Summers,2015-10-03 Soccer is the fastest growing sport in America almost nine million children between the ages of six and eleven play making it second in that age group behind basketball But because of its only recent explosion in popularity many coaches are about as inexperienced as the children on their teams Directed toward the inexperienced soccer coach but useful for anyone interested in improving their coaching and players abilities this work addresses both the physical and mental aspects of the game It provides a detailed overview of the fundamental skills of controlling shielding defending turning feinting dribbling passing shooting and defending and gives keys to smart play and sportsmanship for coaches and players It also provides tips for adapting the game to different age groups structuring and running practices getting the most out of each match and answering the most common questions asked by coaches and parents Illustrations and diagrams supplement the text The Second Kids' World Almanac of Records and Facts Margo McLoone,Alice Siegel,1987 A reference book containing information grouped in such categories as animals body and health computers and robots language and religion Advanced 8v8 Soccer Randal Erman,2013-11-12 This is a book about youth 8v8 soccer and everything that relates to it If you are a coach a parent a club director or even someone who just wants to understand more about what goes on at these young age groups this book was written for you The golden age of development is not only technical but also tactical as we not only train the players body but also their minds This book is sectioned into a parent portion which talks about concepts spanning from playtime and what it means to manager requirements to the politics of players being borrowed From the coaching side we explore the concepts of playtime the top 3 mistakes made by youth coaches corner kicks team tactics formation strengths and weaknesses and many more concepts and topics This book contains over 25 drills to increase any youth teams technical ability but also tactical knowledge in fun and positive ways

Fields of Screams Barry Reid, 2017-04-25 More than three million children between the ages of six and eighteen played for organized youth soccer teams in the United States last year By far most of them played in the novice and beginning divisions Teams need coaches to guide them particularly in those levels With an average of two coaches per team that means that approximately one hundred thousand coaches coached those kids last season Very few leagues have an overabundance of youth coaches at their disposal It is common for many soccer leagues to beg and plead with parents of soccer players to coach their child's team Far too often leagues pose the threat to parents that their sons or daughters might not be able to play that season unless a parent of a player on the team without a coach steps up and decides to coach If they don't coach their child's seasons may be over before they begin

So You're A Soccer Coach, Now What? : The beginner's guide to coaching youth recreational soccer Michael Simcox, The Baffled Parent's Guide to Coaching Youth Soccer Bobby Clark, 1999-07-19 Written by soccer great and championship Stanford coach Bobby Clark COACHING YOUTH SOCCER THE BAFFLED PARENT'S GUIDE tells you how starting at point zero an uninitiated coach can meld kids into a team and help them enjoy one of the most rewarding experiences of their youth In the end you may be the one who reaps the biggest reward as you watch kids learn and grow in an experience they'll treasure for a lifetime

Critical Perspectives on Minors Playing High-Contact Sports John A. Torres, 2016-12-15 Playing team sports has many benefits and yet high contact sports such as football and rugby have also been linked to serious injuries including concussions and a higher risk of dementia depression and Parkinson's disease How can we weigh the potential benefits of contact sports with their potentially serious risks This text provides primary source evidence from doctors scientists and experts in the field of sports medicine as well as ordinary people's viewpoints in order to help students reach their own conclusions about the risks related to high contact sports
