by discussing significant insights of Hinduism and Buddhism answers the question What is the meaning of life It illustrates the importance of Buddhist and Hindu teachings and their relevance to the West as well as clarifying some of the religious and philosophical problems Western readers must grapple with **Buddhism** Ernest J. original first published in 1873 *Encyclopaedia of Religion and Ethics: Suffering-Zwingli* James Hastings, John Alexander Selbie, 1922 **Comparative Religion** Alfred Shenington Geden, 1917 Pneumatology and the Christian-Buddhist Dialogue Amos Yong, 2012-07-26 Recent thinking in Christian theology of religions has taken a pneumatological turn which asks how the doctrine of the Holy Spirit can contribute to the interreligious dialogue and to the emerging discourse of comparative theology Pneumatology and the Christian Buddhist Dialogue Does the Spirit Blow through the Middle Way tests the viability of this approach as applied to the Christian Buddhist dialogue Various Christian and Buddhist traditions are compared and contrasted within a pneumatological framework Is the Holy Spirit to be found along the Buddha's middle way Some Christians say yes while others demur The thesis of this volume is that such a pneumatological perspective opens up possibilities for the deepening and transformation of Christian theology in the religiously plural world of the twenty first century A Christian Theology of Suffering in the Context of Theravada Buddhism in Thailand Satanun Boonyakiat, 2020-06-30 In this book Satanun Boonyakiat elucidates a Christian theology of suffering relevant to the context of Theravada Buddhism in Thailand Grounding his work in a trinitarian comparative theology of religions Boonyakiat explores the ways in which Buddhist teachings on suffering specifically the Four Noble Truths can challenge enrich and deepen a Christian perspective Ultimately Dr Boonyakiat suggests a Christian theology of suffering relevant to the people of Thailand both Christian and Buddhist alike must move beyond a traditional western emphasis on theodicy to address a practical response to suffering's lived reality a response rooted firmly in Scripture and grounded in a theology of the cross **The Open Court** Paul Carus, 1897 vols 46 47 have special title New Orient Society monograph
