About the Novel: The Girl Who Drank the Moon follows the tale of Luna, who must quickly overcome the obstacles that were hidden from her in order to save the ones she loves. In the Protectorate village, each year the Elders sacrifice a newborn baby to the witch who lives in the forest. This sacrifice ensures the Protectorate's safety for another year. What the villagers don't know is that there is no witch at least not an evil one living in the forest. Not knowing why these babies are left to die, the witch Xan finds them and takes them to nearby villages to be raised. To sustain them on this journey, Xan feeds the babies starlight. One year, Xan mistakenly feeds the baby moonlight, which fills the child with magic. Xan decides to raise the girl herself in order to keep those around her safe from her magic. She names the child Luna. The story follows Luna as she grows and discovers her magic while also coming head to head with the real evil of the forest.

Praise for the Blue Moon Investigation series and Steve Higgs: Be prepared to struggle with getting anything else done as you will want to keep reading. Supernatural overtones with a hint of sexual tension interspersed with humor make this a fantastic book. Truly delightful tales of mystery and misadventure. Higgs is a wonderful author with great character development which includes an enticing cast of misfits. A great crime comedy with a group of zany characters. I really enjoyed the book and look forward to the next one. Highly recommended. Higgs makes everything and everyone come alive. Seasons of the Moon Series, Books 1-4: Six Moon Summer, All Hallows' Moon, Long Night Moon, and Gray Moon Rising SM Reine, 2014-03-01 When Rylie went to summer camp, she didn't expect to get bitten by a werewolf and turn into a monster. She also didn't expect to fall in love, especially not with a werewolf hunter. Between ravenous werewolf packs, a bloodthirsty family of hunters, and Rylie's battle with her inner wolf, all the odds are stacked against Rylie's love for Seth. But Seth will do anything to be with her, even if it means turning against his family and sacrificing everything. This is a collection of the first four books in the Seasons of the Moon series. It contains Six Moon Summer, All Hallows' Moon, Long Night Moon, Gray Moon Rising. SIX MOON SUMMER: Rylie's been bitten. She's changing. And now she has three months to find a cure before becoming a werewolf forever. Rylie Gresham hates everything about summer camp: the food, the fresh air, the dumb activities, and the other girls in her cabin. But the worst part is probably being bitten by a werewolf. Being a teenager is hard enough, but now she's craving raw flesh and struggles with uncontrollable anger. If she doesn't figure out a way to stop the transformation, then at the end of summer, her life is worse than ever. She'll be a monster. ALL HALLOWS' MOON: The good girl has become the big bad wolf. Rylie survived a werewolf bite. She's moved to her aunt's ranch to enroll in a new school and continue her life, except now she transforms into a monster every moon and struggles to control her murderous urges. Without many werewolves left, it's hard to stay in hiding. A family of hunters, Eleanor Abel, and Seth recognize the signs and follow Rylie to her new home. They want to stop her before she murders someone, and the only way to do it is with a silver bullet. Seth soon realizes the werewolf is Rylie, the one monster he failed to kill. Worse yet, he's still in love with her. Torn between family and

love Rylie struggles to reconcile her feelings and control the wolf within while Seth fights to do what's right But what is right obeying desire or duty LONG NIGHT MOONSomething is killing innocent people around Rylie Gresham's town The police think it's a wild animal but she has other suspicions There are new kids at school and they have a lot in common with her gold eyes super strength and a habit of turning furry It seems Rylie's not the only werewolf around anymore It's up to Rylie and her werewolf hunting boyfriend Seth to stop the killings But saving lives doesn't come naturally to a monster and territory battles could risk the life of her sickly aunt not to mention her own Rylie has no choice but to stand her ground protect her home and stop the murders before anyone else gets hurt GRAY MOON RISINGIt's been almost a year since Rylie Gresham was bitten by a werewolf on Gray Mountain Now something is beckoning her back to the place she was attacked along with every other werewolf in the world But they aren't the only ones heeding the call A group of hunters notices them gathering and sees it as their chance to wipe out the entire species Seth is about to graduate high school when he learns of the final hunt He secretly plans to save Rylie and his werewolf brother even though he has to play along with the hunters to do it But Rylie doesn't want to be saved She's already decided to solve her problems with a silver bullet if answers aren't waiting on Gray Mountain One way or another everything is about to end whether it means Rylie's liberation or the end of her life dark urban fantasy occult supernatural free fantasy book bargain fantasy book urban dark fantasy paranormal romance werewolves werewolf pack free freebie young adult paranormal keywords urban fantasy paranormal romance urban fantasy romance werewolf romance shapeshifter romance angels demons science fiction romance free urban fantasy novel free books free paranormal exorcist urban fantasy series Public Opinion ,1922 **From the Earth to the Moon** Jules Verne,2011-03-02 Written almost a century before the daring flights of the astronauts Jules Verne's prophetic novel of man's race to the stars is a classic adventure tale enlivened by broad satire and scientific acumen When the members of the elite Baltimore Gun Club find themselves lacking any urgent assignments at the close of the Civil War their president Impey Barbicane proposes that they build a gun big enough to launch a rocket to the moon But when Barbicane's adversary places a huge wager that the project will fail and a daring volunteer elevates the mission to a manned flight one man's dream turns into an international space race A story of rip roaring action humor and wild imagination From the Earth to the Moon is as uncanny in its accuracy and as filled with authentic detail and startling immediacy as Verne's timeless masterpieces 20 000 Leagues Under the Sea and Around the World in Eighty Days **The Sixth Moon and Other Writings** Tom Condon,2004-07 This collection of short stories short essays and verse has something for everyone A plot to steal the Nixon Manuscript A scientist stumbles on a strange society in the middle of the jungle A botanist is destroyed by his own plants A young boy learns about the mystery of life and the universe Who knows what happened to the dinosaur *The school managers' series of reading books. Clark Encyclopedia of Second Temple Judaism provides a comprehensive reference resource of over 600 scholarly articles aimed at scholars and students interested in Judaism of the Second Temple Period. The two volume work is split into four parts. Part One offers a prolegomenon for the contemporary study and appreciation of Second Temple Judaism, locating the discipline in relation to other relevant fields such as Hebrew Bible, Rabbinics, Christian Origins. Beginning with a discussion of terminology, the discussion suggests ways the Second Temple period may be described and concludes by noting areas of study that challenge our perception of ancient Judaism. Part Two presents an overview of respective contexts of the discipline set within the broad framework of historical chronology corresponding to a set of full colour custom designed maps. With distinct attention to primary sources, the author traces the development of historical, social, political and religious developments from the time period following the exile in the late 6th century B.C.E. through to the end of the Bar Kokhba revolt 135 C.E. Part Three focuses specifically on a wide selection of primary source literature of Second Temple Judaism, summarizing the content of key texts and examining their similarities and differences with other texts of the period. Essays here include a brief introduction to the work and a summary of its contents as well as examination of critical issues such as date, provenance, location, language and interpretative matters. The early reception history of texts is also considered and followed by a bibliography specific to that essay. Numerous high resolution manuscript images are utilized to illustrate distinct features of the texts. Part Four addresses topics relevant to the Second Temple Period such as places, practices, historical figures, concepts and subjects of scholarly discussion. These are often supplemented by images, maps, drawings or diagrams, some of which appear here for the first time. Copiously illustrated, carefully researched and meticulously referenced, this resource provides a reliable up to date and complete guide for those studying early Judaism in its literary and historical settings.
