The Psychological Solution Alpheus Hyatt Verrill,2012-01-30 A body appeared mysteriously in the trash can ExcerptHenry Columbus khaki clad his ebon face gray with ashes and dust and driver of one of those two wheeled abominations maintained by the municipality of New York for the reception of rubbish and the dispersal of dust over passengers was industriously emptying the ash cans on the north side of West 85th Street It was a charming spring morning and Henry well content with the world and himself was whistling cheerily while he worked As he rolled the battered iron containers to the curb and raising them dumped their contents into his vehicle he glanced at the miscellaneous odds and ends that poured from them ever on the watch for some discarded but still serviceable article which he might salvage Farther down the street and working east from Amsterdam Avenue on the opposite side of the thoroughfare was Tony Celentano with his wagon Like Henry the Italian was also on the alert for chance treasure trove among the rubbish As the dusky namesake of the famous discoverer reached the group of cans before a block of brown stone front houses he noticed that one of the receptacles was filled to overflowing with a bulging patched burlap bag Whatever the contents were they were heavy and wondering vaguely what the can contained Henry heaved it over the edge of his cart The bag however was tightly jammed into the can and in order to dislodge it he was forced to clamber onto the half filled wagon Grumbling a bit at the extra labor involved he grasped the sacking with a huge black paw and tugged at the bundle **Ghost Settlement on the Prairie**

Joseph V. Hickey,1995 Four miles southeast of the village of Matfield Green in Chase County Kansas the heart of the Flint Hills lies the abandoned settlement of Thurman At the turn of the century Thurman was a prosperous farming and ranching settlement with fifty one households a post office two general stores a blacksmith shop five schools and a church Today only the ruins of Thurman remain Joseph Hickey uses Thurman to explore the settlement form of social organization which along

with the village hamlet and small town was a dominant feature of nineteenth and early twentieth century American life. He traces Thurman's birth in 1874, its shallow rises and falls, and its demise in 1944. Akin to what William Least Heat Moon did for Chase County in Prairie Earth, Hickey provides a deep map for one post office community and consequently tells us a great deal about America's rural past. Describing the shifting relationships between Thurmanites and their Matfield Green neighbors, Hickey details how social forces set in motion by the American ideal of individualism and the machinations of capitalist entrepreneurs produced a Darwinian struggle between Thurman stock raisers and Flint Hills cattle barons that ultimately doomed Thurman. Central to the story are the concept of ordinary entrepreneurship and the profoundly capitalist attitudes of the farmers who settled Thurman and thousands of other communities dotting the American landscape. Hickey's account of Thurman's social organization and disintegration provides a new perspective on what happened when the cattle drives from Texas and the Southwest shifted in the 1880s from the Kansas cowtowns to the Flint Hills. Moreover, he punctures numerous myths about the Flint Hills, including those that cattle dominated because the land is too rocky to farm or that Indians refused to farm because of traditional beliefs. Like many other small rural communities, Hickey argues, Thurman during its seventy-year history was actually several different settlements. A product of changing social conditions, each one resulted from shifting memberships and boundaries that reflected the efforts of local entrepreneurs to use country schools, churches, and other forms of social capital to gain advantages over their competitors. In the end, Thurman succumbed to the impact of agribusiness, which had the effect of transforming social capital from an asset into a liability. Ultimately, Hickey shows the settlement's fate echoed the decline of rural community throughout America.

The Forgers Bradford

Morrow, 2014-11-04 A brutal murder incites paranoia in the rare book world in a brilliantly written, lethally enthralling novel of literary suspense. Joyce Carol Oates: The bibliophile community is stunned when a reclusive collector, Adam Diehl, is found on the floor of his Montauk home, hands severed, surrounded by valuable inscribed books and original manuscripts that have been vandalized beyond repair. Adam's sister, Meghan, and her lover, Will, a convicted and unrepentant literary forger, struggle to come to terms with the incomprehensible murder. But when Will begins receiving threatening handwritten letters seemingly penned by Henry James and A. Conan Doyle, he's drawn into a web of deception with which he's unnervingly familiar. Yet this time it's putting his own life in jeopardy. From its provocative opening line, *The Forgers* takes on a knowing, nourish tone like a crime movie by the Coen brothers. The Miami Herald, while quite skillfully paying homage to one of Agatha Christie's most famous whodunits. Yet even then, Morrow offers a few twists of his own and will keep all but the most astute mystery aficionado guessing until the end. The Washington Post.
