

The background of the cover is a photograph of a rugged, rocky terrain covered in snow. A bright, warm light source, possibly the sun, is positioned in the upper right, creating a strong reflection on the snow and casting long, dark shadows across the rocks. The overall color palette is dominated by the white of the snow, the dark greys and browns of the rocks, and the warm, golden-yellow glow of the light.

The Ghost-dance Religion and the Sioux Outbreak of 1890 James Mooney, 1896 *Roots of Lyric* Andrew

Welsh, 2019-01-29 Folk riddles emblems charms and chants are a few of the traditional forms examined by Andrew Welsh to discover the means by which poetic language achieves its powerful effects His book shows how the roots of lyric are embodied in primitive verse forms how they are raised to higher powers in poetry from the Renaissance to the twentieth century and how an awareness of them can illuminate our reading of the poetry of any age Andrew Welsh is Associate Professor of English at Rutgers University Originally published in 1978 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **Wovoka and the Ghost Dance** Don Lynch, 1997-01-01 The religious fervor known as the Ghost Dance movement was precipitated by the prophecies and teachings of a northern Paiute Indian named Wovoka Jack Wilson During a solar eclipse on New Year's Day 1889 Wovoka experienced a revelation that promised harmony rebirth and freedom for Native Americans through the repeated performance of the traditional Ghost Dance In 1890 his message spread rapidly among tribes developing an intensity that alarmed the federal government and ended in tragedy at Wounded Knee While the Ghost Dance phenomenon is well known never before has its founder received such full and authoritative treatment Indispensable for understanding the prophet behind the messianic movement Wovoka and the Ghost Dance addresses for the first time basic questions about his message and This expanded edition includes a new chapter and appendices covering sources on Wovoka discovered since the first edition as well as a supplemental bibliography *The Founding of Utah* Levi Edgar Young, 1924 **The Ghost-dance Religion and the Sioux Outbreak of 1890** James Mooney, 1991-01-01 Responding to the rapid spread of the Ghost Dance among tribes of the western United States in the early 1890s James Mooney set out to describe and understand the phenomenon He visited Wovoka the Ghost Dance prophet at his home in Nevada and traced the progress of the Ghost Dance from place to place describing the ritual and recording the distinctive song lyrics of seven separate tribes His classic work first published in 1896 and here reprinted in its entirety for the first time includes succinct cultural and historical introductions to each of those tribal groups and depicts the Ghost Dance among the Sioux the fears it raised of an Indian outbreak and the military occupation of the Sioux reservations culminating in the tragedy at Wounded Knee Seeking to demonstrate that the Ghost Dance was a legitimate religious movement Mooney prefaced his study with a historical survey of comparable millenarian movements among other American Indian groups In addition to his work on the Ghost Dance James

Mooney is best remembered for his extraordinarily detailed studies of the Cherokee Indians of the Southeast and the Kiowa and other tribes of the southern plains and for his advocacy of American Indian religious freedom **Earthwalking Sky Dancers** Leila Castle,1996 In this collection Leila Castle has gathered together women writing about spiritual initiation identity and transformation Their pilgrimages are inspired by places sacred to many traditions worldwide among them Old European Goddess geomancy Tibetan Buddhism Native American Peruvian shamanism and Mayan Their stories explore interdependence and autonomy connection to the earth and developing a new spiritual voice They relate journeys to far off Australia Hawaii and Africa as well as to rural England and New Mexico Sometimes they write and about becoming a person vastly different from the wife mother artist student or academic individual who started the journey Inspiring and illuminating these are adventures stories into the unknown and deeply felt Honoring the sacred feminine energy of the earth these women are also working towards rebalancing male and female energies in culture and relationships **The Great American Mosaic** Gary Y.
