*The Canary Islanders* John Mercer, 1980      **The Canary Islanders of Louisiana** Gilbert C. Din, 1999-08-01 The Canary Islanders or Isleños of Louisiana like some of the state's other ethnic groups have received little scholarly attention. Although they are a people who have remained largely unknown both inside and outside of Louisiana, the Isleños constitute a sizable portion of the state's present Spanish surname population. Utilizing a wide range of source materials from Spanish colonial documents to oral interviews, Gilbert C. Din's *The Canary Islanders of Louisiana* provides the first book-length study of the Isleños and a definitive history of their presence in the state. The few thousand Canary Islanders brought to Louisiana by Spanish governors in the eighteenth century came from a group of islands that although ostensibly Spanish had evolved its own distinctive culture and folkways. Settled in frontier areas considered strategic for the defense of the Louisiana colony, the Isleños suffered deprivation, neglect, and eventually abandonment. Living for the most part in remote back country and delta communities, the Isleños remained isolated from their French and American neighbors. In the twentieth century, pressures to assimilate with the mainstream of Louisiana society have threatened their culture with extinction, though a few Canarians still retain much of their Isleño heritage. Gilbert C. Din's study of the Isleños covers the entire range of their association with Louisiana. He begins with a brief survey of Canarian history and folkways and concludes with a discussion of the likely ethnic future of the increasingly assimilated Isleño descendants. Din provides a detailed history of the Isleño migration and colonial settlement, post-colonial community development, economic, social, educational, and political patterns, and the course of Isleño assimilation with the general Louisiana population. Offering his own skillfully argued answers to long-standing debates about early Isleño settlements, Din also corrects a number of factual errors on the part of previous historians who did not have access to the same range of archival sources. *The Canary Islanders of Louisiana* is a strong piece of historical scholarship. It makes an original and much-needed contribution to the history of a people of Louisiana and of the American South.

*On the Social Origins of Medieval Institutions*, 2021-09-20 A collection of essays celebrating the career of Joseph F. O'Callaghan, a noted historian of Spanish history. Written by his students and colleagues, they explore the relationship between human society and the institutions it produces. The first part of the book, *The Influence of Law on Society*, contains essays exploring the laws and customs regarding such social institutions as marriage, the care of the sick, and Jews. The second part, *The Relationship between Government and War*, focuses on the institutional and technological innovations that the crown and parliament in Spain and England developed to wage war.

*Iberia and the Mediterranean World of the Middle Ages, Volume II* Kagay, Padilla, Paul Chevedden, 2021-09-20 Brill's series *The Medieval Mediterranean* has established itself as the main forum for studies exploring all aspects of the Mediterranean world during a period of 1000 years. Civilian-Driven Violence and the Genocide of Indigenous Peoples in Settler Societies Mohamed Adhikari, 2021-07-12 Existing studies of settler colonial genocides explicitly consider the roles of metropolitan and colonial states and their military forces in the perpetration of exterminatory violence in settler colonial situations yet rarely pay specific attention to the dynamics around civilian driven mass violence against indigenous peoples In many cases however civilians were major if not the main perpetrators of such violence The focus of this book is thus on the role of civilians as perpetrators of exterminatory violence and on those elements within settler colonial situations that promoted mass violence on their part

*Encyclopedia of the Atlantic World, 1400-1900* David Head, 2017-11-16 A first of its kind reference resource traces the interactions among four Atlantic facing continents Europe

Africa and the Americas including the Caribbean between 1400 and 1900 Until recently the age of exploration and empire building was researched and taught within imperial and national boundaries The histories of Europe Africa North America and South America were told largely as independent stories with the development of individual places within each continent further separated from each other The indigenous populations of places colonized by Europeans fit into the history even more uneasily often mentioned only in passing Encyclopedia of the Atlantic World 1400 1900 synthesizes a generation of historical scholarship on the events on four continents providing readers an invaluable introduction to the major people places events movements objects concepts and commodities of the Atlantic world as it developed during a key period in history when the world first started to shrink The entries discuss specific topics with an eye toward showing how individual items people and events were connected to the larger Atlantic world This accessibly written reference book brings together topics usually treated separately and discretely alleviating the need for extra legwork when researching and it draws from the latest research to make a vast body of scholarship about seemingly far flung places available to readers new to the field

**The World of Juba II and Kleopatra Selene** Duane W Roller, 2004-02-24 Raised and educated in Rome Juba II 48 BC AD 23 was sent to uphold Roman interests in northwest Africa as ruler of the client kingdom of Mauretania Together with his wife Kleopatra Selene daughter of Marcus Antonius and Kleopatra VII he established a rich multicultural environment at their capital renamed Caesarea where Egyptian Hellenistic Greek and indigenous elements came together Juba combined a reign of more than half a century with a career as a distinguished scholar and writer producing an extensive collection of works and shaping Roman knowledge of the southern half of the known world from the Atlantic coast of northwest Africa to India This book explores the complex culture and legacy of the kingdom with emphasis on Juba's scholarship and the world created by these two remarkable monarchs This detailed and comprehensive study is not only the first examination in English of Juba's life and career but the first critical analysis of the king both as an implementer of the Augustan political artistic and intellectual programme and as a notable scholar

Medieval Ethnographies Joan-Pau Rubies, 2017-05-15 From the twelfth century a growing sense of cultural confidence in the Latin West at the same time that the central lands of Islam suffered from numerous waves of conquest and devastation was accompanied by the increasing importance of the genre of empirical ethnographies From a global perspective what is most distinctive of Europe is the genre's long term impact rather than its mere empirical potential or its ethnocentrism all of which can also be found in China and in Islamic cultures Hence what needs emphasizing is the multiplication of original writings over time their increased circulation and their authoritative status as a scientific discourse The empirical bent was more characteristic of travel accounts than of theological disputations in fact the less elaborate the theological discourse the stronger the ethnographic impulse although many travel writers were clerics This anthology of classic articles in the history of medieval ethnographies illustrates this theme with reference to the contexts and genres of travel writing the transformation of enduring myths ranging from oriental marvels to the virtuous

ascetics of India or Prester John the practical expression of particular encounters from the Mongols to the Atlantic and the various attempts to explain cultural differences either through the concept of barbarism or through geography and climate
