Rumer Godden Lucy Le-Guilcher,2016-04-08 From 1929 to 1997 Rumer Godden published more than 60 books including novels biographies children s books and poetry this is the first collection devoted to this important transnational writer Focusing on Godden s writing from the 1930s onward the contributors uncover the breadth and variety of the literary landscape on display in works such as Black Narcissus The Lady and the Unicorn A Fugue in Time and The River Often drawing on her own experiences living in India and Britain Godden establishes a diverse narrative topography that allows her to engage with issues related to her own uncertain position as an author representing such nomadic Others as gypsies or taking up the displacements brought about by international conflict Recognizing that studies of the transnational must consider the condition of enforced and elected exile within the changing political and cultural borders of postcolonial nations the contributors position Godden with respect to different and overlapping fields of inquiry modern literary history colonial postcolonial and transnational studies inter media studies and children s literature Taken together the essays in this volume

demonstrate the richness and variety of Godden's writing and render the myriad ways in which Godden is an important critical presence in mid twentieth century fiction

Popular Children's Literature in Britain Julia Briggs, Dennis Butts, 2016-12-05 The astonishing success of J K Rowling and other contemporary children's authors has demonstrated how passionately children can commit to the books they love But this kind of devotion is not new This timely volume takes up the challenge of assessing the complex interplay of forces that have created the popularity of children's books both today and in the past The essays collected here ask about the meanings and values that have been ascribed to the term popular They consider whether popularity can be imposed or if it must always emerge from children's preferences And they investigate how the Harry Potter phenomenon fits into a repeated cycle of success and decline within the publishing industry Whether examining eighteenth century chapbooks fairy tales science schoolbooks Victorian adventures waif novels or school stories these essays show how historical and publishing contexts are vital in determining which books will succeed and which will fail which bestsellers will endure and which will fade quickly into obscurity As they considering the fiction of Angela Brazil Enid Blyton Roald Dahl and J K Rowling the contributors carefully analyse how authorial talent and cultural contexts combine in often unpredictable ways to generate and sometimes even sustain literary success

The Mummy's Curse Roger Luckhurst, 2012-10-25 In the winter of 1922-23 archaeologist Howard Carter and his wealthy patron George Herbert the Fifth Earl of Carnarvon sensationally opened the tomb of Tutankhamen Six weeks later Herbert the sponsor of the expedition died in Egypt The popular press went wild with rumours of a curse on those who disturbed the Pharaoh's rest and for years followed every twist and turn of the fate of the men who had been involved in the historic discovery Long dismissed by Egyptologists the mummy's curse remains a part of popular supernatural belief Roger Luckhurst explores why the myth has captured the British imagination across the centuries and how it has impacted on popular culture Tutankhamen was not the first curse story to emerge in British popular culture This book uncovers the true stories of two extraordinary Victorian gentlemen widely believed at the time to have been cursed by the artefacts they brought home from Egypt in the nineteenth

century These are weird and wonderful stories that weave together a cast of famous writers painters feted soldiers lowly smugglers respected men of science disreputable society dames and spooky spiritualists Focusing on tales of the curse myth Roger Luckhurst leads us through Victorian museums international exhibitions private collections the battlefields of Egypt and Sudan and the writings of figures like Arthur Conan Doyle Rider Haggard and Algernon Blackwood Written in an open and accessible style this volume is the product of over ten years research in London s most curious archives It explores how we became fascinated with Egypt and how this fascination was fuelled by myth mystery and rumour Moreover it provides a new and startling path through the cultural history of Victorian England and its colonial possessions

The Man Who Saved Kabuki Okamoto Shiro, 2001-04-01 As part of its program to promote democracy in Japan after World War II the American Occupation headed by General Douglas MacArthur undertook to enforce rigid censorship policies aimed at eliminating all traces of feudal thought in media and entertainment including kabuki Faubion Bowers 1917 1999 who served as personal aide and interpreter to MacArthur during the Occupation was appalled by the censorship policies and anticipated the extinction of a great theatrical art He used his position in the Occupation administration and his knowledge of Japanese theatre in his tireless campaign to save kabuki Largely through Bowers s efforts censorship of kabuki had for the most part been eliminated by the time he left Japan in 1948 Although Bowers is at the center of the story this lively and skillfully adapted translation from the original Japanese treats a critical period in the long history of kabuki as it was affected by a single individual who had a commanding influence over it It offers fascinating and little known details about Occupation censorship politics and kabuki performance while providing yet another perspective on the history of an enduring Japanese art form Read Bowers impressions of Gen MacArthur on the Japanese American Veterans Association website
