Locating Gender in Modernism Geetha Ramanathan, 2012-10-02 This book visits modernism within a comparative gendered and third world framework questioning current scholarly categorisations of modernism and reframing our conception of what constitutes modernist aesthetics It describes the construction of modernist studies and argues that despite a range of interventions which suggest that philosophical and material articulations with the third world shaped modernism an emphasis on modernist universals persists Ramanathan argues that women and third world authors have reshaped received notions of the modern and revised orthodox ideas on the modern aesthetic Authors such as Bessie Head Josiane Racine T Obinkaram Echewa Raja Rao Gabriel Garcia Marquez Sembene Ousmane Salman Rushdie Ana Castillo Attia Hossain Bapsi Sidhwa and Sahar Khalifeh are visited in their specific cultural contexts and use some form of realism a mode that western modernism relegates to the nineteenth century A comparative methodology and extensive research on intersecting topics such as post coloniality and the articulation between gender and modernist aesthetics facilitates readings of the modern in twentieth century literature that fall outside standards of western modernism Considering the relationship between aesthetics and ideology Ramanathan lays out a critical apparatus to enhance our understanding of the modern thus suggesting that form is not universal but that the history of forms like the history of colonialism and of women indicates very specific modalities of the modern

Transnational Cervantes William Childers,2014-03-21 This ambitious work aims to utterly change the way Don Quixote and Cervantes other works are read particularly the posthumous *The Trial of Persiles and Sigismunda* William Childers sets out to free Cervantes work from its context within the histories of the European national literatures Instead he examines early modern Spanish cultural production as an antecedent to contemporary postcolonial literature especially Latin American fiction of the past half century In order to construct his new context for reading Cervantes Childers proceeds in three distinct phases First Cervantes relation to the Western literary canon is reconfigured detaching him from the realist novel and associating him instead with magic realism Second Childers provides an innovative reading of *The Trial of Persiles and Sigismunda* as a transnational romance exploring cultural boundaries and the hybridization of identities Finally Childers explores traces of and similarities to Cervantes in contemporary fiction Theoretically eclectic and methodologically innovative *Transnational Cervantes* opens up many avenues for research and debate aiming to bring Cervantes writings forward into the brave new world of our postcolonial age *From the Edge* Allison E. Fagan,2016-07-14 Chicana o literature frequently depicts characters who exist in a vulnerable liminal space living on the border between Mexican and American identities and sometimes pushed to the edge by authorities who seek to restrict their freedom As this groundbreaking new study reveals the books themselves have occupied similarly precarious positions as Chicana o literature has struggled for economic viability and visibility on the margins of the American publishing industry while Chicana o writers have grappled with editorial practices that compromise their creative autonomy *From the Edge* reveals the tangled textual histories behind some of the most cherished works in the Chicana o literary canon tracing the negotiations between authors editors and publishers that determined how these books appeared in print Allison Fagan demonstrates how the texts surrounding the authors words from editorial prefaces to Spanish language glossaries from cover illustrations to reviewers blurbs have crucially shaped the reception of Chicana o literature To gain an even richer perspective on the politics of print she ultimately explores one more border space studying the marks and remarks that readers have left in the margins of these books *From the Edge* vividly demonstrates that to comprehend fully the roles that ethnicity language class and gender play within Chicana o literature we must understand the material conditions that governed the production publication and reception of these works By teaching us how to read the borders of the text it demonstrates how we might perceive and preserve the faint traces of those on the margins **Tan Lejos de Dios** Ana Castillo,1999-09-01 Tome is a small outwardly sleepy hamlet in central New Mexico In Ana Castillo s hands however it stands wondrously revealed as a place teeming with life and with all manner of collisions the past with the present the real with the supernatural the comic with the horrific the

Native American with the Latino and the Anglo and the women with the men With her talkative intimate voice and stylistic narrative freedom Castillo relates the story of two crowded decades in the life of a Chicano family Engaging the author tells an important story and she tells it with inventiveness and verve Washington Post Book World *Tulsa Studies in Women's Literature* ,2005 **Velvet Barrios** Alicia Gasper De Alba,2016-04-30 In Chicana o popular culture nothing signifies the working class highly layered textured and metaphoric sensibility known as rasquache aesthetic more than black velvet art The essays in this volume examine that aesthetic by looking at icons heroes cultural myths popular rituals and border issues as they are expressed in a variety of ways The contributors dialectically engage methods of popular cultural studies with discourses of gender sexuality identity politics representation and cultural production In addition to a hagiography of locas santas the book includes studies of the sexual politics of early Chicana activists in the Chicano youth movement the representation of Latina bodies in popular magazines the stereotypical renderings of recipe books and calendar art the ritual performance of Mexican femaleness in the quincea era and mediums through which Chicano masculinity is measured *The American Experiment* Karin Susanne Spirn,2003 Melville's Later Novels William B.
