**Cultural Gumbo, Our Roots, Our Stories** Marian Olivia Heath Griffin, 2018-05-18 There is no subject in the world more stereotypical than slavery of African Americans This book is about four families my mother and father's families and my husband's mother and father's families dating back to the era before slaves were brought out of Africa Historically our families evolved on a continuous basis and have proven to have been strong resilient people whose hopes and dreams were not easily squelched We have researched the backgrounds of these relatives who were a part of the Atlantic slave trade because I want my children and grandchildren as well as the world to know who their ancestors were I want them to know under what circumstances they came to America and finally became citizens with voting rights educational and financial privileges marital rights and freedom I want to clear up the misrepresentation and confusion of facts about slavery and the black man's worth Slaves over the last two thousand years have become a misnomer

to our young people's minds and there is little knowledge of this period. Many civilizations and nations have been involved in slavery during the course of history. Contemporary records and archival documents were sought in an effort to reach greater heights of authenticity, enhance ancestral reality, and relate the facts to younger generations.

**A Voice Calls in the Night Find My People Save My People** Marian Olivia Heath Griffin, 2019-12-18. IT HAS BEEN ESTABLISHED that African Americans have been and are still being subjected to marginalized and harsh treatment today in America. We came to the Americas a million years ago and helped build this wilderness country. It is incumbent upon us as a nation to come to grips with the humanness of all people and treat each other with respect and love, acknowledging each other's skills, talents, and achievements. We are a strong nation of people. Let's not allow the weak racial prejudicial side of us to rule us. We can only move forward if we have a collective truthful and faithful heart. There is something inherent in all of us that should not be stifled or extinguished. We are all put on earth for a specific purpose. All generations should be given an opportunity to be what we can be as our Creator ordained it.

**The Great American History Fact-finder** Pam Cornelison, Ted Yanak, 2004. Over 2,000 entries covering the who, what, where, when, and why of U.S. history. Thumbnail **Choice**, 2000. **Reference and Information Services** Richard E. Bopp, Linda C. Smith, 2011-05-23. Reflecting the dramatic changes shaped by rapidly developing technologies over the past six years, this new fourth edition of *Reference and Information Services* takes the introduction to reference sources and services significantly beyond the content of the first three editions. In Part I, Concepts and Processes, chapters have been revised and updated to reflect new ideas and methods in the provision of reference service in an era when many users have access to the Web. In Part II, Information Sources and Their Use, discussion of each source type has been updated to encompass key resources in print and on the Web where an increasing number of freely available sources join those purchased or licensed by libraries. A number of new authors are contributors to this new edition, bringing to their chapters their experience as teachers of reference and as practitioners in different types of libraries. Discussions of services in Part I integrate digital reference as appropriate to each topic, such as how to conduct a reference interview online using instant messaging. Boxes interspersed in the text are used to present scenarios for discussion to highlight key concepts or to present excerpts from important documents. Discussions of sources in Part II place more emphasis on designing effective search strategies using both print and digital resources. The chapter on selection and evaluation of sources addresses the changing nature of reference collections and how to evaluate new types of sources. Each chapter concludes with an updated list of additional readings to guide further study. A new companion website will provide links to Web-accessible readings and resources as well as additional scenarios for discussion and example search strategies to supplement those presented in the text.
