Smugtown U. S. A. Curt Gerling, 1993 *Crisis in Smugtown* P. David Finks, 1979 Modern Manors Sanford M. Jacoby, 1997 Rather it adapted to the challenges of the 1930s and became a powerful though overlooked factor in the history of the welfare state the labor movement and the corporation **The Failure of the Neo-Liberal Approach to Poverty** Brian Caterino, 2022-09-06 This book examines the foundation and progress of the Rochester Monroe Anti Poverty Initiative RMAPI Poverty has once again become a major issue in American cities and nowhere more so than Rochester which has one of the highest rates of poverty in the nation RMAPI was established to reduce poverty yet in the five years since its formation the poverty rate is essentially unchanged Analyzing the reasons behind its failure this book argues that the very nature of the organizational framework is part of the problem and that RMAPI's project is caught up with contradictory imperatives of neo liberal welfare reforms More than just a study of local interest the book uses Rochester as a case study to illuminate the limits of the neo liberal approach to poverty It will appeal to all those interested in political science urban politics community studies welfare policy and public administration The New Medium of Print Frank Cost, 2005 Print is so familiar that it remains invisible to the average person Frank Cost associate dean of the College of Imaging Arts and Sciences at Rochester Institute of Technology and co director of the RIT Printing Industry Center has often wished for a small fun to read book to give to people who were thinking about the world of print for the first time Most of the available introductory books concentrate heavily on the technology but say little about how people actually use print let alone why The New Medium of Print is a new kind of book it provides an introduction to the underlying systems for the creation and distribution of print as well as an exploration of its many and varied contemporary uses This book is the first in the Printing Industry Center Series a co publication of RIT Cary Graphic Arts Press and RIT Printing Industry Center *The End of Loyalty* Rick Wartzman, 2017-05-30 Having a good stable job used to be the bedrock of the American Dream Not anymore In this richly detailed and eye opening book Rick Wartzman chronicles the erosion of the relationship between American companies and their workers Through the stories of four major employers General Motors General Electric Kodak and Coca Cola he shows how big businesses once took responsibility for providing their workers and retirees with an array of social benefits At the height of the post World War II economy these companies also believed that worker pay needed to be kept high in order to preserve morale and keep the economy humming Productivity boomed But the corporate social contract didn't last By tracing the ups and downs of these four corporate icons over seventy years Wartzman illustrates just how much has been lost job security and steadily rising pay guaranteed pensions robust health benefits and much more Charting the Golden Age of the 50s and 60s the turbulent years of the 70s and 80s and the growth of downsizing outsourcing and instability in the modern era Wartzman's narrative is a biography of the American Dream gone sideways Deeply researched and compelling The End of Loyalty will make you rethink how Americans can begin to resurrect the middle class Finalist for the Los Angeles Times

Curran, 2006-05-01 Loyal Dissent is the candid and inspiring story of a Catholic priest and theologian who despite being stripped of his right to teach as a Catholic theologian by the Vatican remains committed to the Catholic Church Over a nearly fifty year career Charles E Curran has distinguished himself as the most well known and the most controversial Catholic moral theologian in the United States On occasion he has disagreed with official church teachings on subjects such as contraception homosexuality divorce abortion moral norms and the role played by the hierarchical teaching office in moral matters Throughout however Curran has remained a committed Catholic a priest working for the reform of a pilgrim church His positions he insists are always in accord with the best understanding of Catholic theology and always dedicated to the good of the church In 1986 years of clashes with church authorities finally culminated in a decision by the Congregation for the Doctrine of the Faith headed by then Cardinal Josef Ratzinger that Curran was neither suitable nor eligible to be a

professor of Catholic theology As a result of that Vatican condemnation he was fired from his teaching position at Catholic University of America and since then no Catholic university has been willing to hire him Yet Curran continues to defend the possibility of legitimate dissent from those teachings of the Catholic faith not core or central to it that are outside the realm of infallibility In word and deed he has worked in support of more academic freedom in Catholic higher education and for a structural change in the church that would increase the role of the Catholic community from local churches and parishes to all the baptized people of God In this poignant and passionate memoir Curran recounts his remarkable story from his early years as a compliant pre Vatican II Catholic through decades of teaching and writing and a transformation that has brought him today to be recognized as a leader of progressive Catholicism throughout the world
