## **The Buried Houses:**

**The Buried Houses** David Mason,1991      **The Buried Past** John L. Cotter,Daniel G. Roberts,Michael Parrington,1992  
The Buried Past presents the most significant archaeological discoveries made in one of America s most historic cities Based on more than thirty years of intensive archaeological investigations in the greater Philadelphia area this study contains the first record of many nationally important sites linking archaeological evidence to historical documentation including Interdependence and Valley Forge National Historical Parks It provides an archaeological tour through the houses and life ways of both the great figures and the common people It reveals how people dined what vessels and dishes they used and what their trinkets and secret sins were      *Navy Civil Engineer* ,1972      **Safe Houses and the Underground Railroad in East Central Ohio** Janice VanHorne-Lane,2010-11-29 For slaves fleeing captivity the Underground Railroad was the most viable means of escape and with over three thousand miles of clandestine routes and secret trails Ohio had the country s most extensive network of safe houses A great number of these passageways were concentrated throughout the state s east central region particularly the inland channels of Coshocton Holmes and Guernsey Counties and the now famous canal route a major conduit winding through Tuscarawas and Stark Counties Similarly runaways sought refuge in the hills and valleys of Harrison County as well as in the Quaker stronghold of Columbiana County Using the letters of Wilbur H Seibert along with contemporary photographs of area safe houses Janice VanHorne Lane provides an intimate account of east central Ohio s profound contributions to the Underground Railroad and its mission freedom for all      **Radon Reduction Techniques for Existing Detached Houses** D. Bruce Henchel,1993      **Governor's Houses and State Houses of British Colonial America, 1607-1783** Hoke P. Kimball,Bruce Henson,2017-05-11 This comprehensive survey of British colonial governors houses and buildings used as state houses or capitols in the North American colonies begins with the founding of the Virginia Colony and ends with American independence In addition to the 13 colonies that became the United States in 1783 the study includes three colonies in present day Florida and Canada East Florida West Florida and the Province of Quebec obtained by Great Britain after the French and Indian War      **A History of the Six Houses of Friars in Northampton** Robert Meyricke Serjeantson,1911      Federal Register ,1963-12      **House Decorating and Painting** William Norman Brown,1900      **The Lord of Lies** Sam Bowring,2012-08-28 The world is crumbling Fissures crack the shaking ground babes are born with twisted limbs and the taste of apples is just a memory Rostigan and the Priestess Yalenna must face those Wardens who remain bent on steeping the land in ruin and somehow close the growing Wound in the Great Spell Standing in their way is a pitiless army commanded by a madman a sky full of silkjaws and worst of all an old friend once betrayed whom they must now convince to join them again There is only one thing for it Rostigan must break an ancient oath and use powers he has dared not touch powers that could tip the balance in favour of the spreading corruption Caught in a web of his own deceit he struggles to live the lies he has spun for if he cannot Aorn itself may well be doomed      **Delirio—The Fantastic,**

**the Demonic, and the Réel** Marie Theresa Hernández,2010-01-01 Striking inexplicable stories circulate among the people of Nuevo Le n in northern Mexico Stories of conversos converted Jews who fled the Inquisition in Spain and became fabulously wealthy in Mexico Stories of women and children buried in walls and under houses Stories of an entire secret city hidden under modern day Monterrey All these stories have no place or corroboration in the official histories of Nuevo Le n In this pioneering ethnography Marie Theresa Hern ndez explores how the folktales of Nuevo Le n encode aspects of Nuevolenese identity that have been lost repressed or fetishized in legitimate histories of the region She focuses particularly on stories regarding three groups the Sephardic Jews said to be the original settlers of the region the disappeared indigenous population and the supposed barbaric society that persists in modern Nuevo Le n Hern ndez s explorations into these stories uncover the region s complicated history as well as the problematic and often fascinating relationship between history and folklore between officially accepted facts and fictions that many Nuevoleneses believe as truth **The Spiro Ceremonial**

**Center** James A. Brown,1996-01-01 In Volume I of this two volume set James A Brown reports on and interprets decades of archaeological investigation at the Spiro Ceremonial Center a major site along the Arkansas River in eastern Oklahoma In Volume 2 he describes the archaeological collections in detail covering burials ceramics stone tools pipes beads textiles ornaments and animal bone Foreword by James B Griffin Contributions by Alice M Brues Lyle W Konigsberg Paul W Parmalee and David H Stansbery **Rules and Regulations** United States. **The Rock-Art of Eastern North America** Carol Diaz-Granados,James R. Duncan,2004-11-28 Showcases the wealth of new research on sacred imagery found in twelve states and four Canadian provinces In archaeology rock art any long lasting marking made on a natural surface is similar to material culture pottery and tools because it provides a record of human activity and ideology at that site Petroglyphs pictographs and dendroglyphs tree carvings have been discovered and recorded throughout the eastern woodlands of North America on boulders bluffs and trees in caves and in rock shelters These cultural remnants scattered on the landscape can tell us much about the belief systems of the inhabitants that left them behind The Rock Art of Eastern North America brings together 20 papers from recent research at sites in eastern North America where humidity and the actions of weather including acid rain can be very damaging over time Contributors to this volume range from professional archaeologists and art historians to avocational archaeologists including a surgeon a lawyer two photographers and an aerospace engineer They present information drawings and photographs of sites ranging from the Seven Sacred Stones in Iowa to the Bald Friar Petroglyphs of Maryland and from the Lincoln Rise Site in Tennessee to the Nisula Site in Quebec Discussions of the significance of artist gender the relationship of rock art to mortuary caves and the suggestive link to the peopling of the continent are particularly notable contributions Discussions include the history

ethnography recording methods dating and analysis of the subject sites and integrate these with the known archaeological data
