Snapshots Dinah Lenney, 2025-02-06 If pictures are worth a thousand words what kinds of words might they inspire What stories would they tell and would they be joyful or sad elegant or savage Snapshots features 36 such meditations from a diverse group of writers each of whom draws on a photograph from their personal archive to inspire a short essay Intimate and powerful these reflections exhibit a range of sensibilities and experiences offering unique insight into the lives and interests of both established and emerging authors Expressing a dynamic array of styles relationships landscapes and preoccupations Snapshots is an album for our life and times The book includes pieces from the writers below Emilie Pascale Beck Suzanne Berne Aimee Bender Sven Birkerts Kate Carroll De Gutes Stuart Dybek Alex Espinoza Lynell George Amy Gerstler Tod Goldberg Hannah Howard Vanessa Hua Pico Iyer Wayne Koestenbaum Major Jackson Leslie Jamison Dinah Lenney Alex Marzano Lesnevich Aimee Liu Sonja Livingston Attica Locke Dinty W Moore Mara Naselli Naomi Shihab Nye Ivy Pochoda Adriana E Ramirez Sejal Shah Brandon Shimoda Jessica Silvester Aisha Sabatini Sloan Susan Straight Grace Talusan Abigail Thomas Clifford Thompson David L Ulin Diana Wagman *Snapshot Photography* Catherine Zuromskis, 2021-08-24 An examination of the contradictions within a form of expression that is both public and private

specific and abstract conventional and countercultural Snapshots capture everyday occasions Taken by amateur photographers with simple point and shoot cameras snapshots often commemorate something that is private and personal yet they also reflect widely held cultural conventions The poses may be formulaic but a photograph of loved ones can evoke a deep affective response In Snapshot Photography Catherine Zuromskis examines the development of a form of visual expression that is both public and private Scholars of art and culture tend to discount snapshot photography it is too ubiquitous too unremarkable too personal Zuromskis argues for its significance Snapshot photographers she contends are not so much creating spontaneous records of their lives as they are participating in a prescriptive cultural ritual A snapshot is not only a record of interpersonal intimacy but also a means of linking private symbols of domestic harmony to public ideas of social conformity Through a series of case studies Zuromskis explores the social life of snapshot photography in the United States in the latter half of the twentieth century She examines the treatment of snapshot photography in the 2002 film *One Hour Photo* and in the television crime drama *Law and Order: Special Victims Unit* the growing interest of collectors and museum curators in vintage snapshots and the snapshot aesthetic of Andy Warhol and Nan Goldin She finds that Warhol's photographs of the Factory community and Goldin's intense and intimate photographs of friends and family use the conventions of the snapshot to celebrate an alternate version of family values In today's digital age snapshot photography has become even more ubiquitous and ephemeral and significantly more public But buried within snapshot photography's mythic construction Zuromskis argues is a site of democratic possibility

Snapshots of Evolving Traditions Liv Ingeborg Lied, Hugo Lundhaug, 2017-01-23 Scholars of early Christian and Jewish literature have for many years focused on interpreting texts in their hypothetical original forms and contexts while largely overlooking important aspects of the surviving manuscript evidence and the culture that produced it This volume of essays seeks to remedy this situation by focusing on the material aspects of the manuscripts themselves and the fluidity of textual transmission in a manuscript culture With an emphasis on method and looking at texts as they have been used and transmitted in manuscripts this book discusses how we may deal with textual evidence that can often be described as mere snapshots of fluid textual traditions that have been intentionally adapted to fit ever shifting contexts The emphasis of the book is on the contexts and interests of users and producers of texts as they appear in our surviving manuscripts rather than on original authors and their intentions and the essays provide both important correctives to former textual interpretations as well as new insights into the societies and individuals that copied and read the texts in the manuscripts that have actually been preserved to us
